# Pediatric Cardiac Care at All Children's Hospital

All Children's Hospital in St. Petersburg, Florida provides expert pediatric care for children from across the state of Florida and beyond. We offer the full spectrum of pediatric cardiac care, from the unborn child through adults with congenital heart disease, in our new 259-bed hospital. In April 2011, All Children's became a fully integrated member of Johns Hopkins Medicine and the only U.S. hospital outside the Baltimore-Washington, D.C. region to achieve this distinction. Together we are integrating treatment, research and education to provide world-class care and achieve the best outcomes for children.

## Our Cardiac Services feature:

- 2 dedicated cardiac operating suites
- 2 OR-capable cath labs
- Interventional radiology lab
- 22-bed Cardiovascular Intensive Care Unit
- Neonatal & pediatric heart transplantation
- Clinic for adults with congenital heart disease
- Outpatient cardiology & diagnostic services
- Network of regional outpatient care centers
- Transport via ambulance, helicopter or fixed-wing aircraft

## A HOLISTIC APPROACH TO HYPOPLASTIC LEFT HEART SYNDROME AND OTHER EVOLVING CHALLENGES IN PEDIATRIC AND CONGENITAL CARDIAC DISEASE

Editor:

Jeffrey P. Jacobs

Introduction to the supplement: a holistic approach to hypoplastic left heart syndrome and other evolving challenges in paediatric and congenital cardiac disease <i>Jeffrey P. Jacobs</i>	1
<b>Part 1: A Holistic Approach to Hypoplastic Left Heart Syndrome</b>	
What is a ventricle? <i>Robert H. Anderson, Timothy J. Mobun, Antoon F. M. Moorman</i>	14
Hypoplastic left heart syndrome and other left heart disease: evolution of understanding from population-based analysis to molecular biology and back again – a brief overview <i>Joel I. Brenner, Karen Kuebl</i>	23
Echocardiography of hypoplastic left heart syndrome <i>Thieu Nguyen, Michelle Miller, Javier Gonzalez, Katherine Nardell, James Galas, John B. John, Stan Timofeev, Rich Lambou, Kathryn Douglas, Gerald Marx</i>	28
Neonatal surgical reconstruction and peri-operative care for hypoplastic left heart syndrome: current strategies <i>Stephanie Fuller, Nancy Ghanayem, Paul Chai, John Nigro, Thomas Kleisli, Sarah Tabbutt</i>	38
The hybrid approach – current knowns and unknowns: the perspective of cardiology <i>Jeremy M. Ringewald, Gary Stapleton, Elsa J. Sub</i>	47
Primary care cardiology for patients with hypoplastic left heart syndrome <i>Jeffrey R. Boris</i>	53
Feeding, growth, nutrition, and optimal interstage surveillance for infants with hypoplastic left heart syndrome <i>David A. Hehir, David S. Cooper, Elizabeth M. Walters, Nancy S. Ghanayem</i>	59
Late catheter interventions in hypoplastic left heart syndrome <i>Jacqueline Kreutzer, Joseph N. Graziano, Gary Stapleton, Jonathan J. Rome</i>	65
New concepts: development of a survivorship programme for patients with a functionally univentricular heart <i>David J. Goldberg, Kathryn Dodds, Jack Rychik</i>	77
Long-term management of patients with hypoplastic left heart syndrome: the diagnostic approach at All Children's Hospital <i>Gul H. Dadlani, Katherine Braley, Elimarys Perez-Colon, Gary Stapleton, Marguerite Crawford, Dima Turpin, Ivan Wilmot, Grace Freire, Jamie Decker, Richard Martinez</i>	80

