

THE HADRIANIC SCHOOL

A Chapter in the History of Greek Art

By

J. M. C. TOYNBEE

Illustrated. 42s. net.

Miss Toynbee has sought, by a patient study of the extant monuments, to re-interpret the Hadrianic School in relation to its environment. The book will appeal to the student of Ancient History, to the lover of Ancient Art, and to all intelligent collectors of Roman Coins.

"These are serious original contributions to an essential problem of Roman art which no student of it, Romanist or Hellenist, can neglect."—*The Times Literary Supplement.*
