

# Health Economics, Policy and Law

**Editors:**

Adam Oliver, *London School of Economics and Political Science, UK*

Elias Mossialos, *London School of Economics and Political Science, UK*

International trends highlight the confluence of economics, politics and legal considerations in the health policy process. **Health Economics, Policy and Law** serves as a forum for scholarship on health policy issues from these perspectives, and is of use to academics, policy makers and health care managers and professionals. **Health Economics, Policy and Law** is international in scope, publishes both theoretical and applied work, and contains articles on all aspects of health policy. Considerable emphasis

is placed on rigorous conceptual development and analysis, and on the presentation of empirical evidence that is relevant to the policy process.

# International Journal of Technology Assessment in Health Care

**Editor:**

Marjukka Mäkelä

*Finnish Office for Health Technology Assessment, Finland*

The **International Journal of  
Technology Assessment in  
Health Care** serves as a forum for

the wide range of health policy makers and professionals interested in the economic, social, ethical, medical and public health implications of health technology. It covers the development, evaluation, diffusion and use of health technology, as well as its impact on the organization and management of health care systems

and public health. In addition to general essays and research reports, regular columns on technology assessment reports and thematic sections are published.

## GUIDELINES FOR CONTRIBUTORS

**SCOPE OF THE JOURNAL.** *Cambridge Quarterly of Healthcare Ethics* is designed to serve as an international forum for addressing the increasingly complex challenges of biology, medicine, and healthcare. As a journal committed to expanding the community of bioethicists worldwide, *CQ* welcomes well-argued papers from a variety of methodological and normative viewpoints.

**PREPARATION OF MANUSCRIPTS.** Papers submitted to *CQ* should be sent as electronic copy, preferably in MS Word, and should contain in the following order: title page, text, references, and, if desired, tables and figures. Manuscripts typically should not exceed 3,500 words, including endnotes. On a separate page, supply a brief entry listing academic degrees, institutional affiliation, and current projects for a "Contributors" section that appears in each issue of *CQ*. More detailed guidelines follow.

**Title Page:** Title of the article, name of each author with institutional affiliation and complete mailing address for correspondence, plus phone and fax numbers and e-mail address. Include a short title of 45 characters or fewer to be used as a runninghead. Acknowledgments, if any, are to be provided with the submission as an unnumbered footnote. They are not to be added later with proof corrections.

**References:** Responsibility for accuracy and thoroughness of citations rests with the author(s). References are to be placed as endnotes following the article (not as footnotes on each page) and are to be numbered in the order of the callouts. *For multiple callouts of the same reference, each callout is to be given its own superscript arabic number; then in the Notes section a crossreference should be used, styled as in item 4 below.* The names of the first six authors of each reference item should be provided, followed by ", et al." if there are more than six authors. References should follow the format of the International Committee of Medical Journal Editors, *with the CQ modification that titles of journals and books are to be spelled out in full (except JAMA) and italicized.* Sample references in the style of the ICMJE Uniform Requirements for Manuscripts Submitted to Biomedical Journals can be obtained at [http://www.nlm.nih.gov/bsd/uniform\\_requirements.html](http://www.nlm.nih.gov/bsd/uniform_requirements.html). Lawyers may use their own standard style ("The Bluebook") but avoid abbreviations. Examples of the correct *CQ* format follow.

- "Unpublished observations" and "personal communications" should not appear in the references, but should be inserted in parentheses in the text.

**Quotations:** Extensive quotations should be set off in a separate paragraph with double indentation. Short quotations remain in the running text, enclosed in double quotation marks. When quoting another author, always indicate the specific source page number in the corresponding endnote.

**Abbreviations:** Avoid abbreviations in the title. The full term for which an abbreviation stands should precede its first use in the text.

**Tables:** Each table should be on a separate page with a brief title. Number tables consecutively (with arabic numbers) in the order they are called out in the text. If data from another published or unpublished source are used, acknowledge permission fully.

**Figures:** Only print-ready figures can be accepted. Identify each with the number of the figure (use arabic numerals in the order called out in the text) and the author's name. On a separate page give a detailed caption for each figure. If a figure has been published, acknowledge the original source and permission to reproduce.

**MANUSCRIPT SUBMISSION.** Manuscript submissions should be sent to Thomasine Kushner, Ph.D. To facilitate review, manuscripts are to be submitted as electronic copy, preferably in MS Word, and addressed to: [TKushner@aol.com](mailto:TKushner@aol.com). Before manuscripts can be considered for review, they must meet the standard requirements of written academic English. Author(s) should state, in a covering letter, that the material has not been previously published elsewhere nor submitted for publication elsewhere. Authors should also disclose financial or other relationships that might lead to a conflict of interest.

**COPYRIGHT.** Authors of accepted articles will be asked to sign a Transfer of Copyright form, transferring copyright of the article to the publisher.
