A Publication of The Paleontological Society

UTK Publication EO1-1040-001-95

The University of Tennessee, Knoxville, does not discriminate on the basis of race, sex, color, religion, national origin, age, handicap or veteran status in provision of educational opportunities or employment benefits.

UTK does not discriminate on the basis of sex or handicap in the educational programs and activities which it operates, pursuant to requirements of Title IX of the Educational Amendments of 1972, Public Law 92-318; and section 504 of the Rehabilitation Act of 1973, Public Law 93-112; respectively. This policy extends both to employment and admission to the University.

Inquiries concerning Title IX and Section 504 should be directed to the Director of Affirmative Action; 403-B Andy Holt Tower; The University of Tennessee, Knoxville, Tennessee 37996-0144; (615) 974-2498. Charges of violation of the above policy should be directed to the Office of the Director of Affirmative Action.

CONTENTS

PROGRAM	ii
PREFACE	iii
AUTHORS	iv
Vertebrate Paleontology and Evolutionary Theory by Robert M. Schoch	1
The Origin and Early Evolution of the Craniata by Kevin J. Peterson	14
Gnathostomes (Jawed Vertebrates) by John G. Maisey	38
Bony Fishes by Colin Patterson	57
The Origin of the Tetrapods by Keith S. Thomson	85
Amphibia: Disparity and Diversification of Early Tetrapods by Michael A. Fracasso	108
The Diversification of the Amniotes by Jacques A. Gauthier	129
On the Origin of Birds and of Avian Flight by John H. Ostrom	160
Tertiary Bird History: Notes and Comments by Alan Feduccia	178
Synapsid Evolution and the Radiation of Non-Eutherian Mammals by James A. Hopson	190
The Radiation of Placental Mammals by Michael J. Novacek	220
Mammalian Evolution by Donald R. Prothero	238

*This volume is dedicated
to the memory of*

*Everett C. "Ole" Olson
(1910-1993)*

*In honor of his many significant
contributions to our understanding
of the major features of
vertebrate evolution*
