INSTRUCTIONS TO CONTRIBUTORS

Address correspondence about contributions to the *Review* to Charles O. Jones, *American Political Science Review*, Department of Political Science, University of Pittsburgh, Pittsburgh, Pennsylvania 15260. Please submit *four* copies of a manuscript to be considered for publication. *Unfortunately, due to increased postage costs, we can no longer return manuscripts to the author.* Manuscripts must be typed and mimeographed or photocopied, with all written material *double-spaced* (including quotations and footnotes). Use standard typewriter paper—avoid colored and light-weight stock. The typewritten lines should not exceed 5½ or 6 inches in length. Please do not send the original typescript. Since manuscripts are sent out anonymously for evaluation, the author's name and affiliation should appear only on a separate covering sheet. An abstract of *less than 150 words* should accompany the manuscript.

The reference form is that used by most scientific journals (for illustration, see any issue of the *Review*, June 1978, and after); brief parenthetical references are included in the text and all sources are listed alphabetically at the end of the article. The work of classical authors such as Aristotle or Plato may be cited by the standardized code familiar to scholars in the field and passing allusions to such authors do not require mention in the list of references. Conventional foot-of-column notes are used only for explanatory comments or in unusual cases to avoid lengthy in-text references.

All manuscripts will be examined carefully for length. Referees will be asked to recommend where cuts might be made, without affecting the principal contribution. Manuscripts over 30 pages will be reviewed with particular care to determine if such length is warranted. Except in extraordinary circumstances, manuscripts over 50 pages will be returned to the author. Resubmission may follow compliance with the page limit. Manuscripts must be prepared as noted above, double-spaced throughout, with standard margins. Tables, charts, footnotes, and references will be included in the page count.

Communications must follow the form of regular manuscripts (including reference listings where appropriate). They must not exceed five double-spaced pages, including references, footnotes, and tables. All but the briefest letters will be refereed.

Figures should be professionally presented: use high-quality white paper and India ink for maximum sharpness and clarity of line. Copies only should accompany the submitted manuscript, original art work being retained until requested by the editorial office.
