Editorial

Otitis externa management, septal surgery outcomes, laryngeal dysplasia and paediatric sleep-disordered breathing:
EW Fisher, J Fishman 471

Review Article

Diagnostic and treatment challenges in neurofibroma concerning the external nose: *N Shakrawal, M Chouhan, B Solanki* 473

Main Articles

A high-resolution computed tomography based scoring system to predict ease of electrode insertion in cochlear implantation: *A Das, M Janweja, A Dubey, S Mitra and A Sengupta* 479

Otitis externa: what is the problem with getting it right? A mixed-methods study in primary and secondary care:
H Mohammed, MW Mather, J Lumb, CC Butler, JA Wilson 486

Knowledge, attitude and practices regarding cochlear implants among medical doctors other than otolaryngologists:
a prospective cross-sectional study: *Y Mounika Reddy, L Anjali, A Augustine, J Mary, P Ajay* 492

Effect of pre-operative mastoid pneumatization on tympanoplasty success: *YM ElBeltagy, AM Askoura, DEA Hangal, AA Teaima* 500

A contemporary overview on the enigma of managing recalcitrant or intractable post-operative otorrhoea following middle-ear surgery: perspectives, principles and practices: *A Kumar Pandey, S Hernot, A ul Haq, C Bansal, M Kaintura, A Bhardwaj, A Varma, F Anjum, A Kumawat* 505

Septoplasty: early (first year) and late (fourth year) post-operative results in 604 patients: *R Haye, LK Døsen, M TarAngen, C Gay, MT Egeland, O Shiryaeva* 514

Perspectives on paediatric sleep-disordered breathing in the UK: a qualitative study: *C Haighton, RM Watson, JA Wilson, S Powell* 520

Non-opioid analgesics and post-operative pain following transoral robotic surgery for oropharyngeal cancer:
KM Van Abel, AB Sauer, SC Kruthiventi, TN Weingarten, DB Noel, DL Price, JL Kasperbauer, JR Janus, KD Olsen, EJ Moore 527

The impact of coronavirus disease 2019 on the head and neck cancer pathway in the West of Scotland: *I Drake, A Rogers, M Stewart, J Montgomery* 535

Impact of coronavirus disease 2019 on head and neck urgent suspected cancer referral pathways in rural Wales:
E Abelardo, R Gravelle, M Scannell, P Shastri, M Vandekar, G Davies, L Volpini, V Prabhu 540

Laryngeal dysplasia: a 10-year review of rates of progression to invasive carcinoma and treatment-specific outcomes in a regional ENT department in Northern Ireland: *G Donaldson, L McCadden, S Napier, TJ Tan* 547

Idiopathic subglottic stenosis in Saskatchewan Hutterite population: *C Holmes, K Aravinthan, RA Murphy, R Gore-Hickman, SP Nair, AR Sharma* 554

Short Communications

Superior semicircular canal dehiscence repair with small middle fossa craniotomy using an oto-microscopic and co-endoscopic assisted approach: *S Tugrul, A Yenigun, Y Kulaksiz, R Dogan, F Aksoy, O Ozturan* 559

A novel approach to myringotomy simulation: *Z Kelly, A Cao, N Ahmedli, M Nassar* 562

Book Reviews

568

Corrigendum

572
