

Corrigendum

Prematurity at birth and adolescent depressive disorder—CORRIGENDUM

George C Patton, Carolyn Coffey, John B. Carlin, Craig A. Olsson and Ruth Morley

<https://doi.org/10.1192/bjp.184.5.446>, Published by Cambridge University Press, 3 January 2018. First published May, 2004, by The Royal College of Psychiatrists.

The confidence intervals in the last sentence of the second paragraph of the Results section (p. 446) are stated incorrectly. The sentence should read:

“On bivariate analysis, prematurity and low birthweight were associated with approximately sixfold (OR = 5.7; 95% CI 1.4–23) and

approximately threefold (OR = 2.9; 95% CI 0.6–14) increases in the odds of CIDI-defined depressive disorder, respectively.”
