

French Colonialism Unmasked

The Vichy Years in French West Africa

BY RUTH GINIO

Before the Vichy regime, there was ostensibly only one France and one form of colonialism for French West Africa (FWA). *French Colonialism Unmasked* analyzes three dramatic years in the history of FWA, from 1940 to 1943, in which the Vichy regime tried to impose the ideology of the National Revolution in the region.

Intimate Enemy

Images and Voices of the Rwandan Genocide

PHOTOGRAPHS BY ROBERT LYONS
INTRODUCTION AND INTERVIEWS BY SCOTT STRAUS

Intimate Enemy is a rare entrée into the logic, language, and imagery of the Rwandan genocide. The book presents perpetrator testimony and photographs of both perpetrators and survivors. The images and words are raw and unanalyzed, leaving the reader to make sense of the killers and their would-be victims. *Intimate Enemy* challenges our assumptions about the genocide and those who perpetrated it. It also provokes us to consider how to represent and imagine violence on the scale of Rwanda's.
