

The Crown Jewels

The British Secrets at the Heart of the KGB Archives

Nigel West and Oleg Tsarev

This lively account of Soviet intelligence activity in Great Britain from the close of World War I to the late 1950s is based on newly released documents from KGB archives—

documents so highly valued they were dubbed the “crown jewels.”

The Best in British Studies

Protestantism and National Identity

Britain and Ireland, c. 1650-c. 1850

**Tony Claydon and
Ian McBride, Editors**

The years 1650-1850 saw the creation of the United Kingdom and its emergence as a world power. According to much recent literature — especially Linda Colley's *Britons* — Protestantism was central to this process, giving the British a sense of uniqueness, unity and imperial destiny. This collection of essays examines and challenges this religious contribution to "Britishness" and suggests radical new ways to understand the "British problem" and British and Irish development during the "long eighteenth century."

England's Jewish Solution

Experiment and Expulsion,
1262-1290

Robin R. Mundill

This book examines the Jewish community in England from 1262 to 1290, during the reign of Edward I. Commencing with a survey of the historiography and heritage of medieval Anglo-Jewry, the book analyzes the Jews' financial value to the Crown and indicates that after 1275 some may have diversified into commodity broking. A further chapter examines the varying fortunes of seven provincial communities, which is followed by the most comprehensive study of debtors to Jews to date, showing the wider impact of Jewish lending.

Encomium Emmae Reginae

Alistair Campbell, Editor

With a supplementary introduction by

Simon Keynes

The *Encomium Emmae Reginae* is a political tract in praise of Queen Emma, daughter of Duke Richard I of Normandy, wife of King Ethelred the Unready from 1002 to 1016, and wife of the Danish conqueror King Cnut from 1017 to 1035. This edition contains a new introduction that places the *Encomium* in the historical context in which it was written, and traces the career of Emma, a woman who was twice queen and who sought to preserve her position of power as queen-mother.

The Self-Fashioning of Disraeli, 1818-1851

**Charles Richmond and
Paul Smith, Editors**

Benjamin Disraeli remains a commanding figure in the history and ideology of the British Conservative party, and a remarkable example of ascent to high office from outside the traditional elite. This is the first book to bring together specialists in history, literary studies and psychiatry to offer fresh insight into the way in which he successfully fashioned his personality in the formative years before his emergence as Conservative leader.

Contributors: Paul Smith, Charles Richmond, Daniel R. Schwarz, Jerrold M. Post, Patrick Brantlinger, Todd M. Engelman, Peter Jupp

Writing the English Republic Poetry, Rhetoric and Politics, 1627-1660

David Norbrook

This magisterial new history of seventeenth-century republican political culture sets key texts by Marvell and Milton in a richly detailed context, showing how writers reimagined English literary culture without kingship. The book draws on extensive archival research, bringing to light exciting and neglected manuscript and printed sources. Offering a bold new narrative of the whole period, and a timely reminder that England has a republican as well as a royalist heritage.

The Literary and Cultural Spaces of Restoration London

Cynthia Wall

In September 1666 the Great Fire destroyed four-fifths of the ancient commercial City of London. All that had been familiar, settled, known, was suddenly swept away, and Londoners faced an emptiness that was not only physical but also historical, social, financial, and conceptual. In this study Cynthia Wall reads the literature of Restoration and early-eighteenth-century London in the context of other texts such as sermons, royal proclamations, maps, and topographies, and shows how literature attempts to reinvest the city with "modern" meaning and create new spaces for new genres.

Witchcraft in Early Modern Europe

Studies in Culture and Belief

**Jonathan Barry, Marianne Hester
and Gareth Roberts, Editors**

This collection of essays offer an up-to-date account of the present state of scholarship on early modern European witchcraft and an indication of the direction of new research. The contributors build on and respond to the issues raised in Keith Thomas' classic study *Religion and the Decline of Magic*, and suggest a greater emphasis on cultural history, notably issues of power, gender and language.

Discover the Truth Behind King Richard III and the Mystery of the Princes:

- Were Edward IV's sons, Edward, Prince of Wales, and Richard, Duke of York illegitimate?
- Were the bones found in the Tower of London those of the young princes?
- Was there even a murder—were the boys instead removed from the Tower and raised in secrecy?
- And if they were killed, who else wanted them dead?

