“The strong thing is the just thing.”

Carlyle.

‘Tabloid’ marks the work of
Burroughs Wellcome and Company.

The use of the word is to enable the physician, chemist and patient to get the right thing with one short word, instead of the firm’s long name.

If another maker applies the word to his product, the act is unlawful. ‘Tabloid’ is our registered trade-mark.

If a vendor disregards it, in dispensing or selling, the act is unlawful—for the same reason.

We prosecute both offenders rigorously, in the interest of physicians, chemists, patients and ourselves.

Please inform us of any instance of either offence.
