

# FOUNDATIONS OF WORLD ORDER

The Legalist Approach to  
International Relations, 1898–1922

FRANCIS ANTHONY BOYLE

Boyle provides the first historically comprehensive analysis of U.S. foreign policy regarding international law and organizations. Examining the period from the Spanish American War to the establishment of the League of Nations and the Permanent Court of International Justice, Boyle argues that the international legal framework created at the beginning of the twentieth century not only influenced the course of American foreign policy but also provided the foundation upon which relations among states were built.

“Highly informative and interesting. Boyle puts the different policy initiatives under the general ‘legalist’ framework, and he makes sense of this period in the history of U.S. international relations.”—John Quigley, author of *The Ruses for War: American Interventionism since World War II*

“Specialists in the field of American diplomatic history and the jurisprudence of international law should welcome this work. There is no other that covers the same ground.”—Alfred P. Rubin, author of *Ethics and Authority in International Law*

232 pages, paper \$18.95

# New from Carnegie Endowment

## **Aiding Democracy Abroad: The Learning Curve**

*Thomas Carothers*

"Supporting democratic transitions around the world is one of the defining challenges of our time. At last we have a comprehensive account of the state of the art in democracy promotion. With his incisive powers of observation and formidable analytic skills, Carothers is the ideal guide. This is a landmark book, of tremendous value to all those concerned with democracy's future."

—George Soros

"Without doubt the best book on the \$500-million-a-year democracy

promotion industry. Grounding his arguments in detailed research and explicating them in lucid prose, Carothers charts a path between the prodemocracy romantics on the one hand and the unwarranted skeptics on the other... He shows persuasively that strategies of democracy assistance need to be more attuned to the realities of power and interest in transitional states."

—Jack Snyder, Columbia University

"A powerfully argued book, rich with useful information and sharp analysis.... Carothers presents a blow-by-blow account of U.S. attempts to promote democratic government abroad, using four elegantly sketched case studies. He reveals how simplistic assumptions and a poor understanding of local contexts on the U.S. side have often caused these well-meaning initiatives to fail. But he also answers the all-out skeptics of democracy aid, arguing not only that U.S. policy in this area can continue to improve but that it is actually improving."

—Stephen Holmes, Princeton University

412 pp. / \$19.95 paper [0-87003-169-4] / \$39.95 cloth [0-87003-168-6]

JOURNAL OF

# Cold War Studies

Edited by Mark Kramer, Harvard University

The *Journal of Cold War Studies* features peer-reviewed articles based on archival research in the former Communist world and in Western countries. Articles in the journal draw on declassified materials and new memoirs to illuminate and raise questions about numerous theoretical concerns: theories of decision-making, deterrence, bureaucratic politics, institutional formation, bargaining, diplomacy, foreign policy conduct, and international relations. Using the latest evidence, the authors subject these theories, and others, to rigorous empirical analysis.

## Articles featured in Volume I include:

*The Early Post-Stalin Succession Struggle and Upheavals in East-Central Europe: Internal-External Linkages in Soviet Policymaking* **Mark Kramer**

*Ideas, International Relations Theory, and the Cold War* **Nigel Gould-Davies**

*Ethnic Cleansing and the Outbreak of the Cold War* **Philipp Ther**

*Rollback, Liberation, Containment, or Inaction? A Reassessment of Western Policy toward Eastern Europe* **Laszlo Borhi**

*Soviet Ukraine and the Origins of the Cold War: Anti-Communist Insurgencies and Western Policy* **Jeffrey Burds**

*Spheres-of-Influence Dynamics in 1968: NATO's Response to the Czechoslovak Crisis* **John McGinn**

# THE WASHINGTON QUARTERLY

"With the passing of the Cold War, the intellectual challenge of U.S. foreign policy could hardly be greater. *The Washington Quarterly* has been consistently creative in meeting this challenge."

Zbigniew Brzezinski,  
Former National Security Advisor

"Once you subscribe to *The Washington Quarterly*, you won't want to give it up.

For business leaders who need to follow public policy and global events, the *Quarterly* offers some of the best in-depth analysis available today."

William Schreyer,  
Chairman Emeritus, Merrill Lynch

Published quarterly by  
The MIT Press for the  
Center for Strategic and  
International Studies

A premier international affairs journal, *The Washington Quarterly* is a valuable source of incisive, independent thinking about our changing world and the foreign, defense, and economic policies suited to the times. Renowned intellectuals and policymakers from the United States and overseas contribute diverse political and professional perspectives to each issue.