Notoriously immortalized by Shakespeare and historians, Richard III is history's most infamous royal villain. In this meticulously researched book, renowned litigator Bertram Fields applies the same modern techniques he uses in the courtroom to take an in-depth look at one of the great mysteries of British history.

"A most fascinating book—
a step by step lawyer's brief using
500-year-old evidence in an attempt
to solve one of the great mysteries of
Western history."

—THE WALL STREET JOURNAL

"The most credible job yet
of concisely and convincingly casting
doubt on traditional theories."

—BRITISH HERITAGE

"Suspense, mood, anecdote—
Fields employs a novelist's tools to give
us the blood and the spirit as well as the
facts of the time."—PAUL EVANS

**"A remarkably thorough and
intricate history—**masterfully
argued and expertly researched."

The Nature of the Book

Print and Knowledge in the Making

Adrian Johns

"Adrian Johns brings to life the people who made, quite physically, the books that made the knowledge of the scientific revolution. Does it matter that Newton was published by a pornographer? Yes, if one wishes to understand the marketplace for books and knowledge in the early modern era."—Paula Findlen

"Relying on detailed knowledge of original texts and a magisterial view of the enormous secondary literature, Johns has written a fine-grained study with considerable force of argument."—*Kirkus Reviews*

Cloth \$40.00

Mesmerized

Powers of Mind in Victorian Britain

Alison Winter

"Mesmerism was, par excellence, the science that wasn't a science. Alison Winter explores this paradox to shed light on so many of the other ambiguities of Victorian England—its attitudes towards religion, women, and self-help—in an animated study which contributes equally to social history and the history of science."

—Roy Porter, author of *The Greatest Benefit to Mankind: A Medical History of Humanity* and *London: A Social History*

Cloth \$30.00

A History of the Modern Fact

Problems of Knowledge in the Sciences of Wealth and Society

Mary Poovey

"Fact, objectivity, and truth have recently emerged as key topics for historians of the natural sciences. Mary Poovey brings the sensibilities of a literary critic and cultural historian to bear on 'the sciences of wealth and society' in eighteenth- and nineteenth-century Britain. *A History of the Modern Fact* is essential reading for anyone concerned with how and why we have come to distinguish 'is' from 'ought,' the 'objective' from the 'subjective,' and 'individuality' from 'human nature.'"

—Steven Shapin, author of *A Social History of Truth: Civility and Science in Seventeenth-Century England*

CHICAGO

BRITISH-AMERICAN DIPLOMACY 1895-1917: Early Years of the Special Relationship

by David H. Burton

A New Book from Our Anvil Series

BRITISH-AMERICAN DIPLOMACY, 1895-1917: Early Years of the Special Relationship

by David H. Burton

Orig. Ed. 1999 ISBN 1-57524-048-3 156 pp. Paper \$14.50

The Anglo-American special relationship has endured for a hundred years to become one of the most remarkable alliances in modern history. This study describes the first 20 years of the official friendship of these two great English-speaking nations. By no means ordained by kinship or geography, it is seen here as the result of mutual need and mutual advantage. The relationship begins with British willingness to accommodate American pretensions in the Venezuelan boundary dispute of 1895. The United States entry into World War I in 1917, thereby making Britain a winner in the war, marks the end of this formative period. Foundations thus put down in the foreign policy conducted from London and Washington proved strong enough to provide a century of understanding in times of turbulence and calm.

MORE ADVENTURES WITH
BRITANNIA
Personalities, Politics and Culture in Britain

Edited by Wm. Roger Louis

*M*ore Adventures with Britannia
Personalities, Politics and Culture in Britain
Edited by Wm. Roger Louis

Collecting the interpretations of outstanding writers on the literature and history of modern Britain, this book deals with a rich variety of themes, some familiar, many unexpected, taking the reader on a highly engaging excursion through British life and intellectual biography. The scope includes not only the personalities, politics, and culture of England, Wales, Scotland, and Ireland, but also the interaction of British and other societies throughout the world.
