The T.M.C. Asser Instituut was founded in 1965 by the Dutch universities offering courses in international law to promote education and research in the fields of law covered by the departments of the Institute: Private International Law, including International Commercial Arbitration, Public International Law and Law of the European Communities. The Institute discharges this task by the establishment and management of documentation and research projects, in some instances in co-operation with non-Dutch or international organisations, by the dissemination of information deriving therefrom and by publication of monographs and series. In addition, the Institute participates in the editing of the Yearbook Commercial Arbitration and in the editing and publishing of, *inter alia*, the Netherlands International Law Review and the Netherlands Yearbook of International Law.
