*Introducing the first textbook
to present cognitive science
as a discipline in its own right*

Cognitive Science

**An Introduction to the Science
of the Mind**

José Luis Bermúdez

This exciting textbook introduces students to the dynamic area of cognitive science – the scientific study of the mind and cognition. Organized thematically instead of by discipline, this is the first textbook to present a unified view of cognitive science.

Features:

- Lively, full colour presentation with overviews, examples, illustrations, exercises, summaries and checklists to aid learning and help students to find and retain information for papers and exams
- Students are introduced to the cognitive scientist's "toolkit" – the vast range of techniques and tools that cognitive scientists can use to study the mind
- Draws on cutting-edge research and new developments to explore both the achievements that cognitive scientists have made, and the challenges that lie ahead
- An accompanying website provides sample syllabuses, PowerPoint slides, and links to supplementary material

"The text is engaging, well-crafted for an undergraduate audience, and is sure to inspire a generation of students"

Michael Spivey, University of California, Merced

"This book's breadth and depth of coverage is truly impressive. Bermudez explicates the science of the mind in a sophisticated yet understandable fashion, from its traditional roots in symbol processing to exciting new advances in dynamic, embodied, and situated cognition."

*Rob Goldstone, Professor of Psychology and Director,
Cognitive Science Program, Indiana University*

Editor-in-Chief

Mary McGroarty, Northern Arizona University, USA

Annual Review of Applied Linguistics reviews research in key areas in the broad field of applied linguistics. Each issue is thematic, covering the topic by means of critical summaries, overviews and bibliographic citations. Every fourth or fifth issue surveys applied linguistics broadly, offering timely essays on language learning and pedagogy, discourse analysis, teaching innovations, second language acquisition, computer-assisted instruction, language use in professional contexts, sociolinguistics, language policy, and language assessment, to name just a few of the areas reviewed. It provides over 500 new citations each year.

Editors

Catherine O. Ringen, University of Iowa, USA

Sten Viknen, University of Aarhus, Denmark

The journal covers all branches of linguistics, with a special focus on issues related to the Nordic languages (including Finnish, Greenlandic and Saami) and on issues of general theoretical interest. The editors encourage submission of research articles, debate contributions and book reviews. Each volume contains two issues, one of which is a thematic issue.

Address for submitting articles and contact details for enquiries Ewa Jaworska, Managing Editor, Editorial Office, *Journal of Linguistics*, Department of Language and Linguistics, University of Essex, Wivenhoe Park, Colchester CO4 3SQ, UK. ewa@essex.ac.uk Tel: +44 (0)1206 331466; Fax: +44 (0)1206 872198.

Editors' e-mail addresses Nigel Fabb: N.Fabb@strath.ac.uk, Caroline Heycock: heycock@ling.ed.ac.uk, Robert D. Borsley: rborsley@essex.ac.uk

Address for books for review and book reviews Dr Kerstin Hoge, Review Editor, *JL*, St Hilda's College, Oxford OX4 1DY, UK. kerstin.hoge@mod-lanqs.ox.ac.uk

Editorial policy The *Journal of Linguistics* has as its goal to publish articles that make a clear contribution to current debate in theoretical linguistics. The language of submission and publication is English.

Preparation and submission of manuscripts Manuscripts should be formatted as for A4 paper (US 11" × 8.5") with margins of at least 3 cm (1.5") on all four sides, double-spaced and with a 12 pt font. PLEASE NOTE THAT ONLY PAPERS OF NO MORE THAN 60 DOUBLE-SPACED PAGES, INCLUDING REFERENCES AND FOOTNOTES, WILL NORMALLY BE ACCEPTED. If a longer manuscript is submitted for some particular reason, the covering note must state a case for an exception to this limit.

Authors should normally submit the manuscript as a PDF file to the Managing Editor by e-mail, with the main body of the e-mail message containing (i) the name(s) of the author(s) and full contact details; (ii) the full title of the paper; (iii) an abstract of about 200 words summarising the content of the paper; (iv) a statement about the length of the paper in page numbers. The published version of an article includes an abstract; all abstracts are sent to potential referees. While the PDF format is preferred at the time of submission, authors may submit the manuscript in the DOC format. In some cases, authors may be asked to send a hard copy of the submission by post.

For the purpose of refereeing, the electronic copy of an article should be anonymous: the name(s) of the author(s) should not be included in the file and in the file's 'Properties' and, as far as possible, the author(s) should not be identifiable from the references in the text or the acknowledgements. All submitted papers will normally be read by two anonymous referees. The identity of the author(s) of a review article is revealed to the referees but the referees normally remain anonymous.

Accepted papers have to be formatted in accordance with the journal's style and submitted in a file (or files) compatible with PC/Windows/MS Word. The journal welcomes articles and book reviews formatted in (La)TeX.

The full set of notes for contributors is available from the journal's web page and from the Managing Editor.

Proofs will be presented as PDF files for the authors to correct. In the case of co-authored articles, the proofs will be sent to the first-named author, unless otherwise requested. Please inform the Managing Editor of any relevant changes of e-mail addresses occurring between the submission of the final version of the paper and the expected release of the proofs. The proofs should be corrected within three days of receipt and returned immediately. Detailed proofing instructions will be found with the proof.

Offprints Following publication, all authors will receive a PDF file with their contribution.

THE LINGUISTICS ASSOCIATION OF GREAT BRITAIN

The Linguistics Association of Great Britain was founded in 1959 to promote the study of linguistics and to provide for its members both a forum for discussion and facilities for cooperation in furtherance of their interest in linguistics. The Association holds annual autumn meetings, at which original papers are presented in plenary sessions and in workshops devoted to special interests.

Persons interested in linguistics are eligible for election as members, subject to the approval of the Committee. Subscribing members may receive the *Journal of Linguistics* at a substantial discount. Application forms for membership may be obtained from the Membership Secretary, address as below.
