THOMAS MOORE

The Style of Connectedness
Gravity's Rainbow and Thomas Pynchon

In an effort to make Pynchon's work more accessible, Thomas Moore surveys all the major, and often confusing, backgrounds in *Gravity's Rainbow* and illustrates how the novel remains movingly humane, as its author searches for the love and connections that still hide in the vast designs of things.

HUCKLEBERRY FINN
Harold Beaver

Popular from its first publication, *The Adventures of Huckleberry Finn* remains at the center of heated controversy. Is it an adult novel or juvenile fiction? Is it reconciliatory or racist? Is Huck a new Western hero or an amoral prankster? Is Twain's book a tall tale of the frontier or a grand tale in the picaresque tradition? Harold Beaver reconciles these divergent views in this comprehensive and lively critical account of the novel and the complex debates that surround it. MONTAIGNE'S ESSAIS
Dorothy Coleman

Montaigne described his *Essais* as "the only book in the world of its kind." In this volume, Dorothy Coleman guides the reader through this complex, innovative, and stimulating Renaissance text and provides a fresh appraisal of Montaigne's ideas, images, and the continuing influence of his work. Coleman discusses Montaigne's intellectual and philosophical background, his ethical, anthropological and political ideas, the Classical tradition, and psychology and humanity in the study of the self. Visionary Compacts

American Renaissance Writings
in Cultural Context

DONALD E. PEASE

"*Visionary Compacts* contains a strong and sensitive critique of American modernism. It admonishes our revolutionary aspirations by analyzing the complex tension in 19th century America between visionary freedoms and the need to draw from them an abiding social contract. Articulate and self-assured, Donald Pease's book will make a difference to our understanding of Hawthorne, Emerson, Melville, Poe, and Whitman."

—*Geoffrey Hartman*
Department of Comparative Literature
Yale University

"American literature is being redefined by a new, very talented generation of critics, and Donald Pease is among the most fluent and impressive. His *Visionary Compacts* ought to have a strong and enduring impact."

—*Richard Poirier*
Department of English
Rutgers University

"Pease's best chapters show more intricately than any previous study how American Romantic literature cannot be fathomed without confronting the ideological complications not only of the texts themselves but also of the modern critical orthodoxy in terms of which we have been taught to read them."

—*Lawrence Buell*
Professor and Chair
Department of English
Oberlin College

"Donald Pease's *Visionary Compacts* promises to be an important, provocative chapter in the revisionary criticism or ideology which desires to go 'beyond' ideology. . . . [It] argues that American literature wills a return to its own authentic past, centered upon the small, limited community: the social 'compact' as contrasted with the Rousseauistic contract . . . Pease's counter-Renaissance is a necessary and welcome intervention into the debates of recent literary theory."

Joyce's Book of the Dark

Finnegans Wake

JOHN BISHOP

"Mr. Bishop's immersive reading of the "Wake" is wonderfully successful on its own terms . . . He makes the text comment on itself, as it was constructed to do; but, knowing the whole thing by heart (as I surmise), he is able to multiply a thousandfold the concords and discords of which a reader is aware, and to amplify them through an impressive array of theoretical circuitry."

—Robert M. Adams
The New York Times Book Review

"John Bishop has all but memorized *Finnegans Wake*, assimilated the scholarship on his subject, learned to use, I would imagine, four or five different languages, and has evidently lived in great intimacy with his subject for at least ten years. Putting it plainly, he has written the best critical book on the most difficult literary subject known to me."

—Philip Herring
University of Wisconsin-Madison

"John Bishop begins from something Joyce said over and over, that *Finnegans Wake* is a sleep-book, a night-book. Pressing that insight, he gets sense we've never had before from the book's geography, its semantics, its use of Vico and of the Egyptian Book of the Dead. This is one of the few *Wake* commentaries all future readers will have to reckon with."

—Hugh Kenner
Johns Hopkins University

"An astonishing, an overwhelming book: astonishing in its insight, overwhelming in its learning and scope. Bishop's reading of *Finnegans Wake*—a book rarely read yet immanent in our cultural unconscious—illuminates it as no other study has, without dispelling its nocturnal, originary powers. For as Bishop relentlessly shows, 'Joyce's Book of the Dark,' a summa of our histories, also engages us in the whole mystery of art, which is endless day and eternal night indissoluble in language."

Practicing Enlightenment

Hume and the Formation of a Literary Career
JEROME CHRISTENSEN

The author reconstructs the career of a representative Enlightenment man of letters, David Hume. Christensen motivates the interplay between Hume's texts as arguments and as symbolic acts by conceiving of Hume's literary career as an adaptive discursive practice, the projected and performed narrative of his social life.

