

# Save the Date!

AUGUST 3–7, 2014 • M&M 2014 & IUMAS-6

held in conjunction with

## Expand your Knowledge of Microscopy with MSA Membership!

**Whether your primary focus is in optical, electron or scanning probe microscopy, the biological or the physical sciences, MSA takes your knowledge to the next level!**

**Members Receive:**

- A personal subscription to MSA's official journal, *Microscopy and Microanalysis*, and MSA's popular bi-monthly magazine, *Microscopy Today*.
- Peer Networking through the Society's Focused Interest Groups and Local Affiliated Societies.
- Plus discounts on books, journals and other educational materials.
- MSA Awards Programs, Scholarships, Speaker Opportunities, and much more!

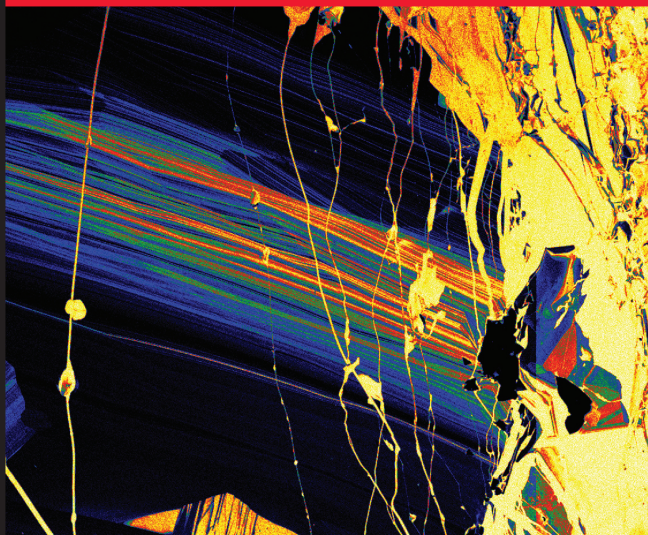

**Join MSA Today!**

For more information: visit [www.microscopy.org](http://www.microscopy.org) or call 1-800-538-3672

Living up to Life

MICROSYSTEMS

# Your Image Starts Here!

## Learn More!

### Visit booth #804 at M&M 2013

The ultimate quality of your microscopic images begins with high-quality, precise sample preparation. **Leica Microsystems** is the leader in innovative sample preparation workflow solutions for TEM, SEM, and light microscope imaging.

**Visit booth #804 at M&M 2013** and see how we can simplify your work and improve your image quality, with a wide range of sample preparation and optical and digital microscopes uniquely designed to yield high level accuracy and efficiency.

Please join us at the following events:

- Attend the Leica-sponsored Sunday Short Course : X10 Cryo-preparation for Biological EM by **Kent McDonald**
- Enjoy refreshments at Leica's scheduled in-booth tutorials on Monday evening
- Check in at the Leica booth for additional in-booth tutorials

# YOUR SOURCE AND SUPPORT FOR ELECTRON MICROSCOPY

For over 60 years, JEOL has been the leader in electron microscopy development, manufacturing, and support. Today, thousands of labs worldwide use JEOL instruments, ranging from the latest in SEM and TEM technology to earlier models that still provide a valuable service to their loyal owners.

Each of these users knows the value of JEOL equipment, and the responsiveness of the support team standing behind it. We thank our loyal customers for choosing us for their imaging and analytical needs, and invite everyone to come see what's new in electron microscopy at JEOL.
