

## GUIDELINES FOR MANUSCRIPT SUBMISSION

### ELIGIBILITY

At least one author must be a member of the NAREA.

### SUBMISSION

Four copies of the manuscript, including one original copy, should be sent to:

Linda K. Lee, Editor, *ARER*  
Department of Agricultural and Resource Economics, U-21  
W.B. Young 318, 1376 Storrs Road  
University of Connecticut  
Storrs, CT 06269-4021

Submissions by electronic mail to [lindalee@uconn.com](mailto:lindalee@uconn.com) will also be accepted. Manuscripts should be sent as an attachment using MIME, UU, or BinHex encoding. Journal information, including guidelines for manuscript submission, is available at the *ARER*'s home page URL: <http://www.halcyon.com/uconn/ARER.html>.

### COVER LETTER

Indicate whether the material has been offered for publication, published in a similar form elsewhere, and so far as the author(s) knows, does not infringe upon other published material protected by copyright.

### TITLE PAGE AND ABSTRACT

On the first page, list the title of the paper, the author(s), their title(s), department(s), institution(s), and complete address(es). On the next page, list the title of the paper, an abstract not to exceed 100 words, and five or fewer key words describing the content of the manuscript. The author(s)' identification should not be repeated in the abstract or on other pages of the manuscript.

### TEXT PREPARATION

The manuscript should be typed on 8½" × 11" standard weight white paper, and all material, including references and footnotes, should be double-spaced with margins of at least 1¼ inch. Use 12 point Times or a similar font style and size. Text should be submitted in popular word-processing formats for ease of translation such as Microsoft Word® 5.1 or later versions (Macintosh® or PC) or WordPerfect® 5.1 or later versions (PC).

### STYLE

Follow the *Chicago Manual of Style* by the University of Chicago Press.

### TABLES

Each table should be on a separate page with all material double-spaced. Titles should be short and descriptive.

### FIGURES

If your manuscript is accepted, send us hard copy originals of figures ready for photographic reproduction. Each figure should be placed on a separate page, and each must have a title.

### MATHEMATICAL NOTATION

Use *only essential* mathematical notation. Avoid using the same character for both superscripts and subscripts, using capital letters as superscripts and subscripts, and using overbars, tildes, carets, and other modifications of standard type. Asterisks, primes, and lowercase English letter superscripts are suitable. Use your word processor's character formatting for bold (vector and matrices), italic (variables), superscript, and subscript styles and use simple Symbol font whenever possible for typesetting mathematical notation.

### FOOTNOTES

In general, the use of footnotes should be avoided. Number all notes consecutively and type double-spaced on separate pages at the end of the manuscript.

### REFERENCES

List references alphabetically and unnumbered on a separate page or pages at the end of the manuscript with the heading "References." List only those actually cited. Refer to references by the names of the authors and the year of the publication. If there is more than one in a given year, then use, for example, 1981a, 1981b. Authors can be referred to in the text parenthetically as (Smith 1995) or (Jones 1981) or (Smith 1995, p. 5), or the names can be used as part of a sentence such as "Smith and Jones (1995) maintain. . . ." A style sheet on references and citations is available from the editor or through the *ARER*'s home page.

### PAGE CHARGE

A page charge is billed to the department or agency after the article is accepted for publication.
