

British Society of Animal Production

OCCASIONAL PUBLICATIONS

The British Society of Animal Production's *Occasional Publication Series* contains the full papers presented at certain symposia organized by the Society.

Copies may be obtained from the British Society of Animal Production, c/o Farms Division Office, Bush Estate, Penicuik, Midlothian EH26 0PH, Scotland.

No. 2. **THE MECHANIZATION AND AUTOMATION OF CATTLE PRODUCTION** (1977). Published 1980. 206 pp. Price £2.50 (\$4.00) + £2.00 (\$3.20) airmail supplement.

No. 3. **BY-PRODUCTS AND WASTES IN ANIMAL FEEDING** (1978). Published 1980. 118 pp. Price £2.50 (\$4.00) + £2.00 (\$3.20) airmail supplement.

No. 4. **INTENSIVE ANIMAL PRODUCTION IN DEVELOPING COUNTRIES** (1979). Published 1981. 481 pp. Price £10.00 (\$16.00) + £5.00 (\$8.00) airmail supplement.

No. 6. **FORAGE PROTEIN IN RUMINANT ANIMAL PRODUCTION** (1981). Published 1982. 193 pp. Price £10.00 (\$16.00) + £3.50 (\$5.60) airmail supplement.

No. 7. **TRACE ELEMENTS IN ANIMAL PRODUCTION AND VETERINARY PRACTICE** (1982). Published 1983. 155 pp. Price £12.00 (\$19.20) + £3.50 (\$5.60) airmail supplement.

No. 8. **MATCHING PRODUCTION TO THE MARKETS FOR MEAT** (1983). Published 1984. 127 pp. Price £12.00 (\$19.20) + £3.50 (\$5.60) airmail supplement.

No. 9. **MILK COMPOSITIONAL QUALITY AND ITS IMPORTANCE IN FUTURE MARKETS** (1984). Published 1984. 115 pp. Price £12.00 (\$19.20) + £3.50 (\$5.60) airmail supplement.

Illustrations. The same material should not normally be presented in tables and figures. Legends should be typed on a separate sheet.

- (a) Diagrams should be drawn in Indian ink, about twice the size of the finished block, on Bristol board, stout tracing paper or plastic film. Photographed diagrams are also accepted. Lettering inside the framework of the diagram should be avoided as far as possible but if unavoidable it should be included on a fly-leaf. Marginal lettering should be inserted lightly in pencil on the original diagram or on a fly-leaf.
- (b) Photographs intended for half-tone reproduction should be on glossy paper. They will be accepted only if found necessary by the Editors.
- (c) Colour plates are unlikely to be accepted unless authors bear the cost.

Tables should be as simple and as few as possible. Each table should be typed on a separate sheet.

Abstract. Every paper should have a short abstract (not more than **250** words) complete in itself and understandable without reference to the paper. *The abstract will be printed at the beginning of the paper.* An abstract is not required for a note.

References. Only papers closely related to the author's work should be referred to; exhaustive lists should be avoided. The arrangement of references should be as in recent papers in *Animal Production*; details are given in the notes for guidance.

Proofs are supplied once and must be returned corrected to the Editors *within 3 days*. Only essential corrections should be made.

Reprints. Twenty-five reprints of each paper will be supplied free to authors on request. Further copies may be purchased if the order is sent at the proof-stage. Reprints are not supplied for notes.

Animal Production is published six times a year in two volumes. Annual subscription is £65.00 (or \$135.00 in the USA and Canada) and the price for a single part is £12.00 (or \$25.00) net.

Proceedings of the British Society of Animal Production (New Series) ceased publication in 1975 and the material is now published as a separate section in the June issue of *Animal Production*.

Correspondence regarding subscriptions and sales (current and back numbers of the Journal and the Proceedings), should be addressed to: Scottish Academic Press Ltd, 33 Montgomery Street, Edinburgh, Scotland EH7 5JX.

Other enquiries, including those concerning copyright, should be addressed to: Durrant Periodicals, Winton Lea, Pencaitland, East Lothian, Scotland EH34 5AY.
