

Special Announcement

WORLD ORGANISATION OF GENERAL SYSTEMS AND CYBERNETICS

SEVENTH INTERNATIONAL CONGRESS OF CYBERNETICS AND SYSTEMS

Call for papers

This triennial conference will be held in **London, U.K., on September 7–11, 1987**. The Congress is supported by many international bodies concerned with management, labour, computers, systems, cybernetics, technology and the sciences. The Honorary Congress Committee consists of Nobel Prizewinners and other eminent scientists of world repute.

The Seventh Congress will comprise opening and closing sessions, as well as symposia and sections. Provision is also being made for poster sessions, book exhibition, various equipment demonstrations, banquet and social events. Papers are invited for the various section meetings. Topics involve the following domains:

- Artificial and Machine Intelligence (including expert systems and computer chess)
- Automation (including CAD/CAM, FMS, CIM, Robotics)
- Behavioural Sciences
- Biocybernetics
- Brains and Computing Devices
- Computer Languages
- Cybernetics and Art

- Cybernetics and International Relations (including study of conflict)
- Cybernetics and Natural Sciences
- Economic Cybernetics
- Education and Cybernetics
- Environmental Cybernetics and Ecosystems
- Fuzzy Systems
- Information Technology (including data security, development trends)
- Management Cybernetics
- Meaning and Philosophy of Cybernetics
- Medical and Neuro-cybernetics
- Optical and Electronic Computers (including parallel processing)
- Social Cybernetics
- Software Engineering

Deadline for the receipt of papers (containing up to one thousand words, plus an abstract of no more than one hundred words) is 28th February, 1987. Instructions about the format of papers may be obtained from:
