

	PAGE
Sucrose tolerance and fasting serum glyceride concentrations in young men and women. By J. N. CROSSLEY	iii
The daily food consumption of laying hens in relation to egg production. By B. A. MORRIS and T. G. TAYLOR	iv
The effect of undernutrition early in life on the brain and spinal cord of pigs. By J. W. T. DICKERSON and J. DOBBING	v
The flow of intestinal digesta in the pig. By D. E. NOAKES, K. J. HILL, C. P. FREEMAN and E. F. ANNISON	vi
The absorption of micellar fat in pigs. By C. P. FREEMAN, E. F. ANNISON, D. E. NOAKES and K. J. HILL	vii
Interdependence in amino acid allowances. By J. P. F. D'MELLO, D. HEWITT and D. LEWIS	vii
Relationships between the composition of dietary proteins and the changes in blood plasma amino acid levels after a single meal containing a protein. By S. BURACZEWSKI, J. W. G. PORTER, D. R. WESTGARTH and A. P. WILLIAMS	viii
Amino acid digestibility as a measure of amino acid availability. By J. E. FORD, K. M. HENRY and J. W. G. PORTER	ix
Protein utilization in germ-free and conventional chicks given a purified diet. By W. S. MILLER	x
A re-appraisal of the Miller-Payne equations at high protein levels. 1. The proportion of dietary energy coming from protein. By K. J. CARPENTER and K. ANANTHARAMAN	xi
A re-appraisal of the Miller-Payne equations at high protein levels. 2. Nitrogen retention from poor proteins. By K. ANANTHARAMAN and K. J. CARPENTER	xi
Protein depletion and toxic liver injury due to carbon tetrachloride and aflatoxin. By A. E. M. McLEAN and ELIZABETH K. McLEAN	xiii
Thiamine status of lambs in relation to cerebrocortical necrosis. By GWYNETH LEWIS, S. TERLECKI, L. M. MARKSON, RUTH ALLCROFT and J. E. FORD	xiii

FORTHCOMING ISSUE

It is hoped to publish in the next issue of the *Proceedings of The Nutrition Society* reports of symposia on the Influence of Feeding Patterns on Nutrient Utilization (24 February 1967) and Food Habits and Nutritional Status of Minority Groups in the United Kingdom (17 March 1967) and abstracts of communications to be presented at meetings for original communications to be held on 21 April 1967 and 26 May 1967.

CONTENTS OF VOLUME 26, No. 1, 1967

SYMPOSIUM PROCEEDINGS

One Hundred and Eighty-first Scientific Meeting

ABSORPTION OF NUTRIENTS FROM THE INTESTINE

	PAGE
The structure of the small intestine and some interesting relations to its function. By MARGOT SHINER	1
Assessment of absorptive capacity. By H. NEWBY and D. H. SMYTH	5
The inhibition and mechanism of intestinal absorption. By P. A. SANFORD	12
Influence of bacteria on absorption from the small intestine. By R. KENWORTHY	18
Absorption of proteins. By R. B. FISHER	23
Recent studies on carbohydrate absorption. By K. R. L. MANSFORD	27
Absorption of fats. By BENGT BORGSTRÖM	34
Sodium chloride absorption by the small intestine and the relationships between salt transport and the absorption of water and some organic molecules. By D. S. PARSONS	46
Absorption of vitamin B ₁₂ from the intestine. By G. H. SPRAY	55
Iron absorption. By SHEILA T. CALLENDER	59
Some aspects of the absorption and concentration of iodide by the alimentary tract in man. By W. D. ALEXANDER, R. MCG. HARDEN, M. T. HARRISON and J. SHIMMINS	62
The absorption of calcium from the intestine. By E. KODICEK	67

One Hundred and Eighty-second Scientific Meeting

Some nutritional parameters in the ecology of infectious disease. A lecture by HOWARD A. SCHNEIDER	73
--	----

One Hundred and Eighty-third Scientific Meeting

NUTRITION BALANCE TECHNIQUES AND THEIR LIMITATIONS

Techniques in energy metabolism studies and their limitations. By K. L. BLAXTER	86
Energy balances in man. By R. PASSMORE	97
Some aspects of the interpretation of mineral balances. By DOROTHY L. DUNCAN	102
A critical evaluation of the mineral and nitrogen balances in man. By B. ISAKSSON and B. SJÖGREN	106
Nitrogen balances. By EDWIN C. OWEN	116

One Hundred and Eighty-fourth Scientific Meeting

THE PART THE INTERNATIONAL BIOLOGICAL PROGRAMME WILL PLAY IN INCREASING WORLD FOOD SUPPLIES

Introduction: the purpose and function of the International Biological Programme. By N. W. PIRIE	125
The Human Adaptability Programme. By O. G. EDHOLM	128
Human nutrition in the Use and Management Programme. By DAVID P. CUTHBERTSON	132
Animal nutrition in the Use and Management Programme. By A. T. PHILLIPSON	136

ROYAL COMMISSION ON MEDICAL EDUCATION

Text of evidence submitted by the Society to the Commission	141
---	-----

ABSTRACTS OF COMMUNICATIONS

One Hundred and Eighty-fifth Scientific Meeting

The food intake of the vitamin A-deficient calf. By J. T. ABRAMS, K. C. BARNETT, P. S. BRIDGE, A. C. PALMER, F. R. SPATLING and I. M. SHARMAN	i
Variations in the composition of the skin surface lipid associated with dietary carbohydrates. By A. F. LLEWELLYN	ii
Some long-term effects of dietary sucrose on the serum lipids of male baboons. By T. M. COLTART	ii

[Continued on p. iii of wrapper]
