A hundred years ago. H. Rollin	855
Book reviews	856
<i>American Journal of Psychiatry</i> (contents)	862

The *British Journal of Psychiatry* is published monthly under the auspices of the Royal College of Psychiatrists. The BJP publishes original work in all fields of psychiatry. All communications, including manuscripts for publication, should be sent to The Editor, *British Journal of Psychiatry*, 17 Belgrave Square, London SW1X 8PG.

Full instructions to authors are given at the beginning of the January issue.

Two copies of the manuscript should be submitted and the author should retain a copy. Articles must be typed on one side of the paper only, double spaced with wide margins.

Contributions are accepted for publication on the condition that their substance has not been published or submitted for publication elsewhere. The BJP does not hold itself responsible for statements made by contributors. Unless so stated, material in the BJP does not necessarily reflect the views of the Editor or the Royal College of Psychiatrists.

Published articles become the property of the BJP and can be published elsewhere, in full or in part, only with the Editor's written permission.

COLLEGE SEMINARS SERIES

## *Seminars in Psychiatric Genetics*

By P. McGuffin, M.J. Owen, M.C. O'Donovan, A.Thapar & I.I.Gottesman

Psychiatric genetics is one of the most rapidly expanding fields in biological psychiatry and one which promises much for future advances. This book provides a comprehensive coverage of what is known of the genetics of psychiatric disorders, including the dementias, mental retardation, childhood disorders and adult mental illnesses, as well as providing an introduction to the relevant quantitative and molecular genetic methods. This is the first single volume to provide a concise overview of the field of psychiatric genetics.
