## CHINA'S UNINTERRUPTED REVOLUTION

*From 1840 to the Present*

Edited by VICTOR NEE and JAMES PECK

"Harvard-trained Sinologists Nee and Peck and their two co-contributors to this comprehensive look at China's 'uninterrupted revolution' show a mastery of their subject that lays open an important body of experience that Soviet Russia and the West will have to learn from."

—Publishers Weekly

"A splendid collection. It reinforces my growing belief that a society radically different from the Western and Soviet models is possible, even if it is far from securely realized."

—PAUL M. SWEEZY

"China's *Uninterrupted Revolution* is a very useful study that centers on the core of the Chinese revolutionary experience — the protracted and continuing nature of the transformation of society." —WILLIAM HINTON

\$15.95 cloth, \$5.95 paper

## THE WIND WILL NOT SUBSIDE

*Years In Revolutionary China, 1964-1969*

by DAVID and NANCY MILTON

"In *The Wind Will Not Subside*, David and Nancy Milton give us a mature, perceptive, and intimate account that puts the Cultural Revolution in perspective and makes it comprehensible. For breadth, clarity, and sympathetic understanding, this is unquestionably the best book yet on this little understood period of vast and continuing significance in the world's most populous country."

—JOHN S. SERVICE

"An extremely perceptive analysis of the social and political causes of the Cultural Revolution which explains why events took the turn they did, and how in the end the Chinese developed a new world view all their own. If I were to recommend any single work for Americans to read about those turbulent times, it would be this one."

—FREDERIC WAKEMAN

\$15 cloth, \$4.95 paper

## THE LOGIC OF WORLD POWER

*An Inquiry Into the Origins, Currents, and Contradictions of World Politics*

by FRANZ SCHURMANN

"This book will be a classic in the field of politics . . . His 'inquiry' is both thorough and lucid . . . The study begins with the domestic politics of the U.S., then widens into an exploration of the relationships between the U.S., the U.S.S.R., and China, and finally demonstrates the validity of his analysis by discussing the politics of the Viet-Nam War." —*Choice*

\$15 cloth; \$6.95 paper
