

The richest single volume on the French language.

Here's the complete answer to the needs of the French person and the French-speaking foreigner — the **Larousse 'Lexis'** — the richest all-French dictionary. Rich in current vocabulary and usage with over 76,000 entries including scientific and technical terms, it also features complete and detailed alphabetically-arranged grammar tables. In addition, it abounds in pronunciation guides, examples of grammatical usage, origins and history, definitions of alternate meanings, literary allusions, and synonyms and antonyms. Its richness is also reflected in the profusion of charts, tables, drawings, photographs and illustrations. *Riche? Puissant!*

Le Figaro described it as, "L'esprit dans lequel a été conçu Lexis est excellent. Dictionnaire de la langue à la fois classique et moderne, ses soixante-dix mille vocables contiennent en outre l'essentiel de l'énorme vocabulaire des sciences et des techniques, ainsi que les néologismes répandus," while *Le Monde* has said, "Très riche, accueillant (légitimement) un large vocabulaire technique, même emprunté à l'anglais, le Lexis traduit bien cet état nouveau du français, partagé entre son héritage littéraire et philosophique, et son présent industriel et pragmatique."

Romance and Tragedy

A Study of the Classic and Romantic Elements in the Great Tragedies of European Literature

By Prosser Hall Frye

Preface by Thomas M. Raysor

"A new edition of one of the most ambitious and able ventures in comparative literature ever attempted in this country. . . . Mr. Frye takes his title from A. W. Schlegel's remark that 'the great modern dramatists . . . must be judged on the principle of romance,' but he develops his thesis that 'tragedy and romance become the typical genres of classic and romantic literature' so independently as a modern classicist that he is in opposition to Schlegel, not under his influence."—Thomas M. THE JAPANESE NOVEL OF THE MEIJI PERIOD AND THE IDEAL OF INDIVIDUALISM

Janet A. Walker

The Western ideal of individualism had a pervasive influence on the culture of the Meiji period (1868-1912) and also, this author contends, the development of the modern Japanese novel. Focusing on the work of four late Meiji writers, she analyzes their contributions to the development of a type of novel whose aim was the depiction of the modern Japanese individual. \$18.50

THE COMIC MATRIX OF SHAKESPEARE'S TRAGEDIES

*ROMEO AND JULIET, HAMLET,
OTHELLO, AND KING LEAR*

Susan Snyder

Comic elements in Shakespeare's tragedies have often been noted, but while most critics have tended to concentrate on humorous interludes or on a single play, Susan Snyder seeks a more comprehensive understanding of how Shakespeare used the conventions, structures, and assumptions of comedy in his tragic writing. She argues that Shakespeare's early mastery of romantic comedy deeply influenced his tragedies both in dramaturgy and in the expression and development of his tragic vision. \$12.50

SATIRIC INHERITANCE, RABELAIS TO STERNE

Michael Seidel

Arguing that satiric potential is latent in virtually all dispensation, succession, and inheritance narratives, Michael Seidel suggests a new and comprehensive understanding of satire's place in the more general context of narrative theory. The notion of inheritance shares with traditional narrative action the need to transmit and preserve form. But by converting the promise of inheritance into the conspiracy of violation, satire depicts the revolt against organic and institutional lines of continuity. \$16.00

HEINRICH HEINE

A MODERN BIOGRAPHY

Jeffrey L. Sammons

"A major achievement in German literary scholarship. It takes a great deal of wisdom, knowledge, and plain level-headedness to write a book about Heine that will command the respect of all Heine scholars, no matter where they are situated in the modern political spectrum. Jeffrey Sammons has written such a book, and it will be *the* Heine biography for many decades to come."—*Hugo Schmidt, University of Colorado*

"Jeffrey Sammons gives us the most complete picture of Heine to date. The general reader as well as the specialist will be fascinated by this rich portrayal."

