Index to Volume 163

Compiled by Linda English

PART I — SUBJECTS	3–14
PART II — CONTRIBUTORS	14–21
PART III — BOOK REVIEWS & BJP REVIEW OF BOOKS	21–23

Abbreviations: BR Brief Report; C Correspondence; R of B *BJP Review of Books*; Suppl. Supplement.

PART I. SUBJECTS

- Activation procedures.** Effect on neuroleptic-induced akathisia. W. Wolfgang Fleischhacker *et al* 781–784
- Adolescence**
Community study of depression in girls
I: Estimates of symptom and syndrome prevalence. Peter J. Cooper and Ian Goodyer 369–374
II: Clinical features of identified disorder. Ian Goodyer and Peter J. Cooper 374–380
Screening and psychological debriefing of survivors of life-threatening events. Paul Stallard and Fergus Law 660–665
- Affect.** As a neurobehavioural probe in the evaluation of hypo-frontality. R. Ramasubbu (C) 260–261
- Affective disorders**
Early-onset. Familial psychiatric illness and obstetric complications. Christian Guth *et al* 492–498
Familial cosegregation with Hailey–Hailey disease. Judith Körner *et al* (BR) 109–110
Length of lithium treatment needed to eliminate high mortality. B. Ahrens *et al*. Suppl. 21, 27–29
Predicting response to lithium treatment. P. Grof *et al*. Suppl. 21, 16–19
Role of gender in familial risk in probands with schizoaffective disorder. Jill M. Goldstein *et al* 763–768
Who responds to prophylactic lithium therapy? M. T. Abou-Saleh. Suppl. 21, 20–26
see also **Bipolar disorder, Depression, Mania, Manic-depression, Melancholia and Seasonal affective disorder**
- Afro-Caribbeans.** Psychiatric admissions in Central Manchester. Christopher S. Thomas *et al* 91–99
- Age**
Ethnicity. Importance of stratification by age. Alyson Callan (C) 551
Negative symptoms and tardive dyskinesia in schizophrenia. Peter F. Liddle *et al* 776–780
see also **Elderly**
- Aggression**
Dangerous behaviour preceding first admissions for schizophrenia. Samuel I. Cohen (C) 547. Mark Humphreys and Eve C. Johnstone (*Authors' reply*) (C) 547
Serum cholesterol and triglycerides. Alyson J. Bond (*Current literature*) 666–668
- Agoraphobia.** Panic disorder. Donald F. Klein (C) 835–836. Isaac Marks *et al* (*Authors' reply*) (C) 836–837
- A hundred years ago.** Henry Rollin
Broadmoor criminal lunatic asylum 264
Case of melancholia; sudden illness and death. By Frank Ashby Elkins 700–701
Homicidal insanity 130
Need of medical evidence in cases of alleged insanity 419
Some lessons of suicide 556–557
Treatment of neurasthenia 840
- Akathisia**
Effect of activation procedures. W. Wolfgang Fleischhacker *et al* 781–784
Serum iron abnormalities in schizophrenic patients. Som D. Soni *et al* (BR) 669–672
- Alcoholism**
Cocaine interactions with alcohol. P. Mannelli *et al*. Suppl. 21, 39–45
Contribution in benzodiazepine fatal poisonings. Marc Serfaty and George Masterton 386–393
Eating disorders. Karen Williams (C) 834–835
Heavy consumption and Alzheimer's disease. Jules Rosen *et al* 358–363
Long-term, high-dose disulfiram in treatment. Colin Brewer (BR) 687–689
Offspring of parents with drinking problems. A. Fernandez (C) 416
- Alzheimer's disease**
Chromosome 14. Different gene, same process? Paul Harrison (*Annotation*) 2–5
Detection in life by medial temporal lobe CT. Michael Philpot and Alistair Burns (*Current literature*) 809–812
History of alcohol consumption. Jules Rosen *et al* 358–363
Lewy bodies. Ian McKeith *et al* (C) 262–263
Lewy body dementia. Richard J. Edwards *et al* (C) 692. Paolo Liberini *et al* (C) 693–694. Hans Förstl (*Author's reply*) (C) 694–695
Neuropathological correlates of behavioural disturbance. Hans Förstl *et al* 364–368
SPECT study of depression in the elderly and dementia. S. M. Curran *et al* 155–165
SPECT study of elderly patients. I. G. McKeith *et al* 597–603
SPECT study of verbal memory. W. Riddle *et al* 166–172
- Amnesia.** Evaluation of a neural network model in diffuse cerebral atrophy. James R. G. Carrie 217–222
- Amyloid precursor protein (APP) gene.** Alzheimer's disease and chromosome 14. Paul Harrison (*Annotation*) 2–5
- Analysis, factor.** Schizophrenia. Positive, negative and disorganisation factors from SADS and PSE. Paul A. Thompson and Herbert Y. Meltzer 344–351
- Anorexia nervosa**
Forced feeding and the law. Colin Lanceley and Ray Travers (C) 835
Gastric emptying and bloating. Sing Lee (C) 128–129
How well are 'cured' patients? U. Windauer *et al* 195–200. L. K. George Hsu (C) 697–698
Neurological complications. Alan Byrne *et al* (C) 418–419

