OF THE

EDINBURGH MATHEMATICAL SOCIETY

CONTENTS

L. O'CARROLL: Strongly E-reflexive inverse semigroups II	<i>page</i> 1
A. ERDÉLYI: An extension of a Hardy–Littlewood–Pólya inequality	<i>page</i> 11
M. J. CRABB AND J. DUNCAN: Some inequalities for norm unitaries in Banach algebras	<i>page</i> 17
J. KNOPFMACHER: Generalised Euler constants	<i>page</i> 25
J. KYLE: Numerical ranges of derivations	<i>page</i> 33
H. SIMMONS: The lattice theoretic part of topological separation properties	<i>page</i> 41
P. C. FENTON: The minimum modulus of gap power series	<i>page</i> 49
P. F. SMITH: Finitely embedded modules over group rings	<i>page</i> 55
H. BART, M. A. KAASHOEK AND D. C. LAY: The integral formula for the reduced algebraic multiplicity of meromorphic operator functions	<i>page</i> 65
E. C. HEAGY AND B. L. R. SHAWYER: On strong integral summability	<i>page</i> 73
DONALD I. CARTWRIGHT AND JOHN R. MCMULLEN: A note on the fractional calculus	<i>page</i> 79
BERTRAM YOOD: On the strong radical of certain Banach algebras	<i>page</i> 81
S. D. SCOTT: A theorem on nilpotency in near-rings	<i>page</i> 87
BOOK REVIEWS	<i>page</i> 89

SCOTTISH ACADEMIC PRESS

THE EDINBURGH MATHEMATICAL SOCIETY

The Edinburgh Mathematical Society was instituted in 1883 for "the promotion and extension of Mathematical Science, Pure and Applied".

Nominations for Ordinary Membership are received at any one Ordinary Meeting and voted upon at the next. Members receive notices of all meetings and a copy of each issue of the Proceedings on publication; additional copies, and in-print back numbers from vol. 15 onwards, can be bought at a reduced price. Further information about membership can be obtained from the Secretary.

PROCEEDINGS OF THE EDINBURGH MATHEMATICAL SOCIETY

Editors : T. S. BLYTH, R. M. DICKER,

A. G. MACKIE, A. M. SINCLAIR, I. N. SNEDDON.

The Society's Proceedings, containing papers embodying the results of research that is original in matter or manner, are published in parts and issued twice yearly. Four parts complete a volume, the Title Pages and Index being published in Part 4. Series I comprised forty-four volumes published from 1886 to 1926. Series II commenced in 1927.

Papers to be considered for publication should be sent to the Secretary. Manuscripts (2 copies) should be typewritten on A4 paper with double spacing and generous margins. The style and arrangement should conform to current practice in the Proceedings. References, including titles of papers, should be given in the form adopted by Mathematical Reviews, footnotes being avoided if possible. The figures must be suitable for line block reproduction, lettered in pencil, numbered and separated from the text; their intended location should be clearly indicated. Manuscripts which are not suitable for submission to the printer will not be accepted. Authors are advised to retain a copy of any material submitted, as the Society cannot accept responsibility for any loss.

A proof is supplied once. Authors are particularly requested to correct and return the proof promptly. Excessive corrections may be charged to authors. Fifty free offprints, and additional copies at cost, will be supplied if ordered on a form returned with the proof.

The prepaid annual subscription (2 parts) is £10.00 post free. Single parts £5.00 post free.

Enquiries regarding purchase of back numbers should be addressed to

Kraus Reprint Ltd.
9491, Nendeln
Liechtenstein

for volumes of Series I and up to Volume 14 of Series II, and to the publishers

Scottish Academic Press Ltd.
33 Montgomery Street
Edinburgh EH7 5JX

for subsequent issues.

The Society's address is

The Edinburgh Mathematical Society
James Clerk Maxwell Building
The King's Buildings
Edinburgh EH9 3JZ

Communications concerning the Library should be addressed to the Librarian.

All other correspondence should be addressed to the Secretary.
