The editors prefer electronic submissions. The preferred formats for electronic submissions are PDF or postscript, but other formats, such as Word documents, will be accommodated as best as possible. The author should keep a complete copy of the submitted manuscript and the electronic files from which it was created. After the paper is accepted in its final form, an electronic copy will be appreciated and will advance the final publication date of the paper. It is preferred that papers be prepared in L^AT_EX or other variant of T_EX, especially for manuscripts that include extensive symbolic or mathematical notation. The ASL L^AT_EX style files are available at <http://www.aslonline.org>, but their use is optional. Fifty offprints of each article are supplied at no charge; additional offprints may be purchased if desired.

Postscript files of articles published in the BULLETIN may be downloaded using a Web browser from <http://www.math.ucla.edu/~asl/bs1toc.htm>. All volumes of the BULLETIN also are available online in the JSTOR database.