“Original, thorough and truly brilliant.”*

THE ORIGINS OF THE ENGLISH NOVEL, 1600–1740

Michael McKeon

“Original, thorough, and truly brilliant. The book will, I think, inaugurate a new era in approaches to the eighteenth-century novel. Ian Watt’s *Rise of the Novel* has for many years been unchallenged in its theory of the early novel; McKeon’s book is likely to have comparable importance for the next two or three decades.”—Patricia M. Spacks*

“McKeon casts a great deal of light on the emergent novel. I’d go so far as to say he makes us see it anew. The work shows the highest intelligence, the surest grasp of method and materials.”—Ronald Paulson

“The book is elegantly and simply written, full of fresh and exciting material whose interest should engage anyone concerned with the history and analysis of the novel. This is a major effort, about which we will be thinking and arguing for some time.”—Fredric Jameson

The Origins of the English Novel, 1600–1740 is the most ambitious attempt yet undertaken to explain the rise of the novel. Its genesis, argues McKeon, lies in the great upheavals of secularization and reform that altered early modern Europe. Grounded in a dialectical theory of genre, his book combines historical analysis and readings of extraordinarily diverse texts to reconceive the foundations of the dominant genre of the modern era.

Challenging prevailing theories that tie the origins of the novel to the entrenchment of “realism” and “the middle class,” McKeon argues that the new genre arose instead in response to the profound instability of literary and social categories. Between 1600 and 1740, momentous changes took place in European attitudes toward truth in narrative and toward virtue in the individual and the social order. The novel emerged, McKeon contends, as a cultural instrument designed to engage the epistemological and social conflicts of its time.

Treating an enormous range of texts, French and Spanish as well as English, the book concludes with extended readings of Cervantes, Bunyan, Defoe, Swift, Richardson, and Fielding. Paradoxically, the public institutionalization of conflict—the explicit confrontation of *Pamela* by *Shamela*—marks both the auspicious beginning of the novel as an identifiable category and the definitive end of its protracted origins.

THE ENGLISH NOVEL IN THE TWENTIETH CENTURY

The Doom of Empire

Martin Green

How did six of the most interesting fiction writers of 20th-century Britain — Kipling, Lawrence, Joyce, Waugh, Amis, and Lessing — respond to the pressure exerted upon all English people by their possession and subsequent loss of the Empire? Green discovers that the intrinsic literary interest of each writer involves their response to England's plight as an imperialist and postimperialist power. 256 pp. \$19.75

Paul Barolsky

The first to study Walter Pater's landmark work in detail, Barolsky identifies the literary traditions to which *The Renaissance* belongs — poetry, fiction, history, and criticism — and marks its place in the current of art history and criticism. He shows us, with sparkling wit and elegance, that Pater's historical definition of the Renaissance gradually became a metaphor of cultural renewal in the writing of the Modernists. 225 pp. \$23.50

NEW JOURNALS FROM METHUEN

New Formations

Editor **JAMES DONALD**

From Spring 1987 the highly-regarded *Formations* series will appear as a thrice yearly journal. It will question the concepts and presuppositions of contemporary cultural and political theory. And it will engage with a wide range of recent debates – about meaning and power, sexual and cultural difference, modernism and post-modernism, psychoanalysis and post-structuralism, democracy and civil society, cultural policies and institutions.

Cultural Studies

Editor **JOHN FISKE**

Cultural Studies, building on the foundations of the successful *Australian Journal of Cultural Studies*, in 1987 becomes a fully international journal engaged in the discussion of social practices, texts, and cultural domains. It will provide a forum where academics, researchers, students and practitioners can consider and review patterns of power and meaning in contemporary culture, and a focus for work in the interlocking areas of media, communication and cultural studies.

Textual Practice

Editor **TERENCE HAWKES**

Textual Practice aims to develop the concept of 'textuality' – the perception that a culture's significant activities involve a process which may fruitfully be perceived in terms of the reading and writing of 'texts.' The journal will centre on the study of literature, but it will also aim to reinforce and foster the sense of a common ground shared by such diverse fields of study as philosophy, the law, history, history of science, sociology, feminism and cultural and media studies.

Yvain: The Knight of the Lion

Chrétien de Troyes

translated by Burton Raffel

with an afterword by Joseph J. Duggan

A lively new verse translation of one of the great courtly romances of medieval France.