Antidepressants

- Economic evaluation of antidepressant drug therapy.* Donald Eccleston (ed). Suppl. 20, 1–42
 Comparisons of clinical efficacy. I. N. Ferrier 25–28
 Conclusion. George Beaumont 40–42
 Cost management. Alan Maynard 7–13
 Debits and credits in the management of depression. John A. Henry 33–39
 Depression in general practice. Paul Freeling 14–19
 Introduction. Donald Eccleston (ed) 5–6
 Side-effects. John Cookson 20–24
 Suicide in depressed patients. R. J. Daly 29–32
 Long-term treatment in the elderly. Alastair Flint (C) 126. Robin Jacoby (C) 551
see also MAOIs, Tricyclics and individual names
- Antidiuretic hormone (ADH).** Inappropriate secretion and hyponatraemia associated with the use of imipramine. Robert Colgate (BR) 819–822
- Antipsychotics** *see* Neuroleptics and Schizophrenia: psychopharmacology
- Anxiety disorders.** Psychological treatment. Robert C. Durham and Thérèse Allan (*Review article*) 19–26
- Aphonia.** Treatment of hysteria with hypnosis and prokaletic therapy. J. Neeleman and A. H. Mann (BR) 816–819
- Armenia**
 Mental health relief programme after the 1988 earthquake. Armen Goenjian 230–239
 PTSD in children after the 1988 earthquake. Robert S. Pynoos *et al* 239–247
- Asians.** Psychiatric admissions in Central Manchester. Christopher S. Thomas *et al* 91–99
- Attachment theory.** A biological basis for psychotherapy? Jeremy Holmes (*Review article*) 430–438
- Augmentation strategies.** Lithium and T3 in tricyclic non-responders. Russell T. Joffe *et al* 574–578
- Autism.** Handedness. J. Lewin *et al* (BR) 674–676
- Automatism**
 Brain, mind and behaviour. Medico-legal aspects. Peter Fenwick (*Lecture*) 565–573
 PTSD. Jonathan I. Bisson (BR) 830–832

Basal-ganglia. Bipolar disorder following a stroke. Gustavo Turecki *et al* (C) 690

Bateson, Gregory. *Steps to an Ecology of Mind* (Sebastian Kraemer) (*Books reconsidered*) 265–268

Beck Depression Inventory (BDI). Psychiatric morbidity in HIV-positive prisoners. Arthur Dorman *et al* 802–805

Bedford Foulds Personality Deviance Scale. Serum cholesterol, triglycerides and aggression. Alyson J. Bond (*Current literature*) 666–668

Behavioural therapy. Obsessive-compulsive disorder. Evaluation of an in-patient programme. Lynne M. Drummond 223–229

