

## New from Stanford University Press

### Culture and Management in the Americas

ALFREDO BEHRENS

"Alfredo Behrens's book *Culture and Management in the Americas* is an extraordinary tour de force. Erudite, engaging and provocative, the book is testament to much wise thinking about some very big and important issues linking management behavior with local attributes and attitudes."

—Simon Commander,

Director, Centre for New & Emerging Markets, London Business School

\$35.00 cloth

### Stakeholder Politics *Social Capital, Sustainable Development, and the Corporation*

ROBERT BOUTILLIER

*Stakeholder Politics* gives companies a "how to" guide for addressing the twin problems of maintaining political legitimacy, and promoting sustainable development. This book promises to be a valuable guide for managers and academics who are invested in sustainable development worldwide and stakeholder issues alike.

Copublished with Greenleaf Publishing

\$32.95 cloth

### Transforming Toxic Leaders

ALAN GOLDMAN

"The swollen literature on good leadership is gradually being tempered by the growing literature on bad leadership. This correction is both necessary and long overdue—which is why Alan Goldman's book constitutes a contribution to the cause. He explores some bad leaders in some considerable depth, and provides pragmatic possibilities for remediation."

—Barbara Kellerman,  
Center for Public Leadership,  
Harvard Kennedy School

\$24.95 cloth

### Dirty Rotten Strategies *How We Trick Ourselves and Others into Solving the Wrong Problems Precisely*

IAN I. MITROFF and

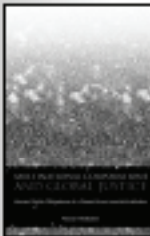

ABRAHAM SILVERS

"A bracingly powerful book, which should be required reading for all professionals and experts of every stripe. It will liberate all readers from the tyranny of conventional reasoning. The authors give new meaning to Veblen's classic phrase, 'trained incompetence.'"

—Warren Bennis,

University of Southern California and co-author of *Transparency and Judgment* *High Reliability and Crisis Management*

\$24.95 cloth

### The Rise of the Anti-Corporate Movement *Corporations and the People who Hate Them*

EVAN OSBORNE

"[Osborne] presents a reasoned, forceful rebuttal to [Anti-Corporate Movement (ACM)] assertions, nevertheless arguing that corporations are not perfect, nor is government regulation. . . Highly recommended."

—CHOICE

\$24.95 paper

### Multinational Corporations and Global Justice *Human Rights Obligations of a Quasi-Governmental Institution*

FLORIAN WETTSTEIN

"Wettstein pulls together the philosophical underpinnings of human rights as they relate to corporations; he vividly demonstrates the limitations of voluntary corporate social responsibility in a world where companies assume ever-increasing power. If you are concerned about the use and abuse of corporate power in today's world, then this is the book for you."

—Sandra Waddock,  
Boston College

\$65.00 cloth

## What role do corporations play in the public sphere?

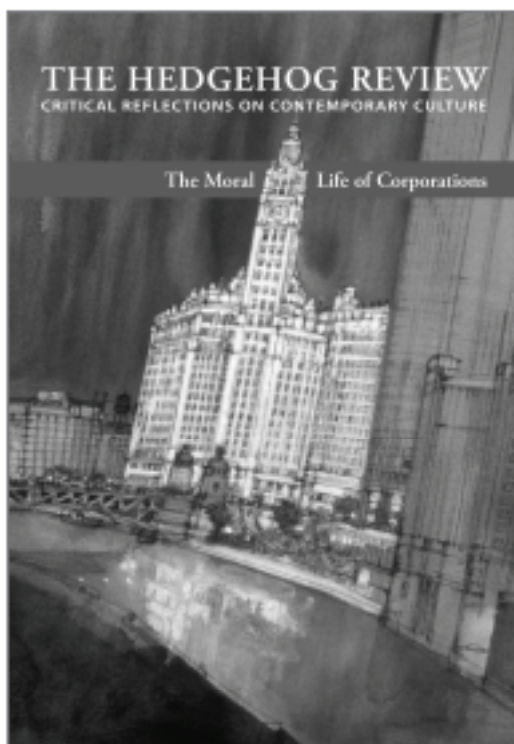

*It is clear from the current financial crisis that the public has certain, perhaps unarticulated, expectations of corporations. Does the corporation have a moral life? Does it have social responsibilities or is it a collection of contracts? Is profit the highest goal?*

**"The Moral Life of Corporations"**  
(*The Hedgehog Review*, Summer 2009)

Essays include...

- how the cultural role of the corporation has shifted in the public imagination over time
- what images of the corporation tell us about its place in the world
- the disconnect between what business students are taught and the societal expectations and moral dilemmas they face in their careers
- the invention of lawn care as a prism into the cultural role of the corporation and its responsibility

Plus interviews with American historian Jackson Lears and sociologist Viviana Zelizer
