This Apparatus is a very clever invention; it not only adds to the great convenience of gentlemen, who are enabled to score their own games without leaving the table, by the simple pressure of buttons fixed on the cushions, at the same time ringing a bell; but likewise gives the proprietor or manager a thorough control over the table—inasmuch as it scores the exact number of games played during the day.

It is, therefore, especially adapted for private Gentlemen, Clubs, Hotels, and Billiard Saloons, and can be fitted to any Billiard Table.
