Business History Review is a top-tier refereed journal that seeks to publish articles with rigorous primary research that address major topics of debate, offer comparative perspectives, and contribute to the broadening of the subject. We are primarily concerned with the history of entrepreneurs, firms, and business systems, and with the subjects of innovation, globalization, and regulation. We are also interested in the relation of businesses to the environment and to political regimes.

The *Business History Review* is published in the spring, summer, autumn, and winter by Cambridge University Press for Harvard Business School.
