BEYOND THE WELFARE STATE?

The New Political Economy of Welfare

Christopher Pierson

"*Beyond the Welfare State?* draws on a careful and exhaustive review of both the theoretical literature and empirical evidence on the contemporary Western welfare states and social democracy. Pierson's overview of the forces that propelled comparative welfare state development, crisis, and change is masterful, critical, and balanced. Packed with fresh insights and sharp reasoning, the book manages to pull together what it is important to know in the field of comparative welfare state studies. It is just about the best review of the literature currently available—a perfect text for upper-level university courses." —Gøsta Esping-Andersen, European University Institute

DRUG CONTROL POLICY

Essays in Historical and Comparative Perspective

A Special Issue of the *Journal of Policy History*

Edited by William O. Walker III

Drug Control Policy is a detailed look at drug control policy as it has been shaped historically in the United States and other countries, most notably China and East Asia. William O. Walker has brought together leading scholars writing in the field to contribute essays that offer broad perspectives on the history of drug policy. Contributors are William O. Walker III, John C. McWilliams, David T. Courtwright, Kathryn Meyer, Jonathan Marshall, Douglas Clark Kinder, and William B. McAllister.

JOURNAL OF POLICY HISTORY

Donald T. Critchlow, Editor
Thomas F. Curran, Managing Editor

The JOURNAL OF POLICY HISTORY offers a new approach to policy analysis that is both historical and innovative. It provides a forum for scholars concerned with enriching our understanding of public policies and their development through historical inquiry and interpretation.

Not just a subfield in the social sciences, policy history as JPH presents it is an interdisciplinary approach to understanding public policy within a historical perspective — the choices that have been made and their alternatives.