Table of Contents *continued*

Neurodevelopment and quality of life for children with hypoplastic left heart syndrome: current knowns and unknowns <i>Caren S. Goldberg, Kathleen Mussatto, Daniel Licht, Gil Wernovsky</i>	88
Longer-term issues for young adults with hypoplastic left heart syndrome: contraception, pregnancy, transition, transfer, counselling, and re-operation <i>Sameh M. Said, Joseph A. Dearani, Candice K. Silversides, Richard M. Martinez, David B. Draxpuch</i>	93
Resuscitation and Extracorporeal Life Support during Cardiopulmonary Resuscitation following the Norwood (Stage 1) operation <i>Heidi J. Dalton, Dawn Tucker</i>	101
Extracorporeal cardiopulmonary resuscitation for post-operative cardiac arrest: indications, techniques, controversies, and early results – what is known (and unknown) <i>Paul J. Chai, Jeffrey P. Jacobs, Heidi J. Dalton, John M. Costello, David S. Cooper, Roxanne Kirsch, Tami Rosenthal, Joseph N. Graziano, James A. Quintessenza</i>	109
Intermediate-term outcomes after paediatric cardiac extracorporeal membrane oxygenation – what is known (and unknown) <i>John M. Costello, David S. Cooper, Jeffrey P. Jacobs, Paul J. Chai, Roxanne Kirsch, Tami Rosenthal, Heidi J. Dalton, Joseph N. Graziano, James A. Quintessenza</i>	118
Management of children undergoing cardiac transplantation with high Panel Reactive Antibodies <i>Alfred Asante-Korang, Jeffrey P. Jacobs, Jeremy Ringwald, Jennifer Carapellucci, Kristin Rosenberg, Daniel McKenna, Jorge McCormack, Ivan Wilmot, Abigail Gjeldum, Mayra Lopez-Cepero, John Sleasman</i>	124
<b>Part 2: Ethical Considerations Associated with Caring for Patients with Hypoplastic Left Heart Syndrome</b>	
Informed consent, bioethical equipoise, and hypoplastic left heart syndrome <i>Constantine Mavroudis, Constantine D. Mavroudis, Ruth M. Farrell, Marshall L. Jacobs, Jeffrey P. Jacobs, Eric D. Kodish</i>	133
Foetal cardiac intervention: an ethical perspective <i>Constantine D. Mavroudis</i>	141
Changing attitudes to the management of hypoplastic left heart syndrome: a European perspective <i>Bari Murtuza, Martin J. Elliott</i>	148
<b>Part 3: Featured Topics</b>	
Joint programmes in paediatric cardiothoracic surgery: a survey and descriptive analysis <i>William M. DeCampi</i>	159
Developing the evidence base for the new guidelines for reduction of cardiovascular risk for children by the National Heart, Lung, and Blood Institute <i>Samuel S. Gidding</i>	165
12th Annual C. Walton Lillehei Memorial Lecture in Cardiovascular Surgery: Fontan conversion – the Chicago experience* <i>Carl L. Backer</i>	169

ARNOLD PALMER HOSPITAL  
For Children

Supported by Arnold Palmer Medical Center Foundation

THE HEART CENTER

## THE LEADER IN CHILDREN'S HEALTHCARE

We set out to make kids feel better.  
We ended up becoming one of the best.

One of the largest integrated medical campuses in the United States, Arnold Palmer Medical Center is home to Arnold Palmer Hospital for Children and Winnie Palmer Hospital for Women & Babies.

### The Leader in Children's Healthcare

In 2011, Arnold Palmer Hospital was ranked once again as one of "America's Best Children's Hospitals" by *U.S. News & World Report* in Cardiology & Cardiac Surgery and Orthopedics. As the only hospital in Orlando to receive this distinction, Arnold Palmer Hospital continues to be the leader in children's healthcare in Central Florida.

Specializing in Pediatric Cardiology and Cardiac Surgery, The Heart Center features:

- Hybrid Catheterization/Surgical Laboratory
- 20-bed Cardiac Intensive Care Unit
- ICAEL Accredited Echocardiography Laboratory
- Fetal Cardiac Intervention Program
- Adult Congenital Heart Disease Program
- Cardiac Neurodevelopmental Clinic
- Advanced Cardiac Support Program
- Ultra-high-speed 128-Slice CT Scanner
- Cardiac MRI
- Cardiac Family Advisor Council
- Teaching and Research Affiliation with the University of Central Florida College of Medicine

### Winnie Palmer Hospital for Women & Babies

Committed to the needs of women and babies, Winnie Palmer Hospital is a 285-bed facility complete with a Level III Neonatal Intensive Care Unit.

### Dedicated. Focused. Strong.

Arnold Palmer Medical Center brings together the strength of dedicated physicians and focus of specialty care for children, women and babies. To learn more, visit [arnoldpalmerhospital.com](http://arnoldpalmerhospital.com) or call 321.8HEALTH (321.843.2584).
