

"On the Formation of Salivary Calculus over the Inferior Incisors, caused by Habitual Mouth-breathing," *JOURN. OF LARYNGOL., RHINOL., AND OTOL.*, 1895

"Über Behandlung von Erkrankungen der Nebenhöhlen der Nase mit dem Menthol-Insufflator und dem Politzer'schen Verfahren," *Therapeutische Monatschr.*, 1896.

"De la Surdit  Cons cutive   la Cicatrisation du Tympan," *Rev. Internat. de Rhinol.*, 1897.

"Les Signaux Acoustiques des Chemins de fer et l'Acuit  Auditive des M caniciens" (*ibid.*, 1897, II).

Professor Guye's lamented death took place as the result of pneumonia on the 15th of January last. He leaves behind him a widow, two sons, and a daughter.

PRIZES FOR SPECIAL RESEARCH IN OUR DEPARTMENT.

IN a spirit both generous and highly commendable some of the senior members of the AMERICAN LARYNGOLOGICAL, RHINOLOGICAL, and OTOLOGICAL SOCIETY have offered prizes for the encouragement of special research in diseases of the ear, nose and throat. The topics selected and the names of the donors are as follows: "The Etiology and Treatment of Mycosis occurring in the Upper Respiratory Tract," Dr. H. Holbrook Curtis. "Atrophic Rhinitis," Dr. H. Braden Kyle. "What Operative Treatment offers the Best Results for the Cure of Chronic Suppurative Frontal Sinusitis?" Dr. Charles W. Richardson. "Original Work on Rarefication of the Labyrinthine Capsule," Dr. Norval H. Pierce. "Chronic Non-Suppurative Inflammation of the Middle Ear," Dr. Edward B. Dench. The prizes are each of the value of one hundred dollars. The competition is limited to members of the Society, which numbers about 270. The essays on the first four subjects are to be presented to the Secretary before April 15 of the present year. The prizes for the last two subjects will be competed for in 1906. The successful paper for each prize will be read at the Annual Meeting, which will be held this year, the eleventh of the Society, under the presidency of Dr. Frederic C. Cobb, at Boston, Massachusetts, on June 5, 6, and 7. We hope to be able to afford our readers the opportunity of perusing the papers.

THE OTOLOGICAL SOCIETY OF THE UNITED KINGDOM will hold the Extra-Metropolitan Meeting this year at Manchester on Saturday, June 3. The next meeting of the Society will be held on Monday, May 1, when a discussion upon "Vertigo; its Pathology and Treatment," will be introduced by Sir Victor Horsley and Dr. Risien Russell.