—*Robert Mollenauer, University of Texas*
A rich biographical portrayal of the controversial German author who has been one of the liveliest topics in German literary studies for the past 15 years. The first fully documented biography of Heine in over a century, this book traces his incompatibility with the "pure" German spirit, and parallels his situation with that of dissident writers today. PROTESTANT POETICS AND THE SEVENTEENTH-CENTURY RELIGIOUS LYRIC

Barbara Kiefer Lewalski

In this major revision of current views on the English 17th-century religious lyric, Barbara Lewalski argues that the pervasive Protestant emphasis upon the Bible as a book requiring philological and literary analysis fostered a fully developed theory of biblical aesthetics defining both poetic art and spiritual truth. She finds that this theory characterizes the work of the leading religious lyric poets—Donne, Herbert, Vaughan, Traherne, and Taylor—who, she contends, owe more to such contemporary, English, and Protestant influences than to Counter-Reformation, continental, and medieval Catholic resources. PLOT, STORY, AND THE NOVEL FROM DICKENS AND POE TO THE MODERN PERIOD

Robert L. Caserio

"When writers and readers of novels lose interest in plot and story," Robert Caserio writes, "they appear to lose faith in the meaning and the moral value of acts."

From this perspective he attempts to explain the growing antagonism to plot, storytelling, and the representation of action in English and American fiction, and boldly challenges the major critical positions of Northrop Frye, Roland Barthes, and Edward Said with regard to the interpretation and evaluation of narrative trends. \$15.00

DANTE, POET OF THE DESERT HISTORY AND ALLEGORY IN THE DIVINE COMEDY

Giuseppe Mazzotta

"I had not thought there was room for still another interpretation of the *Commedia*, but I was wrong. . . . Professor Mazzotta's book not only presents a brilliant new interpretation supported by massive research, but is in my opinion one of the most important studies of Dante to appear in our time."—R.E. Kaske, *Cornell University*

Reading the *Divine Comedy* as a dramatization of a coherent vision of universal history, and finding the Exodus story crucial to its structure, Mazzotta constructs a theory of the composition of Dante's poem and how the poet intended it to be read. \$20.00

MEASURE FOR MEASURE, THE LAW, AND THE CONVENT

Darryl J. Gless

Through careful attention to the contexts of Renaissance culture invoked by the language, action, and visual spectacle in *Measure for Measure*, Darryl Gless brings a new and original interpretation to one of Shakespeare's most problematic plays. This leads him to a comprehensive and coherent reading of the play that has important implications for further understanding of much of the Shakespearean canon and of other Renaissance works, especially those dealing with theological issues. \$15.50

ROBERT FROST AND NEW ENGLAND

THE POET AS REGIONALIST

John C. Kemp

Though critics traditionally have paid homage to Robert Frost's New England identity by labeling him a regionalist, Kemp is the first to investigate what was in fact a highly complex relationship between poet and region. Through a frankly revisionist interpretation, he not only demonstrates how Frost's relationship to New England and his attempt to portray himself as the "Yankee farmer poet" affected his poetry; he also shows that the regional identity became a problem both for the poet and his readers. \$13.50

The American Novel and Its Tradition

Richard Chase

In this classic study of the American novel, Richard Chase traces the romantic tradition in literature through two centuries of American writers. Starting with Charles Brockden Brown and finishing with William Faulkner, Chase studies at length works by James Fennimore Cooper, Nathaniel Hawthorne, Herman Melville, Mark Twain, Henry James, F. Scott Fitzgerald, and others. Through romance, Chase shows, these writers mirror the extremes of American culture—from the Puritan melodrama of good and evil to the pastoral idyll inspired by the American wilderness. \$4.95 paperback

Comedy

"An Essay on Comedy" by George Meredith

"Laughter" by Henri Bergson

edited, with an introduction and appendix, by Wylie Sypher

Laughter makes us human, runs the theme of these two renowned works. Comedy, according to George Meredith, serves an important social and moral function by redeeming us from our pride, posturings, and other sins. Focusing on laughter, Henri Bergson develops a psychological and philosophical theory of comedy that ranks it as one of life's driving forces. Complementing both essays is Wylie Sypher's appendix, which traces comedy back to its origins in early Greek civilization. \$4.95 paperback

The Act of Reading

A Theory of Aesthetic Response

Wolfgang Iser

"This book has a special appeal to all interested in literary theory since it carefully analyzes the relation between reader and text. All future studies of the reading process will have to take account of *The Act of Reading*."—Ralph Cohen, *University of Virginia*

