# The Common Law Zone in Panama

## A Case Study in Reception

by **Wayne D. Bray**

The first comprehensive survey in book form seen from an historical perspective of the legal problems involved in the Panama Canal Zone, clearly showing the relevance of that history to contemporary concerns, including current treaty controversy. Of special interest to historians, government officials, lawyers, and Latin Americanists.

"... an accurate, precise, and scholarly work on the legal and jurisdictional framework within which the U.S. operates the Canal and runs the Canal Zone ... contains interesting and relevant primary material ... not heretofore easily accessible to decision-makers and people of the United States."

**RALPH H. METCALFE**

*Chairman, Subcommittee on the Panama Canal  
U.S. House of Representatives*

"... an objective, concise accounting of the background and current legal status of the Panama Canal Zone. For one seeking an insightful and informative analysis of the Canal and the current dispute over it, no better book could be found."

**J. W. FULBRIGHT**

*Former Chairman, U.S. Senate  
Foreign Relations Committee*

"... a comprehensive and extraordinarily clear account of the Canal Zone's legal status reaching back more than 400 years ... examines the advent of Civil Law under Spanish auspices and its displacement by the Common Law when the U.S. took over control of the Canal ... sorts out ambiguities and ... complexities ... model of objectivity in dealing with the legal background on the Canal Treaty controversy."

"... essential reading."  
*Foreign Affairs*

**RAY S. CLINE**

*Executive Director of Studies,  
Georgetown University Center for  
Strategic and International Studies*

### SPECIAL PRIZE

"... a very valuable addition to the legal history of Panama and should be recognized as such."

Copies not distributed—1. Office use, left over, unaccounted, spoiled after printing: Average number copies each issue during preceding 12 months, 884; actual number copies of single issue published nearest to filing date, 724. 2. Returns from news agents: Average number copies each issue during preceding 12 months, 0; actual number copies of single issue published nearest to filing date, 0. G. Total (sum of E, F1 and 2—should equal net press run shown in A): Average number copies each issue during preceding 12 months, 3658; actual number copies of single issue published nearest to filing date, 3466. 11. I certify that the statements made by me above are correct and complete. Stephen M. Miller, Journals Manager, University of Wisconsin Press (signature of publisher).

## **Air Mail Service is now available for those subscribers who wish to receive their issues quickly.**

Present Second Class rates allow only surface shipment and issues often arrive 3-9 weeks after publication.

Air Mail Service will insure that issues are sent First Class Air at publication to arrive within a few days.

The service is \$12.50/year (plus the regular subscription rate) to cover postage and handling.

Regular subscribers may request the service for their next issue; first-time subscribers and renewals may also elect the service.

Remit in U.S. Funds. Individuals must prepay. Make checks and money orders payable to: Journals, University of Wisconsin Press.

Mail to: Journals  
University of Wisconsin Press  
P.O. Box 1379  
Madison, Wisconsin 53701 U.S.A.

Please include full information as to your name and address, your subscription status and the journal you are interested in. If possible, please send the label from the journal if you subscribe.

# WORLD POLITICS

A Quarterly Journal of International Relations

In the last survey conducted by the American Political Science Association, a nationwide sampling of political scientists rated WORLD POLITICS "first for quality." Celebrating its 30th year of publication, WORLD POLITICS continues to offer research articles on the frontiers of scholarship—in history, geography, economics, international relations, military affairs, foreign policy, sociology, and political theory.

## Articles from recent issues include:

Cooperation under the Security Dilemma *by Robert Jervis*  
Compulsion and Social Change: Is Authoritarianism the Solution to India's Agricultural Development Problems? *by Francine Frankel*

Integration Theory and the Growth of Nationalist Minority Movements *by Anthony H. Birch*

Rationality at the Brink: The Role of Cognitive Processes in Failure of Deterrence *by Jack Snyder*

A New Brezhnev Doctrine: The Restructuring of International Relations *by R. Judson Mitchell*

Chinese Conflict Calculus and Behavior: Assessment from a Perspective of Conflict Management *by Steve Chan*

**Publish  
Your  
Book in  
30 to 90  
Days**

You've written a book, one you feel is a contribution to international relations. Or it would be, if only someone would publish it.

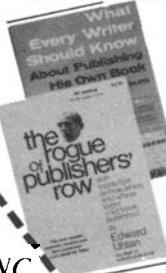

Economics prevent most publishers from accepting a book that does not have an assured sale of at least 10,000 copies. And overburdened university presses, when they do accept one, often schedule publication two or more years in the future.

We offer a complete publishing service, including editorial supervision, a dynamic advertising and promotional program and trade distribution.

**FREE:** Two fact-filled source books presenting a detailed description of our publishing plan, a breakdown of contract terms and typical costs.

# thinking ahead

Unesco and  
the challenges of today  
and tomorrow

---

---

*Introduction by  
Amadou-Mahtar M'Bow,  
Director General of Unesco*

Based on Unesco's Medium Term Plan, 1977-1982, in which:

- major world problems are analyzed
- Unesco's contribution towards their solution is assessed
- principles and priorities for future action are established, and
- resources are allocated

**Thinking ahead** outlines Unesco's medium-term objectives within the framework of the following ten problem areas:

1. Universal affirmation of human rights
2. The path towards peace
3. Man at the centre of development
4. Man and the horizons of science and technology
5. Educational action
6. Participation
7. Man and his environment
8. Population: individual and collective problems
9. Communication
10. Managing mankind's knowledge
