ORIGINAL RESEARCH • RECHERCHE ORIGINALE

- 249 Can an emergency department clinical “triggers” program based on abnormal vital signs improve patient outcomes?
Jason Imperato, Tyler Mehegan, Daniel J. Henning, John Patrick, Chase Bushey, Gary Setnik, Leon D. Sanchez
-
- 256 A cohort study of unstable overdose patients treated with intravenous lipid emulsion therapy
Shazma Mithani, Kathryn Dong, Ashlea Wilmott, Heather Podmoroff, Nadim Lalani, Rhonda J. Rosychuk, Ryan Chuang, Mark C. Yarema
-
- 265 A determination of emergency department pre-triage times in patients not arriving by ambulance compared to widely used guideline recommendations
Martin Betz, James Stempien, Sachin Trivedi, Rhonda Bryce
-
- 271 Factors associated with choosing the emergency department as the primary access point to health care: a Canadian population cross-sectional study
Robert Ohle, Michelle Ohle, Jeffrey J. Perry
-
- 277 Emergency physicians as human billboards for injury prevention: a randomized controlled trial
Emily Sullivan, Daniel Fuller, Quinten S. Paterson, Shelby Huffman, Satyadeva Challa, Rob Woods
-
- 285 Development of a model to quantify the accessibility of a Canadian trauma system
Gavin Tansley, Nadine Schuurman, Mete Erdogan, Matthew Bowes, Robert Green, Mark Asbridge, Natalie Yanchar
-

EDUCATION • ENSEIGNEMENT

- 293 Reformulations of practice: beyond experience in paramedic airway management
Justin Mausz, Seanan Donovan, Meghan McConnell, Corey Lapalme, Andrea Webb, Elizabeth Feres, Walter Tavares
-

Diagnostic Challenge

- 305 Young man with persistent calf pain
Regan F Lyon, Kristen Kann
-

Journal Club

- 308 Comparison of trimethoprim-sulfamethoxazole versus placebo for uncomplicated skin abscesses
Michael Gottlieb
-

CASE REPORTS • RAPPORT DE CAS

- 312 ST-segment Elevation Following Cardioversion of Atrial Fibrillation in the Emergency Department: Unmasked Myocardial Infarction due to Left Main Coronary Artery Plaque Rupture or Unspecific Finding?
Dirk Prochnau, Ralf Surber, Matthias Hoyme, Sylvia Otto, Anna Selle, Tudor C. Poerner
-
- 317 Asteroid Hyalosis: A Mimic of Vitreous Hemorrhage on Point of Care Ultrasound
Charles E.A. Stringer, Justin S. Ahn, Daniel J. Kim
-

EDITORIAL/COMMENTARY

- 321 Injury prevention in the emergency department: An ongoing challenge
Carolyn Snider
-
- 324 First, do no harm: Advocating for opioid prescribing guidelines in Canadian emergency departments
Kieran Moore, Julia Lew, Samantha Buttemer, Lauren Kielstra
-

ERRATUM/CORRIGENDUM

- 327 International Federation for Emergency Medicine Consensus Statement: Sonography in hypotension and cardiac arrest (SHoC): An international consensus on the use of point of care ultrasound for undifferentiated hypotension and during cardiac arrest – CORRIGENDUM
P. Atkinson, J. Bowra, J. Milne, D. Lewis, M. Lambert, B. Jarman, V. E. Noble, H. Lamprecht, T. Harris, J. Connolly
-
