Reflections on History

By Jacob Burckhardt

Jacob Burckhardt, the nineteenth-century Swiss historian and humanist, was a friend of liberty and a skeptic of power. He foresaw the coming of collectivism, and Nietzsche found in Burckhardt an historian who "was not dominated by the general whims and dared to see things realistically." First translated into English in 1943, *Reflections on History* was previously published in the United States under the title *Force and Freedom*. With an introduction by Gottfried Dietze. "No one predicted the modern totalitarian state more accurately" —Reinhold Niebuhr in *The Nation*. "A guided tour through the history of civilization"—*Saturday Review of Literature*. Hardcover \$9.00, Softcover \$4.00.

The New Senate

Liberal Influence on a Conservative Institution, 1959-1972

Michael Foley

The United States Senate has long been regarded as a conservative institution for conservative members. Michael Foley presents a vivid picture of how a group of liberal senators elected in the 1950s and 1960s changed the Senate and were themselves changed in the process. Based on extensive interviews with senators, their staffs, and a host of observers on Capitol Hill, as well as on careful analysis of the written record, this book will undoubtedly become the standard work on the Senate today. \$17.95

Europe between the Superpowers

The Enduring Balance

A. W. DePorte

"If I had to give a prize to the most sensible book written about the role of Western Europe in the postwar international system, A. W. DePorte's would be the winner.... He has brought to this book both his experience as a diplomat and his rigorous training as a historian. It is a rare and perfect blend."—Stanley Hoffmann, Harvard University

The Counter-Revolution of Science Studies on the Abuse of Reason

by F. A. Hayek

“Never will the mind of man penetrate deeper into error than when he is continuing on a road which has led him to great success,” says Nobel Laureate F. A. Hayek. In this book he provides a penetrating analysis of the intellectual errors responsible for many theoretical and social difficulties: the substitution of *scientism* for true science and the use of *scientistic* rather than truly *scientific* method.

Professor Hayek shows how the use of scientistic methods has undermined the study of society while sowing the seeds of the tyranny of social engineering and the totalitarian state. Hardcover \$9.00, Paperback \$4.00.

INDIAN JOURNAL OF POLITICAL SCIENCE

QUARTERLY OF THE INDIAN POLITICAL SCIENCE ASSOCIATION

Independent of government, party or partisan affiliation, *Indian Journal of Political Science* is a research publication committed to promotion of scientific inquiry and analysis in the discipline of political science. The sole national journal in the subject, it publishes contributions from all over the world after competent refereeing. Contemporary concerns of the discipline, various facets of Indian polity, and developments in the "third" and other worlds find reflection in its pages. For India-watchers, the *Journal* is quite indispensable.

The 40th volume includes Raghavan Iyer, "Perspectives and Presuppositions"; Richard Muir, "Political Geography and Political Scientist"; K P Karunakaran, "A New Perspective on Indian Foreign Policy"; Mitra and Singh's "Social Class and Belief System in the Indian Political Elite"; William T. Bluhm *et al*, "Models and Methods in the Empirical Study of Ideology"; Hans Kruse, "Tribal System and Social Stratification—the Case of North Yemen"; Jena & Baral's "A Fresh Look at Vote Banks"; R K Hebsur, "Social and Political Correlates of Urban Migration in India"; Majumdar & Mandal's "Political Awareness of the Voters in West Bengal"; T A Imobighe's "Analysis of Threat Within the African Context" among other articles, besides book reviews and a new feature, "Argument", providing for debate on issues raised in the volume.
