### Law & Society Review Condensed Style Sheet

Type manuscripts double-spaced on one side of the paper only. While manuscripts need not conform to this style sheet at the time of submission, all manuscripts must include an abstract, footnotes, and a list of references, and all accepted manuscripts must be revised by the authors to conform to the *Review*'s style. The rules listed below supplement the manuscript information on the inside front cover of the *Review*. Authors are urged to consult *Review* issues in volume 26 or later for further illustrations. A detailed style sheet is available from the Editorial Office.

- 1. Abstracts. All manuscripts should include an abstract of not more than 100 words. No abstracts are required for review essays or comments.
- 2. Footnotes. Footnotes should be numbered sequentially (except for the author's footnote) and printed on pages immediately following the text (not at the foot of the page). They should contain only substantive comments and additional references not immediately relevant to the text.
- 3. Tables and Figures. Tables should approximate the appearance of printed tables. Figures should be camera ready; provide originals, not xerographic copies. Tables and/or figures should be placed at the end of the text, after footnotes, appendixes, and references. Their location within the text should be indicated as follows:

### Table 1 about here

**4. Citations.** All notes that consist merely of supporting citations should be placed in parentheses in the text. For example:

In a thoughtful essay, Hayden (1991) . . .

OR

Media stories often portray the civil jury as generous (Daniels & Martin 1986:236; Hans 1989: Huber 1988).

The same general rules apply to footnote text.

5. References. References are placed at the end of the manuscript following the footnotes. The list should contain only those sources actually cited in text or notes. Give authors' names as they appear in the original source. For more than one publication by the same author, list them in chronological order, with the older item first. For more than one publication in one year by the same author, use small (lower-case) letters to distinguish them (e.g., 1970a, 1970b).

BOOKS: Last Name, First Name (year) Title of Book. City: Publisher.

Example: Lerner, Melvin J. (1980) Belief in a Just World. New York: Plenum.

### CHAPTER IN EDITED VOLUME:

Example: Glazer, Nathan (1979) "The Judiciary and Social Policy," in L. Theberge, ed., The Judiciary in a Democratic Society. Lexington, MA: Lexington Books.

ARTICLES: Last Name, First Name (Year) "Title of Article," volume number Journal page numbers of article. (Give month or issue number if each issue is separately paginated.)

Examples: Padgett, John F. (1990) "Plea Bargaining in Prohibition," 24 Law & Society Rev. 413-50.

Brill, Steven, & James Lyons ((1986) "The Not-So-Simple Crisis," <u>American Lawyer</u> 12–15 (May).

#### UNPUBLISHED PAPERS:

Example: Lofquist, William S. (1991) "The Development of Organizational Probation." Presented at American Society of Criminology annual meeting, San Francisco.

All cases cited in text are listed under "Cases Cited" following the References. All statutes cited are listed under "Statutes Cited." For style for cases and statutes, see A Uniform System of Citation.

### **HATE CRIMES**

CRIMINAL LAW AND IDENTITY POLITICS **JAMES B. JACOBS** 

**AND KIMBERLY POTTER** "Hate Crimes shines with the authors' passion for

justice, and its meticulously argued verdict ought to make even the staunchest supporters of hate-crimes laws think twice."—Jonathan Rauch, author of Kindly Inquisitors: The New Attacks on Free Thought

"This slim, well-written volume does the legal heavy lifting of many books five times its size...an essential guide to the origin, politics, and enforcement of hate crime laws."—The New York Times Book Review The authors contend that hate crime as a socio-legal category represents the elaboration of an identity politics now manifesting itself in many areas of the law. They show how the recriminalization of hate crime has little (if any) value with respect to law enforcement or criminal justice and how it can actually impede racial and inter-group harmony. ### **BLOODY CONSTRAINT**

CHIVALRY IN SHAKESPEARE **THEODOR MERON** 

Meron considers the ways in which law, chivalry, morality, conscience, and state necessity are deployed in Shakespeare to promote a society in which soldiers behave humanely and leaders are held to high standards of civilized behavior. In doing so, he illustrates the literary genealogy of such contemporary international humanitarian concerns as the treatment of prisoners and women and accountability for war crimes.

