Stanley W. Page, *Social and National Currents in Latvia, 1860–1917*

Columbia Books

The Young Maxim Gorky

1868-1902

by FILIA HOLTZMAN

This first thorough and impartial study of Gorky's early period yet to appear, in English or Russian, begins with the penniless years when the young man was struggling toward authorship, and continues through to the period of his acceptance as one of Russia's great writers. Here is Gorky the journalist, folklorist, critic, and "father of Socialist realism," shown in relation to Korolenko, Chekhov, and Tolstoy.

"A fine biographical interpretation of Maxim Gorky's rise from poverty to fame . . . will make pleasant reading for many American admirers of the great revolutionary writer who will be fascinated by the wealth of new information which Mrs. Holtzman gathered together about her hero's struggles as a young man." *Library Journal*. \$3.00

Columbia Dictionary of Modern European Literature

HORATIO SMITH, General Editor

"Anyone with a love of letters will find this copious volume not only interesting reading but also a reference guide to be consulted almost daily."
