UNIVERSITY PRESS

CONTENTS

Breeding and genetics

- Gu, H. R., Wan, Y. F., Yang, Y., Ao, Q., Cheng, W. L., Deng, S. H., Pu, D. Y., He, X. F., Jin L., and Wang, Z. J.
Genetic and morphology analysis among the pentaploid F₁ hybrid fishes (*Schizothorax wangchichii* ♀ × *Percocypris pingi* ♂) and their parents 2755
- Noguera, J. L., Ibáñez-Escriche, N., Casellas, J., Rosas, J. P. and Varona, L.
Genetic parameters and direct, maternal and heterosis effects on litter size in a diallel cross among three commercial varieties of Iberian pig 2765

Nutrition

- Dobrowolski, P., Tomaszewska, E., Klebaniuk, R., Tomczyk-Warunek, A., Szymańczyk, S., Donaldson, J., Świetlicka, I., Mielnik-Błaszczak, M., Kuc, D. and Muszyński, S.
Structural changes in the small intestine of female turkeys receiving a probiotic preparation are dose and region dependent 2773
- Zhang, H., Guo, Y. P., Chen, W. Q., Liu, N., Shi, S. L., Zhang, Y. J., Ma, L. and Zhou, J. Q.
The potential application of plant wax markers from alfalfa for estimating the total feed intake of sheep 2782
- Özkan Gülzari, Ş., Lind, V., Aasen, I. M. and Steinshamn, H.
Effect of supplementing sheep diets with macroalgae species on *in vivo* nutrient digestibility, rumen fermentation and blood amino acid profile 2792
- Murney, R., Burggraaf, V., Mappa, N., Gancheb, E. and King, W.
The effect of cultivated mixed-species green fodder on intake, milk production and milk composition of housed dairy goats 2802
- Pi, Y., Ma, L., Pierce, K. M., Wang, H. R., Xu, J. C. and Bu, D. P.
Rubber seed oil and flaxseed oil supplementation alter digestion, ruminal fermentation and rumen fatty acid profile of dairy cows 2811
- De La Torre, A., Andueza, D., Renand, G., Baumont, R., Cantalapiedra-Hijar, G. and Nozière, P.
Digestibility contributes to between-animal variation in feed efficiency in beef cows 2821

Physiology and Functional Biology

- Verdile, N., Mirmahmoudi, R., Brevini, T. A. L. and Gandolfi, F.
Evolution of pig intestinal stem cells from birth to weaning 2830
- Fernández-Figares, I., Lachica, M., Martínez-Pérez, M. and Ramsay, T. G.
Conjugated linoleic acid and betaine affect lipolysis in pig adipose tissue explants 2840
- Basiricó, L., Morera, P., Dipasquale, D., Bernini, R., Santi, L., Romani, A., Lacetera, N. and Bernabucci, U.
(-)-Epigallocatechin-3-gallate and hydroxytyrosol improved antioxidative and anti-inflammatory responses in bovine mammary epithelial cells 2847

Welfare, Behaviour and Health Management

- Raccourcier, M., Thaxton, Y. V., Christensen, K., Aldridge, D. J. and Scanes, C. G.
Light intensity preferences of broiler chickens: implications for welfare 2857
- Hockenhuil, J., Main, D. C. J. and Mullan, S.
'Would it sell more pork?' Pig farmers' perceptions of Real Welfare, the welfare outcome component of their farm assurance scheme 2864
- Scoley, G., Gordon, A. and Morrison, S. J.
The effect of calf jacket usage on performance, behaviour and physiological responses of group-housed dairy calves 2876
- Aubé, L., Guay, F., Bergeron, R., Bélanger, G., Tremblay, G. F. and Devillers, N.
Sows' preferences for different forage mixtures offered as fresh or dry forage in relation to botanical and chemical composition 2885
- Chauhan, I. S., Misra, S. S., Kumar, A. and Gowane, G. R.
Survival analysis of mortality in pre-weaning kids of Sirohi goat 2896

Livestock Farming Systems

- Edouard, N., Charpiot, A., Robin, P., Lorinquer, E., Dollé, J.-B. and Faverdin, P.
Influence of diet and manure management on ammonia and greenhouse gas emissions from dairy barns 2903
- Mostert, P. F., Bokkers, E. A. M., de Boer, I. J. M. and van Middelaar, C. E.
Estimating the impact of clinical mastitis in dairy cows on greenhouse gas emissions using a dynamic stochastic simulation model: a case study 2913
- Schäler, J., Addo, S., Thaller, G., and Hinrichs, D.
Exploration of conservation and development strategies with a limited stakeholder approach for local cattle breeds 2922

Quality of Animal Products

- Mota, M. M., Hermes, R. G., Araújo, C. S. S., Pereira, A. S. C., Ultimi, N. B. P., Leite, B. G. S. and Araújo, L. F.
Effects on meat quality and black bone incidence of elevated dietary vitamin levels in broiler diets challenged with aflatoxin 2932
- Untea, A. E., Panaite, T. D., Dragomir, C., Popota, M., Olteanu, M. and Varzaru, I.
Effect of dietary chromium supplementation on meat nutritional quality and antioxidant status from broilers fed with Camelina-meal-supplemented diets 2939

Special Topic: 17th Manipulating Pig Production Conference

- Patience, J. F. and Pluske, J. R.
Editorial: Evolving technological change in pork production supporting expectations of improved productivity, sustainability and flexibility 2948
- Boyd, R. D., Zier-Rush, C. E., Moeser, A. J., Culbertson, M., Stewart, K. R., Rosero, D. S. and Patience, J. F.
Review: innovation through research in the North American pork industry 2951
- Tokach, M. D., Menegat, M. B., Gourley, K. M. and Goodband, R. D.
Review: Nutrient requirements of the modern high-producing lactating sow, with an emphasis on amino acid requirements 2967
- Bagnell, C. A., and Bartol, F. F.
Review: Maternal programming of development in the pig and the lactocrine hypothesis 2978
- Lents, C. A.
Review: kisspeptin and reproduction in the pig 2986
- Hutchinson, M. R., and Terry, R.
Review: What innovations in pain measurement and control might be possible if we could quantify the neuroimmune synapse? 3000
- Norton, T., Chen, C., Larsen, M. L. V. and Berckmans, D.
Review: Precision livestock farming: building 'digital representations' to bring the animals closer to the farmer 3009
- Piotrowski, C., Garcia, R., Garrido-Varo, A., Pérez-Marin, D., Riccioli, C. and Fearn, T.
Short Communication: The potential of portable near infrared spectroscopy for assuring quality and authenticity in the food chain, using Iberian hams as an example 3018
- DiGiacomo, K. and Leury, B. J.
Review: Insect meal: a future source of protein feed for pigs? 3022
- Little, S. B., Crabb, H. K., Woodward, A. P., Browning, G. F. and Billman-Jacobe, H.
Review: Water medication of growing pigs: sources of between-animal variability in systemic exposure to antimicrobials 3031
- Warner, R. D.
Review: Analysis of the process and drivers for cellular meat production 3041
- List of reviewers 2019 3059
- List of reviewers 3059
