Radiocarbon Age Determinations

- Sr and stable isotopes in bones and dietary studies.
- Potassium-argon age determinations.
- Rubidium-Strontium age determinations.

US\$225.00 — Routine service — all sample types US\$400.00 — 7 day priority service

Reading the Isotopic Clocks.

our research in age determination and stable isotopes requires reliable data and custom service. Teledyne Isotopes has the expertise and experience to meet these requirements.

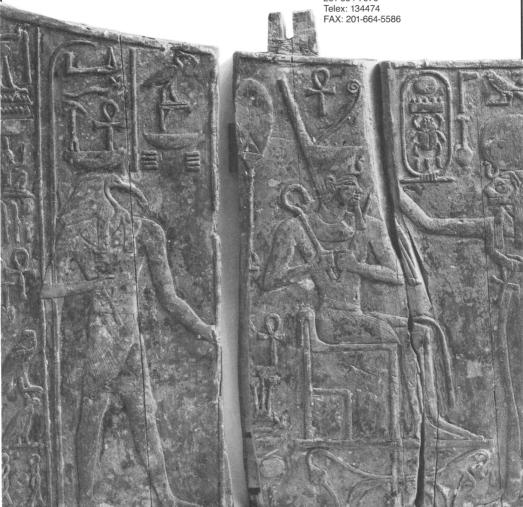

We have been pioneers in the industry since 1955 and are the only commercial laboratory that offers all major age determination techniques.

We can assure you of reliable data because of well-staffed and well-equipped labs, intercalibration with major universities and government facilities, and through use of N.B.S. and international standards.

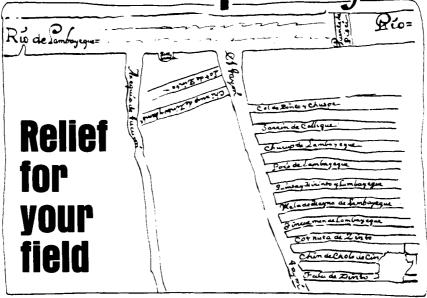

For the most reliable reading of the isotopic clocks, come to the experts.

latin american antiquity

Portions of Taymi Canal irrigation system in "Rio de Lambayeque" Peru rendered by Dr. Cuenca in 1567.

Given the growth and increasing diversity within the field of Latin American archaeology, there has been an increasing need for a journal that not only permits timely and accessible publication of research findings, but also promotes communication between English- and Spanish-speaking archaeologists working in Latin America. **LATIN AMERICAN ANTIQUITY** welcomes contributions in method and theory, field research, and analysis, with preference for articles of wide interest to Latin American scholars.

The Society for American Archaeology announces publication of a new journal, LATIN AMERICAN ANTIQUITY. This new bilingual quarterly will publish peer-reviewed articles in English or Spanish dealing with the archaeology, prehistory, and ethnohistory of Mesoamerica, Central America, South America, and culturally related areas. LATIN AMERICAN ANTIQUITY will be edited by Prudence M. Rice with the assistance of a five-member Board of Editors: E. Wyllys Andrews (Middle American Research Institute), Frederick W. Lange (Colorado Museum), Jaime Litvak King (Universidad de las Americas, Puebla), Joyce Marcus (Michigan), and Don S. Rice (Virginia). The Board will be further assisted by an international Editorial Advisory Committee comprising 22 archaeologists.

To subscribe use the order form on the reverse of the mailing sheet. Please ask your library to subscribe.

Please direct manuscripts and editorial matters to:

Dr. Prudence M. Rice, Editor, **LATIN AMERICAN ANTIQUITY**Department of Anthropology, Florida Museum of Natural History, Gainesville, Florida 32611

CHANGE OF EDITORSHIP

Beginning January 1, 1990, all manuscripts and queries about manuscripts in progress should be addressed to:

Dr. J. Jefferson Reid
Department of Anthropology
University of Arizona
Tucson, AZ 85721

SOCIETY FOR AMERICAN ARCHAEOLOGY CALL FOR NOMINATIONS SOCIETY ELECTIONS 1990

The Society for American Archaeology will hold its annual elections for the following offices:

Secretary-elect (1 year) succeeds to the office of Secretary for a 2-year term (1991–1993). Executive Board, Place 5—3-year term (1990–1993). Executive Board, Place 6—3-year term (1990–1993).

The Chairperson of the Nominating Committee for the 1990 elections is Bruce D. Smith, Department of Anthropology, National Museum of Natural History, Smithsonian Institution, Washington, DC 20560. The other members are Donald Grayson, Department of Anthropology, University of Washington, Seattle, WA 98195; Patrica A. McAnany, Department of Archaeology, Boston University, 675 Commonwealth Ave., Boston, MA 02215; David Meltzer, Department of Anthropology, Southern Methodist University, Dallas, TX 75275; Judith Propper, U.S. Forest Service Southwest Region, 517 Gold Ave. S.W., Albuquerque, NM 87102. The elections will be held in April, 1990. Members are urged to participate by suggesting names of candidates to any member of the committee before September 15, 1989.

ANNOUNCEMENT AND CALL FOR NOMINATIONS SAA DOCTORAL DISSERTATION PRIZE

The Society for American Archaeology has established a prize to be awarded to individuals whose doctoral dissertations are judged to be particularly outstanding and important. The prize is an honorary lifetime membership in the SAA.

Nominees must have defended their dissertations and have received their Ph.D. degrees in the three years prior to the current deadline (October 1, 1989) in order to be eligible. It is not necessary that a nominee already be a member of the SAA.

Nonstudent members of the SAA are encouraged to nominate students whose dissertations they consider to represent outstanding scholarship and original contributions to the field. At the time of nomination, nominees are to be informed of the fact, and they may then submit their work in competition if they agree to adhere to the conditions of the competition and the prize (for details, see *American Antiquity* 48[1], inside back cover). All letters of nomination and three copies of all dissertations entered for consideration must be sent by October 1, 1989 to:

Patty Jo Watson, SAA Dissertation Prize Committee Department of Anthropology, Washington University One Brookings Drive, St. Louis, MO 63130-4899
