Published for the British Institute of International and Comparative Law (BIICL)

## Editors

Malcolm Evans, *University of Bristol, UK*

Robert McCorquodale, *British Institute of International and Comparative Law, UK*

*International & Comparative Law Quarterly (ICLQ)* publishes papers on public and private international law and also comparative law. It has maintained its pre-eminence as one of the earliest and most important journals of its kind, encompassing human rights and European law. The journal encourages innovative and original articles that explore the interconnectedness between the legal subject areas, moving across the boundaries that divide the law in a way that provides vital analysis at a time when formal distinctions, in scholarship and between jurisdictions, are becoming less relevant. The *ICLQ* attracts scholarship of the highest standard from around the world, which contributes to the maintenance of its truly international frame of reference. The 'Shorter Articles, Comments, and Notes' and 'Current Developments' sections particularly enable the discussion of highly topical legal issues.

# Netherlands Yearbook of International Law

Marketed and distributed for T.M.C. Asser Press

## General Editors

I. F. Dekker, *Utrecht University, Netherlands*

E. Hey, *Erasmus University Rotterdam, Netherlands*

The *Netherlands Yearbook of International Law* has been published since 1970. It has two main aims. It offers a forum for the publication of scholarly articles of a more general nature in the area of public international law, including the law of the European Union. In addition, it responds to the demand for information on state practice in the field of international law. Each Yearbook therefore includes an overview of state practice in the Netherlands, with statements of the government, treaties, legislation, judicial decisions and literature. *Netherlands Yearbook of International Law* can be purchased individually or as part of a subscription to *Netherlands International Law Review*.