“To enable us to share in the pleasure of *Yvain*, we now have the lively and colloquial rendering of Burton Raffel.” —Joseph J. Duggan, from the Afterword

“The mystery and excitement of early French romance are epitomized in *Yvain*. In this fine translation the rendering of the speech-like quality of Old French verse provides an accurate sense of the original, while the rhythmic variation continually pulls one’s attention toward the narrative itself in all its enigmatic charm.” —Stephen G. Sacred Tears

Sentimentality
in Victorian
Literature

Fred Kaplan

“Fred Kaplan takes a radically new and interesting approach to Victorian sentimentality. By setting this often observed phenomenon within the intellectual context of eighteenth-century moral philosophy, he has effected an important shift in the way the subject is customarily treated. This is a work of robust and untrendy intelligence.”

—*Michael Goldberg, University of British Columbia*

Sacred tears, as Thackeray called them, flowed frequently in Victorian novels, and Victorian readers cried easily, too. Dickens often wept while he brought his audience to tears with his popular public readings of scenes from his books. What can these tears mean to the “nonsentimental” modern reader? Fred Kaplan’s speculative essay skillfully leads us from eighteenth-century ideas about human nature—with some comments on Puritan views—to the assumptions, the working values, of Victorian writers, especially the “sentimental” Dickens and Thackeray, as well as the great Victorian opponent of sentimentality, Carlyle. Professor Kaplan’s tour through a number of familiar eighteenth- and nineteenth-century works yields a new understanding of what sacred tears meant to the Victorian public—and what they may sometimes mean in the twentieth century. Victorian sentimentalists were attempting valiantly to resist those elements of their culture that were rapidly encroaching on any possibility of a moral ideal. To them tears were the visible sign of rediscovering or returning to our first nature, our best human nature, our moral sentiments. \$19.50

Printing Technology, Letters, and Samuel Johnson

Alvin Kernan

"Printing Technology, Letters, and Samuel Johnson is a work that does much to create a field. By stressing the ways in which writing adapts to the opportunities created by print, Kernan provides a fresh and provocative approach to literary history. The book uses Johnson as an instance of the close relation of letters to daily life, and through him it seeks to demystify the conception of literature as high art that reached its apogee in modernism. We are shown how a man of learning, intelligence, and strong will can use the accidents of economic and social history to shape a life and oeuvre of exemplary interest."

The Imaginary Library
An Essay on Literature and Society
"Indispensable for all college and university libraries."

—*Choice*

Using novels by Bellow, Malamud, Nabakov, and Mailer as examples, Kernan argues that we may be witnessing the end of the romantic literary system that has persisted for almost 200 years—our Imaginary Library.

The Failure of Gothic

Problems of Disjunction in an Eighteenth-Century Literary Form

ELIZABETH R. NAPIER, *Middlebury College*

The Failure of Gothic examines narrative conventions in one of the most popular and controversial of 18th-century English literary genres. It is the first full-length study of structure in the Gothic novel and the first to challenge the prevalent modern reading of the genre as a pioneer of psychological romantic fiction.

1987 224 pp. \$34.00

Reading Pound Reading

Modernism After Nietzsche

KATHRYNE V. LINDBERG, *Harvard University*

"Lindberg offers us a post-structuralist criticism that also opens the way to a new sort of literary history. . . . A remarkably fresh view of Pound's engagement to his tradition." —Murray Krieger, *University of California at Irvine*. "A challenging treatment of Pound's cultural poetics. . . . Certainly her sensitivity to the dynamic, lucid, transgressive quality in Pound's writing is unmatched among present critics." —Herbert Schneidau, *University of Arizona*.

1986 304 pp. \$24.95

Desire and Domestic Fiction

A Political History of the Novel

NANCY ARMSTRONG, *Wayne State University*

Examining the works of English novelists from Samuel Richardson to Virginia Woolf, Armstrong reveals the ways in which these writers rewrote the domestic practices and sexual relations of the past, paving the way for institutions which today are accepted centers of political power.

The Dialect of the Tribe

Speech and Community in Modern Fiction

MARGERY SABIN, *Wellesley College*

"Margery Sabin is a critic of rare lucidity and brilliance, and *The Dialect of the Tribe* should redirect and enrich our reading of modern fiction." —Richard Poirier, Editor, *Raritan*. This wide-ranging study reveals how the ambiguous cultural positions of four great modern novelists—James, Lawrence, Joyce, and Beckett—become a major source of their strength, how the rich traditions of the English language give enlivening power to writers also remarkable for their drive toward radical independence and skepticism.

