## Liberal Leviathan

The Origins, Crisis, and Transformation  
of the American World Order

G. John Ikenberry

"*Liberal Leviathan* offers a masterful deliberation on American power, international change, and the global order. It will no doubt take its place as a seminal volume in international relations, one that helps define the debate about emerging changes in the global distribution of power. I can think of few volumes comparable in their conceptual clarity and ambition. A must-read."

—Charles A. Kupchan, author of *How Enemies Become Friends: The Sources of Stable Peace*

*Princeton Studies in International History and Politics*  
G. John Ikenberry and Marc Trachtenberg, Series Editors  
Cloth \$35.00 978-0-691-12558-9

## Theories of International Politics and Zombies

Daniel W. Drezner

One of the most creative books about international relations you will ever read—and one of the smartest.”

—Peter Beinart, author of *The Icarus Syndrome*

“Bless Dan Drezner for this book which punches huge holes in the hokum of American foreign policy thinking. Our theories in this business have been thin and often very costly, and if it takes Drezner’s ‘zombie attack’ to puncture their bloat, so be it. Besides, the book is fun.”

—Leslie H. Gelb, president emeritus of the Council on Foreign Relations and former *New York Times* columnist

## The Crisis of American Foreign Policy

Wilsonianism in the Twenty-first Century

*G. John Ikenberry, Thomas J. Knock,  
Anne-Marie Slaughter & Tony Smith*

“[A] provocative and informative analysis of the impact of Woodrow Wilson’s global vision on American foreign policy over the past century and its potential implications for the twenty-first century. . . . This volume should serve as an important resource for foreign policy students and analysts.”

—James M. McCormick, *Perspectives on Politics*

Paper \$17.95 978-0-691-15004-8

## The New Global Rulers

The Privatization of Regulation in the World Economy

*Tim Büthe & Walter Mattli*

“This deeply informed book asks the questions and presents the often counterintuitive facts about the relation between domestic interests and global rule making that will set the intellectual agenda and shape political discussion in this area for years to come.”

—Charles Sabel, Columbia Law School

Cloth \$27.95 978-0-691-14479-5

## Striking First

Preemption and Prevention in International Conflict

*Michael W. Doyle*

*Edited and introduced by Stephen Macedo*

“Lucid, earnest, and thoughtful. Accepting that preemption might be necessary, Doyle builds on the traditional criteria to stress the importance of the lethality and likelihood of the threat and the legitimacy and legality of the response.”

—Lawrence D. Freedman, *Foreign Affairs*

*University Center for Human Values*

*Charles R. Beitz, Series Editor*

Published in association with the Institute for Advanced Studies on Asia, University of Tokyo

**International Journal of Asian Studies (IJAS)** is an interdisciplinary, English-language forum for research in the social sciences and humanities. **IJAS** examines Asia on a regional basis, emphasising patterns and tendencies that go beyond the borders of individual countries. It is particularly interested in locating contemporary changes within a historical framework, especially using interdisciplinary approaches, and so promotes comparative studies involving the various regions of Asia. As well as encouraging contributions from western scholars, **IJAS** focuses attention on the work of Asian scholars, in order to encourage multi-directional communication across the international Asian studies community. It includes both themed and general issues.
