

ALPHABETICAL LIST OF MEMBERS
LISTE ALPHABETIQUE DES MEMBRES

Names are given under the first letter of the first word; for example the name Van de Hulst will be found under V.

The names of the countries are given in their English form.

Names of astronomers using the Cyrillic alphabet in their own country (U.S.S.R.) are given with the new transliteration rules adopted by the International Organization for Standardization (I.S.O.) (see, in this volume, page 113). In all cases, the previously used transliteration follows the new one, in brackets; appropriate cross-referencing has been attempted. Example: YAKHONTOVA [see JAHONTOVA] is found under Y, while JAHONTOVA (and the address) is found under J. In other sections of the *Transactions*, either spelling may appear. Note that Č, Š, Ž follow C, S, Z in the alphabetical list.

Please inform the Assistant Secretary of the I.A.U., Observatoire de Nice, Le Mont-Gros, 06-Nice, France, of any errors you may find in this list. The list has been corrected to May 1966.

Les noms figurent à la première lettre du premier mot; par exemple, le nom 'Van de Hulst' se trouve à la lettre V.

Les noms de pays sont donnés sous leur forme anglaise.

Les noms des astronomes utilisant l'alphabet cyrillique dans leur pays (U.R.S.S.) sont donnés selon les nouvelles règles de translitération adoptées par l'I.S.O. (International Organization for Standardization) (voir dans ce volume, page 68). Dans tous les cas, les translitérations usuelles de ces noms suivent, entre parenthèses, les nouvelles formes. Quand ces formes usuelles sont placées, dans l'ordre alphabétique, différemment des nouvelles, le nom est également cité à sa place usuelle; par exemple, YAKHONTOVA [see JAHONTOVA] se trouve à la lettre Y, tandis que la nouvelle forme JAHONTOVA (et l'adresse) se trouve à la lettre J. Dans les volumes des *Transactions* de l'U.A.I., on peut rencontrer les deux orthographes. A noter que les initiales Č, Š, Ž suivent les initiales C, S, Z dans la liste alphabétique.

Les Membres de l'Union sont priés de bien vouloir informer le Secrétaire Adjoint de U.A.I., Observatoire de Nice, Le Mont-Gros, 06-Nice, France, de toutes les erreurs qu'ils pourraient relever dans la présente liste. Cette liste a été corrigée jusqu'en Mai 1966.