AUTHORS and INDEXERS

Is your publisher bugging you to deliver an index on schedule?

IN>SORT™ will help you prepare an index from page proofs or other hard copy. **IN>SORT** offers complete writing, editing, searching, sorting, and formatting capability. It produces an index manuscript or disk file (in ASCII format) that conforms to academic and professional publishing standards. Unlike indexing programs that read or mark text files generated by word processors, **IN>SORT** is used to create entries after pagination is *final*. **FEATURES:**

- » three levels of entry, See also references, and page ranges
- » exclusion of any word, phrase, or punctuation from alphabetization
- » find, edit, move, block move, insert, go to, delete, and undelete options
- » repetition of a main or subentry with a single keystroke
- » up to 36,000 entries per index, depending on disk space (23,000 in CP/M)
- » up to 1400 entries per file (900 in CP/M) » up to 154 characters per entry
- » letter-by-letter or word-by-word sorting » line-by-line or run-in formatting
- » automatic concatenation of duplicate entries » concise & complete 24-page manual

If you do the thinking, IN>SORT will do the work.

IN>SORT has been used to compile indexes for major publishers such as Doubleday, Bantam, Longman, Wiley, and McGraw-Hill, using *The Chicago Manual of Style* standards. It is priced at \$79.95 (postpaid)* and will run on most MS-DOS and CP/M machines. Send check or money order, and specify computer and operating system to:

TOURNAMENT

by

Shelby Foote

This remarkable first novel by one of America's leading writers of historical narrative is now available in an enhanced new edition. In an exclusive preface to his novel, Shelby Foote discusses the creation of *Tournament*, its relation to his later works, and offers a perceptive summing-up of his career. In addition, Louis D. Rubin, Jr. has contributed a highly original essay which analyzes the importance of *Tournament* and brings out certain Proustian and Faulknerian influences that give the novel its unique narrative tone. This seminal work is a "must" edition for every serious student of American literature.

SHIFTING GEARS

Technology, Literature,
Culture in Modernist America

by Cecelia Tichi

A richly illustrated exploration of the American era of gear-and-girder technology and the consequences of this technology for popular culture and the arts. "Asserting the interlock of the arts and technological sciences in our culture, Tichi illuminates new areas of investigation, demonstrating connections and influences where none have before been suspected."—John Seelye, University of Florida

THE NEW YORK INTELLECTUALS

The Rise and Decline of the Anti-Stalinist Left from the 1930s to the 1980s

by Alan M. Wald

Alan Wald challenges previous analyses of the famous group of "New York Intellectuals," a loose circle of writers whose preeminent forums were the *Partisan Review*, *Commentary*, *Politics*, and *Dissent*. His new book, combining the methods of biography, literary criticism, intellectual history, and political theory, is based on the most extensive empirical research ever undertaken on this subject, including over one hundred personal interviews.

EQUIVOCAL SPIRITS

Alcoholism and Drinking
in Twentieth-Century Literature

by Thomas B. Gilmore

"Most critics who have considered the ties between writing and drink in this century have done so in piecemeal fashion, usually with the stress on biography rather than the works themselves. Thomas Gilmore is the first to address the subject broadly and with attention to its specifically literary implications, and he does so with deftness and authority."—Richard K. WALLACE STEVENS AND POETIC THEORY

Conceiving the Supreme Fiction

by B. J. Leggett

"This original book offers us precious insights into Stevens's intellectual search, in later life, for a fundamental theory of poetry. . . . [It] opens up the question of the development of Stevens's poetics and makes bold and controversial statements that will encourage further exploration of Stevens's work, work so important in twentieth-century literature."—Helen Vendler, Harvard University

JOHN SKELTON, PRIEST AS POET

Seasons of Discovery

by Arthur F. Kinney

John Skelton is one of the most powerful—and least understood—of the major Renaissance poets. By patiently reconstructing the milieu in which Skelton lived—the waning days of Catholicism under Henry VIII and Cardinal Wolsey—Arthur Kinney shows how the Mass, the Divine Offices, and the liturgy in which Skelton daily participated underlie the themes and image clusters of his poems.

Mad Love

(L'Amour fou)

By André Breton

Translated by Mary Ann Caws

Mad Love is the undisputed classic of the surrealist movement. Its adulation of love as both mystery and revelation places it in the most abiding of literary traditions. *Mad Love* is the inaugural volume in the new University of Nebraska Press series, A French Modernist Library. Illustrated. May. \$17.50.