Behaviour disorders. Neuropathological correlates in Alzheimer's disease. Hans Förstl *et al* 364–368

Benzodiazepines. Fatal poisonings in Britain during the 1980s. Marc Serfaty and George Masterton 386–393

Bipolar disorder

Following a left basal-ganglia stroke. Gustavo Turecki *et al* (C) 690

Life events and relapse. Heather McPherson *et al* 381–385
 Prophylactic lithium therapy. M. T. Abou-Saleh. Suppl. 21, 20–26
 Self-esteem in recovered out-patients. D. Pardo *et al* 755–762
see also Manic-depression

Blood-letting. Bulimia nervosa. Keith Brown (C) 129

Bowlby, John. Attachment theory: a biological basis for psychotherapy? Jeremy Holmes (*Review article*) 430–438

Brain

Affect as a neurobehavioural probe in the evaluation of hypofrontality. R. Ramasubbu (C) 260–261

Depression in old age. Reconsideration of cerebral disease in relation to outcome. R. C. Baldwin *et al* 82–90

Genotypes and phenotypes. Search for connections in schizophrenia. Ming T. Tsuang (*Lecture*) 299–307

Mind and behaviour. Medico-legal aspects. Peter Fenwick (*Lecture*) 565–573

Neural network model of amnesia in diffuse cerebral atrophy. James R. G. Carrie 217–222

Pick's Disease. 101 years on. Bob Baldwin and Hans Förstl (*Point of view*) 100–104

Psychiatric presentation of a third ventricular colloid cyst in a mentally handicapped woman. Alison M. Jones (BR) 677–678

Thalamo-frontal psychosis. Iain McGilchrist *et al* (BR) 113–115
see also Basal-ganglia, CT, Dopamine, EEG, Hemispheres, Neurology, PET, Serotonin and SPECT

Brief Psychiatric Rating Scale (BPRS). Ritanserin and reduction of negative symptoms in schizophrenia. S. J. Duinkerke *et al* 452–455

Britain

Benzodiazepine fatal poisonings during the 1980s. Marc Serfaty and George Masterton 386–393

Incidence of dementia in a representative sample. Kevin Morgan *et al* 467–470

Psychopathology and quality of life among mentally ill patients in the community. Richard Warner and Peter Huxley 505–509
see also England and Scotland

Broadmoor criminal lunatic asylum. Henry Rollin (*A hundred years ago*) 264

Bulimia nervosa

Blood-letting. Keith Brown (C) 129

d-Fenfluramine and cognitive therapy. Sing Lee and Kathy Chan (C) 547–548. Thomas A. Fahy (*Author's reply*) (C) 549

Self-damaging and addictive behaviour. J. Hubert Lacey 190–194

Self-mutilation in four historical cases. Brenda Parry-Jones and William L. Parry-Jones 394–402

Buprenorphine. Interactions with cocaine. P. Mannelli *et al*. Suppl. 21, 39–45

Butyrophenones. Metabolism. Review of some recent research findings. J. W. Hubbard *et al*. Suppl. 22, 19–24

Calgary Depression Scale. Assessing depression in schizophrenia. Donald Addington *et al*. Suppl. 22, 39–44

Cannabis

Psychiatric symptoms in users. Huw Thomas (*Review article*) 141–149. Philip McGuire *et al* (C) 698

Psychosis and abuse in The Gambia. M. Rolfe *et al* 798–801

Catatonia. Tension insanity. Wai-Yu Joseph (C) 696

Cerebrospinal fluid. Low levels of 5-HIAA and HVA and early mortality. William O. Faustman *et al* 519–521

Childbirth *see* Obstetric complications and Puerperium

Childhood

Child-rearing. Befriending young mothers. A. D. Cox (*Annotation*) 6–18

Familial psychiatric illness and obstetric complications in early-onset affective disorder. Christian Guth *et al* 492–498

Psychiatric syndromes with a somatic presentation. Sebastian Kraemer (C) 126

PTSD in children after the 1988 Armenian earthquake. Robert S. Pynoos *et al* 239–247