### THE KILLING STATE

CAPITAL PUNISHMENT IN LAW, POLITICS, AND CULTURE

### **EDITED BY AUSTIN SARAT**

Collecting work by several notable scholars, this book explains why the United States still clings to capital punishment long after other democratic nations have abandoned it. It also exhibits a new way of thinking about state killing that goes beyond abstract moral argument and

narrow policy debate to assess its impact on our legal system, its powerful symbolic appeal, and its place in today's "culture wars."

1998 288 pp. \$35.00

### THE BURGER COURT

COUNTER-REVOLUTION OR CONFIRMATION?

## EDITED BY THE LATE BERNARD SCHWARTZ

"Bernard Schwartz leaves a legacy of fascinating essays, compiled and edited with intellect, honesty, and perceptiveness."—Nina Totenberg, *National Public Radio* 

"This book represents the last major work edited by the late Bernard Schwartz, whom Anthony Lewis once termed 'the most committed, productive legal scholar of our time.' Following *The Warren Court: A Retrospective*, it is the second volume of a trilogy that proposes to cover our last three Supreme Courts. Schwartz selected scholars, journalists, historians, and judges to present a view that is both composite and unique. From Garrow to Graglia, from Brennan to Bell, this book offers to practitioners, scholars, and jurists an examination of that most intriguing Court that separates the conflicting models of the Warren and Rehnquist benches."—Robert Henry 1998 328 pp. \$49.95

# THE LOST WORLD OF CLASSICAL LEGAL THOUGHT

LAW AND IDEOLOGY IN AMERICA, 1886-1937 **WILLIAM M. WIECEK** 

"William Wiecek's *The Lost World of Classical Legal Thought* is a remarkable achievement. It has an extraordinary sweep, synthesizing with admirable clarity a transformation of enormous scope and importance."—Richard Friedman, Oxford University

Wiecek explores the outlook—often called "legal orthodoxy" or "classical legal thought"—which assumed that law was apolitical, determinate, objective, and neutral. It was at last abandoned in the "constitutional revolution of 1937," but, as Wiecek argues in this detailed analysis, nothing has arisen since to replace it as an explanation of what law is and why courts have such broad power in a democratic society.

# AMERICAN YOUTH VIOLENCE

### FRANKLIN E. ZIMRING

This is the definitive examination of adolescent violence in the United States as both a social phenomenon and a policy problem. The book sets forth comprehensive and dispassionate analyses of three key areas of youth violence policy: adolescent firearms possession and use, standards for transfer from juvenile

to criminal court jurisdiction, and legal sanctions for adolescents who kill. Zimring also offers an appropriate set of responses to youth violence that are consistent with a positive future for the juvenile court and for America's children.

## LANGUAGE AND LEGAL DISCOURSE

### **Just Words**

Law, Language, and Power

### John M. Conley and William M. O'Barr

"From their careful analyses of discourse in legal settings as diverse as rape trials and divorce mediations, Conley and O'Barr demonstrate convincingly that power relationships pervade legal process. Just Words is both an engaging introduction to the study of legal anthropology, and a model for how such work should be done."—Lawrence M. Solan, Brooklyn Law School

Language and Legal Discourse

### **The Common Place of Law**

Stories from Everyday Life

### Patricia Ewick and Susan S. Silbey

"The Common Place of Law will become a classic in socio-legal studies because it is as perceptive and subtle in its treatment of method as in its findings and insights of substance. Social scientists, scholars of literature, citizens interested in public affairs, civil rights advocates, and students will find this book fascinating and important."

—Martha Minow, Harvard Law School

Language and Legal Discourse

### **Pronouncing and Persevering**

Gender and the Discourses of Disputing in an African Islamic Court

### Susan F. Hirsch

Pronouncing and Persevering focuses closely on the language used in disputes, particularly how men and women narrate their claims and how their speech shapes and is shaped by gender hierarchy in postcolonial Swahili society. Based on field research and court testimony, Hirsch's book debunks the conventional view that women are powerless under Islamic law and challenges the dichotomies through which Islam and gender relations are currently understood.