CHAPTER 1 LOOMINGS

Call me Ishmael. Some years ago — never mind how long precisely — having little or no money in my purse, and nothing in particular to interest me on shore, I thought I would sail about a little and see the watery part of the world. It is a way I have of driving off the spleen, and regulating the circulation. Whenever I find myself growing grim about the mouth; whenever it is a damp, drizzly November in my soul; whenever I find myself involuntarily pausing before coffin warehouses, and bringing up the rear of every funeral I meet; and especially whenever my hypos get such an upper hand of me, that it

requires a strong moral principle to prevent me from deliberately stepping into the street, and methodically knocking people's hats off—then, I account it high time to get to sea as soon as I can. This is my substitute for pistol and ball. With a philosophical flourish Cato throws himself upon his sword; I quietly take to the ship. There is nothing surprising in this. If they but knew it, almost all men in their degree, some time or other, cherish very nearly the same feelings towards the ocean with me. There is now your insular city of the Manhattoes, belted round by wharves as Indian isles by coral reefs—commerce surrounds it with her surf. Right and left, the streets take you waterward. Its extreme down-town is the Battery, where that noble mole is washed by waves, and cooled by breezes, which a few hours previous were out of sight of land. Look at the crowds of water-gazers there. Circumambulate the city of a dreamy Sabbath afternoon. Go from Corlears Hook to Coenties Slip, and from thence, by Whitehall, northward. What do you

A lesson in English Composition.

A Macintosh™ personal computer won't give your students the talent or ability to write the next great American novel.

But it will help them express their thoughts with far greater alacrity and eloquence. It will help them realize the power and possibilities of the written word. It might even awaken a love for their language that will last a lifetime.

A Macintosh screen looks like a writer's desktop.

It has file folders, a notepad, a clipboard, a ruler, pieces of paper and one of the most useful writing tools of all, a trash can.

The Macintosh keyboard has all the advantages of a typewriter keyboard.

The Macintosh mouse has advantages no other writing instrument in history has ever possessed.

Simply by pointing and clicking the mouse, students can move entire sections of an essay from page to page without re-typing every page.

In seconds, they can find and change misspelled or overused words without re-typing every word.

They can change typefaces, styles and sizes, set tabs and margins, even incorporate page numbers and footnotes.

Beyond the power of Macintosh word processing software, there are many other programs that'll help improve their compositions.

The Computer Writing Resource Kit

lets your students brainstorm and organize their thoughts.

There are dictionary and thesaurus programs for finding the *mot juste*.

Programs such as MORE and Acta help prepare outlines.

There are programs like MacProof that teach the elements of style.

Many more programs are available through Kinko's Academic Courseware Exchange to help your students research their papers and master other disciplines.

A Macintosh also makes it easier for you to spend more time helping your students.

Programs like PROSE from Cornell University let you review your students' work on disks and make detailed comments next to the appropriate sections of text.

The Computer Writing Resource Kit lets you customize your own interactive English lessons.

You can imagine how these lessons and resources will help improve your students' ability to work magic with words.

Melville didn't need much help. Still, you can't help but wonder.

Literary Achievements...

THE LETTERS OF MARGARET FULLER *Volume IV: 1845–1847*

Edited by ROBERT N. HUDSPETH. The fourth volume in this highly acclaimed series contains letters written between 1845 and 1847. "The publication of *The Letters of Margaret Fuller*, scrupulously edited and annotated, . . . is something of a triumph."—*The New York Times Book Review*. \$25.00

CAPTIVE VICTORS *Shakespeare's Narrative Poems and Sonnets*

By HEATHER DUBROW. "An elegant, subtle, and humane exploration of a crucial aspect of Shakespeare and of literature generally: the ways in which rhetorical language creates and embodies character."—Clark Hulse, University of Illinois, Chicago. \$29.95

THE ELIZABETHAN THEATRE AND "THE BOOK OF SIR THOMAS MORE"

By SCOTT McMILLIN. "A splendid achievement. . . . Its great strengths lie in the way it has deduced from the physical object a chronology of events, explaining by the corrections to the pages the historical sequence of composition and the involvement of the various authors."—George Walton Williams, Duke University. \$18.95

ODYSSEUS POLUTROPOS *Intertextual Readings in the "Odyssey" and the "Iliad"*

By PIETRO PUCCI. Drawing on contemporary critical theory and traditional philology, Pucci here reads Homer's epics intertextually, using each to cast light on the other. *Cornell Studies in Classical Philology*. \$24.95