Sexual abuse and mental health in adult life. Paul E. Mullen *et al* 721–732

Sexual experiences with adults. Comparison of reports by women psychiatric patients and general-practice attenders. R. L. Palmer *et al* 499–504

South London somatisation study. I: Longitudinal course and the influence of early life experiences. T. K. J. Craig *et al* 579–588

- Children's Post-traumatic Stress Disorder Reaction Index.** PTSD in children after an earthquake. Robert S. Pynoos *et al* 239–247
- Cholesterol**
 Low serum concentration and serotonin receptor subtypes. Serdar M. Dursun and Michael A. Reveley (C) 417–418
 Low serum concentration and suicide. F. Coulter *et al* (C) 696–697
 Triglycerides and aggression in the general population. Alyson J. Bond (*Current literature*) 666–668
- Chromosomes** *see* Genetics
- Clinical Interview Schedule.** Epilepsy and psychiatric disturbance. Ebe Fiordelli *et al* 446–450
- Clinical trials**
 New neuroleptics. Methodological and design issues. A. George Awad. Suppl. 22, 51–57
 Non-biological factors. W. Gaebel. Suppl. 22, 45–50
- Clozapine**
 Negative symptoms in schizophrenia. Yun-Kwok Wing (C) 121
 Oedipus at Delphi. David Healy (C) 119–121
 Psychotic refractory depression. Daniel Dassa *et al* (BR) 822–824
 Rechallenge after neuroleptic malignant syndrome. Marie Giacardi-Paty *et al* (C) 121–122
 Treatment-resistant schizophrenic patients in the UK. Clozapine Study Group 150–154
- Cocaine**
 Prediction in drug abuse: interactions with alcohol and buprenorphine. P. Mannelli *et al*. Suppl. 21, 39–45
 Treatment of abuse with MAOIs. Colin Brewer (BR) 815–816
- Cognitive-behavioural therapy.** An Eysenck for the 1990s? F. Margison and G. McGrath (C) 124–125
- Cognitive impairments.** Patients with SAD. John T. O'Brien *et al* 338–343
- Cognitive therapy.** d-Fenfluramine in bulimia nervosa. Sing Lee and Kathy Chan (C) 547–548. Thomas A. Fahy (*Author's reply*) (C) 549
- Columbia atypical depression.** Subgroup with better response to MAOIs than to tricyclics or placebo. Frederic M. Quitkin *et al*. Suppl. 21, 30–34
- Community care**
 A social atmosphere which tolerates eccentrics. John Lindsay (C) 554–555
 Attitudes to mental illness. David Southgate (C) 123–124
 Community Treatment Orders. Graham Ridley (C) 417
 Controlled trial of home-based acute psychiatric services. Tom Burns *et al*
 I: Clinical and social outcome 49–54
 II: Treatment patterns and costs 55–61
 John R. Taylor (C) 552–553
 Psychopathology and quality of life among mentally ill patients. British and US samples compared. Richard Warner and Peter Huxley 505–509
- Computerised tomography (CT)**
 Can it be used to predict early treatment response in schizophrenia? J. Schröder *et al*. Suppl. 21, 13–15
 Detection of Alzheimer's disease using a simple measurement of medial temporal lobe atrophy. Michael Philpot and Alistair Burns (*Current literature*) 809–812
 Newly diagnosed schizophrenia and schizophreniform disorder. Pia Rubin *et al* 604–612
- Computer simulations** *see* Neural network models
- Conversion disorder**
 Child psychiatric syndromes with a somatic presentation. Sebastian Kraemer (C) 126
