

Greece & Rome is a journal which delivers scholarly research to a wider audience. It showcases original and informative articles on ancient history, literature, art, archaeology, religion, philosophy, and reception of the ancient world. Although its content reflects current research and its contributors include leading figures in the field, undergraduates and general readers who wish to be kept informed of current thinking will also find it engaging and accessible, as well as professional scholars in Classics and in other disciplines. With the wider audience in mind all Greek and Latin quotations are translated.

A subscription to *Greece & Rome* includes an annual supplement of *New Surveys in the Classics*.

PLUTARCH

Plutarch of Chaeronea is one of the most influential and fascinating authors of antiquity. His *Parallel Lives* and *Moralia* are storehouses of challenging questions, valuable insights and interesting observations. Moreover, they contain a wealth of quotations from and references to earlier writers and traditions and thus provide one of the richest gateways to the ancient world. This book introduces the reader to Plutarch's life and to the different facets of his variegated thinking and writing, such as his tremendous erudition, his Platonism and (moral) philosophy, his interpretation of history and his view of God. Above all, Plutarch stands out as a particularly clever and subtle thinker, driven by a spirit of painstaking enquiry (*zetesis*) that shows authentic and impressive intellectual honesty and sincere love of the truth. In this respect, as in many others, he remains an inspiring model even for us today.