The Act of Reading intends to change the way we view literature. Instead of looking at what a text means, Wolfgang Iser asks what happens to us while we are engaged in reading and how the meaning of a text is assembled in the mind of the reader. From there, he evolves a more general theory of how aesthetic response is initiated, develops, and functions. \$5.95 paperback, \$15.00 hardcover

Prodigal Sons

A Study of Authorship and Authority

David Wyatt

This study of the lives and works of Henry James, W. B. Yeats, Ernest Hemingway, William Faulkner, James Agee, Robert Penn Warren, and Robertson Davies builds on the tale of the prodigal son. Each writer, in life and in literature, acts out the conflict and eventual resolution between father and son, between authorship and authority. Wyatt's analysis focuses on the decisive moment when each author makes his accommodation to authority and ceases wrestling with his role as a son. For some, Wyatt shows, the moment ensures future strength; for others, a waning of energy. \$12.95

The Novel-Machine

The Theory and Fiction of Anthony Trollope

Walter M. Kendrick

Using Anthony Trollope's *Autobiography* as the basis for his analysis, Walter Kendrick demonstrates how Trollope's self-conceived life story actually outlines a theory for the making of fiction—from conception and writing to marketing and effect. Kendrick goes on to show how Trollope's theory of realism is manifested in his other works and concludes that "as much as they write about life, Trollope's novels write about themselves, teaching their readers how to live but also how to read." \$10.95

The London Theatre World, 1660-1800

Edited by **ROBERT D. HUME**. Many of the 12 essays in this book probe new territory in the exploration of Restoration and 18th-century English drama: music, publishing history, and company management. Others extend such traditional topics as social and political history in relation to theatre. Illustrated. \$18.50

John Gardner

A Bibliographical Profile

By **JOHN M. HOWELL**, with an Afterword by **JOHN GARDNER**. "So now," writes John Gardner in his afterword to this first annotated bibliography of works by and about him, compiled by his biographer, "reading John Howell's list of 'Separate publications' – XXXI in all (however many that is) – I feel pleasure and then alarm, rolling my eyes toward the ceiling, asking God, 'Is it enough?'" Illustrated. \$12.95

SARA TEASDALE
Woman and Poet

William Drake. Drawing upon letters and manuscripts available for the first time, Drake shows how personal experience and emotions shaped the work of this early twentieth century American feminist poet. "A profoundly moving, revelatory biography" — *San Francisco Examiner & Chronicle*. "Communicates the courage and tenacity of her life, the eloquence of her sensibility" — Robert Kirsch, *Los Angeles Times*. "Sympathetic, astute, utterly without condescension. . . Teasdale herself could not have wished for a better biographer." — *New York Times Book Review*. \$15.00

Solzhenitsyn and Dostoevsky
A Study in the Polyphonic Novel
 VLADISLAV KRASNOV

A ground-breaking investigation of Solzhenitsyn's novelistic art, this book delineates the unifying system behind Solzhenitsyn's artistic technique, establishes a link between this system and Dostoevsky's polyphony, and defines Solzhenitsyn's art as twentieth-century spiritual realism. **\$17.50**

Literary Impressionism, James and Chekhov
 H. PETER STOWELL

Mr. Stowell's study represents the first full investigation of literary impressionism in English, setting forth a definition of literary impressionism that forms a framework for the examination of the impressionism of James and Chekhov. Keats, Skepticism, and the Religion of Beauty
 RONALD A. SHARP

"The book is clearly the best, most accurate and incisive account yet available of Keats's religious outlook. His notion of Keats as a secular religious humanist is both valuable in itself and as an indubitable aid in reading poems, particularly 'The Eve of St. Agnes' and the first 'Hyperion,' where Sharp is at his best, a fine critic indeed"—Harold Bloom. **\$14.00**

The Cybernetic Imagination in Science Fiction

by *Patricia S. Warrick*

Warrick examines over 200 short stories and novels which portray computers as robots, as heroes and villains, gods and demons. "Warrick's serious study is noteworthy in several respects. It proposes a science fiction aesthetic and applies it to recognized classics. . . . Her book suggests that technology is growing too complex for the literary imagination to grapple with easily."—*Publishers Weekly*