 Treatment of hysterical aphonia with hypnosis and prokaletic therapy. J. Neeleman and A. H. Mann (BR) 816–819
- Coping strategies.** Schizophrenic patients. Relationship to outcome. Peter W. H. Lee *et al* 177–182
- Cost management.** Antidepressant drug therapy. Economist's viewpoint. Alan Maynard. Suppl. 20, 7–13
- Criminality**
 Automatism and PTSD. Jonathan I. Bisson (BR) 830–832
 Broadmoor criminal lunatic asylum. Henry Rollin (*A hundred years ago*) 264
 Homicidal insanity. Henry Rollin (*A hundred years ago*) 130
 Soviet special psychiatric hospitals. Where the system was criminal and the inmates were sane. Nanci Adler and Semyon Gluzman 713–720
see also Medico-legal issues and Prisons
- Cross-National Panic Study.** Subtyping panic disorder. Andrew C. Briggs *et al* 201–209
- CT** *see* Computerised tomography
- Delusions**
 Acting on delusions
 I: Prevalence. S. Wessely *et al* 69–76
 II: Phenomenological correlates. Alec Buchanan *et al* 77–81
 Case of melancholia; sudden illness and death. By Frank Ashby Elkins. Henry Rollin (*A hundred years ago*) 700–701
 Partial form of lycanthropy with hair delusion in a manic-depressive patient. H. Verdoux and M. Bourgeois (BR) 684–686
- Dementias**
 Alzheimer's disease and Lewy body dementia. Richard J. Edwards *et al* (C) 692. Paolo Liberini *et al* (C) 693–694. Hans Förstl (*Author's reply*) (C) 694–695
 Clinical studies. Alistair Burns and Raymond Levy (C) 261–262. V. Prasher and V. H. R. Krishnan (C) 262
 Down's syndrome and superoxide dismutase. V. P. Prasher and M. Cheung Chung (C) 552
 Epidemiology of vascular dementia. J. Serra-Mestres (C) 415–416
 Incidence in a representative British sample. Kevin Morgan *et al* 467–470
 Pick's disease. 101 years on. Bob Baldwin and Hans Förstl (*Point of view*) 100–104
 SPECT study of depression in the elderly and dementia. S. M. Curran *et al* 155–165
 SPECT study of elderly patients. I. G. McKeith *et al* 597–603
 SPECT study of verbal memory. W. Riddle *et al* 166–172
see also Alzheimer's disease
- Denmark**
 Maternal influenza and the aetiology of schizophrenia. An analysis of data. W. Adams *et al* 522–534
 Psychiatric morbidity in Huntington's disease patients, their relatives and controls. Admissions to psychiatric hospitals 1969 to 1991. Per Jensen *et al* 790–797
- Depression**
 Aetiology. Human sleep, sleep loss and behaviour. D. Ebert (C) 263–264
 Complications
 Assessment in schizophrenia. Calgary Depression Scale. Donald Addington *et al*. Suppl. 22, 39–44
 Laryngectomy. Alan Byrne *et al* 173–176
 SPECT study in the elderly and dementia. S. M. Curran *et al* 155–165
 State-dependent pain in winter depression. S. C. Dilsaver *et al* (BR) 672–674
 Epidemiology. Community study in adolescent girls
 I: Estimates of symptom and syndrome prevalence. Peter J. Cooper and Ian Goodyer 369–374
 II: Clinical features of identified disorder. Ian Goodyer and Peter J. Cooper 374–380
 Physiopathology. Salivary testosterone levels and major illness in men. Rick Driscoll and Christopher Thompson (C) 122–123. Brian Harris *et al* (*Authors' reply*) (C) 123
 Prognosis
 In the elderly. Comparison with younger patients. Henry Brodaty *et al* 589–596

