# Industrial and Organizational Psychology

## Perspectives on Science and Practice

### Special Pandemic Issue

**Including focal article with commentaries:**

*Pandemics: Implications for research and practice in industrial and organizational psychology*

**Cort W. Rudolph, Blake Allan, Malissa Clark, Guido Hertel, Andreas Hirschi, Florian Kunze, Kristen Shockley, Mindy Shoss, Sabine Sonnentag, and Hannes Zacher**

# **Industrial and Organizational Psychology Perspectives on Science and Practice**

The novel format of the journal focuses on an interactive exchanges on topics of importance to science and practice in the field of industrial and organizational psychology. The journal takes a focal article–peer commentary format.

A focal article is a position paper on an important issue for the field (or potentially a pair of papers taking opposite sides in a debate). Such a focal article might summarize evidence on an issue and take a position as to implications for science, practice, or public policy. The paper might focus on a basic science issue, an applied science issue, a practice issue, or a public policy issue; many would be a blend. The focal article is then followed by a series of peer commentaries. These could challenge or critique the original article, expand on issues not addressed in the focal article, or draw out implications not developed in the focal article. The goal is to include commentaries from various perspectives, including science, practice, and international perspectives.

## **A journal of the Society for Industrial and Organizational Psychology**

SIOP is the premier membership organization for those practicing and teaching I-O psychology. While an independent organization with its own governance, SIOP is also a division within the American Psychological Association and an organizational affiliate of the Association for Psychological Science.

SIOP membership includes online access to all issues of the journal as well as an optional print copy. Individuals can become members at <http://www.siop.org/Dues/payment.aspx>. Membership rates are \$110 for professional members (Fellows, Members, Associates, International Affiliates) and \$55 for Student Affiliates & Retired statuses.
