A MOLECULAR INCORPORATION OF  
THE FINEST NORWEGIAN COD LIVER  
OIL IN 'KEPLER' MALT EXTRACT,

'Kepler'

Solution

IS therefore an intimate association of two very valuable foods. Its palatability distinguishes it from all other preparations of cod liver oil, and this superiority is due to the fine quality of its ingredients and to the original method of preparation employed, and not to pungent, crude and artificial flavouring matters. 'Kepler' Solution is digested as easily as it is ingested.

*Supplied in small and large bottles.*