- Old age. Reconsideration of cerebral disease in relation to outcome. R. C. Baldwin *et al* 82–90. Christopher Ball (C) 555
- Do psychosocial factors influence outcome in severely depressed female in-patients? Bernice Andrew *et al* 747–754
- Psychology*. Self-esteem in recovered bipolar and unipolar out-patients. D. Pardo *et al* 755–762
- Scales*
- Assessment in schizophrenia. Calgary Depression Scale. Donald Addington *et al*. Suppl. 22, 39–44
- What do depression rating scales measure? Philip Snaith (*Review article*) 293–298
- Therapy*
- Clozapine in the treatment of psychotic refractory depression. Daniel Dassa *et al* (BR) 822–824
- Columbia atypical depression. Subgroup with better response to MAOIs than to tricyclics or placebo. Frederic M. Quitkin *et al*. Suppl. 21, 30–34
- Fluoxetine-induced mania in a patient with post-stroke depression. Marcelo L. Berthier and Jaime Kulisevsky (C) 698–699
- Percutaneous endoscopic gastrostomy and severe endogenous depression. A. Hussain *et al* (C) 699–700
- Predicting results with levoprotline and maprotiline: role of outcome criteria. V. Filip *et al*. Suppl. 21, 35–38
- see also Antidepressants and Puerperium*
- Diagnoses**
- Agreement in psychiatry. M. W. Bernadt and J. S. Emmanuel (C) 549–550. Toshiaki Furukawa (C) 550. Ahmed Okasha (*Author's reply*) (C) 550
- Persistence of decline in schizophrenia. First admissions to Scottish hospitals 1969 to 1988. John R. Geddes *et al* 620–626
- Recognising psychiatric symptoms. Relevance to the diagnostic process. G. E. Berrios and E. Y. H. Chen 308–314
- Diazepam**. Benzodiazepine fatal poisonings. Marc Serfaty and George Masterton 386–393
- Dissociative episodes**. Automatism and PTSD. Jonathan I. Bisson (BR) 830–832
- Disulfiram**. Long-term, high dose in the treatment of alcohol abuse. Colin Brewer (BR) 687–689
- Dopamine**
- D2 receptor blockade by antipsychotics. Investigation using PET. Stephen J. List and John M. Cleghorn. Suppl. 22, 25–30
- D2 receptor occupancy *in vivo* and response to risperidone. R. W. Kerwin *et al* (C) 833–834
- Receptors and antipsychotic drug response. Roger K. Sunahara *et al*. Suppl. 22, 31–38
- Dothiepin**. Failure to demonstrate prophylactic efficacy. Stuart A. Montgomery (C) 257–258. Robin Jacoby and Daniel Lunn (*Authors' reply*) (C) 258
- Down's syndrome**
- Clinical studies of the dementias. V. Prasher and V. H. R. Krishnan (C) 262
- Dementia and superoxide dismutase. V. P. Prasher and M. Cheung Chung (C) 552
- Handedness. J. Lewin *et al* (BR) 674–676
- Mania. V. P. Prasher (C) 417
- Drugs**
- Distribution of adipose tissue in patients receiving psychotropic drugs. Justin Hay (C) 126–127
- Oedipus at Delphi. Pharmaceutical ethics. David Healy (C) 119–121
- Psychosocial impact of HIV infection in users. Costanzo Gala *et al* 651–659
- Relapse following withdrawal of addiction. Rezaul Islam (C) 699
- Self-damaging and addictive behaviour in bulimia nervosa. J. Hubert Lacey 190–194
- see also Alcoholism, Antidepressants, Benzodiazepines, Buprenorphine, Butyrophenones, Cannabis, Clozapine, Cocaine, Diazepam, Disulfiram, Dothiepin, d-Fenfluramine, Fluoxetine, Imipramine, Levoprotline, Lithium, MAOIs, Maprotiline, Neuroleptics, Opiates, Paracetamol, Phenelzine, Phenothiazines, Poppy tea, Psychopharmacology, Risperidone, Ritanserin, Temazepam, Tranylcypropramine, Tricyclics and Trilodothyrone*
- DSM-III**
- Columbia atypical depression. Frederic M. Quitkin *et al*. Suppl. 21, 30–34
- Gender in familial schizoaffective disorder. Jill M. Goldstein *et al* 763–768
- Predicting therapeutic results in major depression. V. Filip *et al*. Suppl. 21, 35–38
- DSM-III, III-R & IV**. PTSD. Psychiatric injury after Hillsborough. Charles Pugh and Michael R. Trimble (*Annotation*) 425–429
- DSM-III-R**
- Community study of depression in adolescent girls
