**RUN  
WITH THE  
LEADER**

Physio-Control is the world leader in the development and manufacture of the external defibrillator/monitor/pacemakers you need to help save lives. Worldclass products used daily in more than 75 countries.

Our instruments are technologically advanced, yet simple to use, so you can defibrillate, monitor, and pace, quickly and effectively, with confidence.

Our reputation for revolutionary products extends beyond manufacturing to the superior service we give every device we make. We back all our products with the largest network of field technical service representatives in the industry.

Run with the leader. Call Physio-Control.