"Shows an amazing combination of understanding of cybernetics and of science fiction. . . . It sets a new high standard for clear, literate, and thoughtful consideration of the field."—*Isaac Asimov*

Cataract

A STUDY IN DIDEROT

By Jeffrey Mehlman

CATARACT is a highly original study of literary speculation in the form of a precise and stimulating reading of Diderot. The book's point of inception is the recourse of both Diderot and, two centuries later, Michel Serres, to Lucretius as a guide to the "science" of their respective ages. In elaborating a genealogy that moves from Lucretius to Diderot to Serres, the study constructs a tripartite *cataract*—cloud/dike/downpour—whose meteorology comes to saturate Diderot's text, cutting across such divisions as philosophy, fiction, theater, and politics.

As the first American scholar to incorporate the critical work of Michel Serres, Mehlman succeeds not only in using Serres's idiom but also in developing his own exceptional new understanding of Diderot in a modern context.

Such Holy Song

Music as Idea, Form, and Image in the Poetry of William Blake

by B. H. Fairchild, Jr. Blake's holy trinity of art consisted of poetry, painting, and music. In this informed study, Dr. Fairchild examines the role of music in Blake's poetry, from the melodic "Songs" to the complex orchestration and thematic line of *The Four Zoas*. As a detailed examination of Blake's composite art that has received the least study, this book contributes a refreshing view into the visionary's often puzzling but always fascinating work. \$11.00

THE SHIGA HERO

William F. Sibley

"In any academic or intellectual discipline, there appear from time to time certain books which present a standard of accomplishment so much higher than had ever appeared before and which open up areas of inquiry so wholly unanticipated by previous works in the field that they mark a turning point in the evolution of the entire discipline. I believe *The Shiga Hero* to be such a book."

What they are saying about

THE PHILOSOPHY OF COMPOSITION

by E. D. Hirsch, Jr.

"Curiously skewed and downright quaint."

Janet Emig

"What's wrong with Hirsch's *The Philosophy of Composition* is, in my view, Hirsch's philosophy of composition."

Donald C. Freeman

"A good mind should not be wasted in such a manner."

Gary Tate

"The first three chapters in this book are better left unread."

Erika Lindemann

"I wish this book only limited success."

Susan Miller

"An interesting and important book . . . a moral assertion of considerable force."

Albert R. Kitzhaber

"Hirsch's work ought to become a milestone in our progress toward formulating common aims and methods."

Frederick Crews

"Among recent books about teaching composition this clearly ranks as the most profound and scholarly."

R. Baird Schuman

"*The Philosophy of Composition* should have an important impact on the study of writing."

Marlene Scardamalia and Carl Bereiter

"This book deserves to be read by every teacher of written and oral composition."

Carroll C. Arnold

All of which goes to show that Alvin B. Kernan was an accurate prophet when he wrote:

"*The Philosophy of Composition* is going to be one of the most controversial, and probably one of the most remarkable, books of our time on the increasingly crucial subject of writing."

Sex and Sensibility

Ideal and Erotic Love from Milton to Mozart
Jean H. Hagstrum

In *Sex and Sensibility* Jean Hagstrum brings a lifetime of distinguished study to the idea of love in all its aspects from the Restoration to Romanticism.

"This fine book is a crowning achievement. . . . It is plain from the first page that we are dealing with an authoritative voice—clear and judicious, often witty and pointed, with not a word wasted. The scholarship is sound, the insights fresh and original, and the result is a work of importance to eighteenth-century specialists and to literary scholars and the general reader as well."—Ronald Paulson, Yale University

Beyond Amazement

New Essays on John Ashbery

Edited by DAVID LEHMAN. "*Beyond Amazement* will be extremely useful to readers of poetry, and especially to teachers and students." – David Kalstone, Rutgers University. Ashbery's poems must be met on their own astonishing terms. Surveying his entire career to date, the ten critics writing for this volume have set out to establish those terms—to lead readers beyond amazement, toward appreciation. \$7.95
