Cases on Criminal Law

J. W. C. TURNER

and

A. LI. ARMITAGE

This new textbook of case-law is based on the eighth edition of Kenny's *Cases on Criminal Law* and is arranged to follow the order of subjects in the new sixteenth edition of Kenny's *Outlines*, to which it serves as a companion volume. Cases decided up to June, 1952, are incorporated and there is an Appendix on *Teper v. Reginam*. 42s. net

KENNY'S Outlines of Criminal Law

NEW EDITION BY

J. W. C. TURNER

Kenny's *Outlines* first appeared in 1902. Since that date it has run to fifteen editions and has been reprinted twenty times. New developments and new problems in criminal law since the author's death have now made necessary a thorough revision of the whole work, which has been carried out by Mr J. W. C. Turner, Barrister-at-Law and Fellow of Trinity Hall, Cambridge. This sixteenth edition, entirely redesigned and reset, runs to 576 pages. 42s. net

LAW BOOKS

Modern Administration and Probate Practice and Law

By A. V. Risdon, Solicitor, Honours and Cook's Law Prizeman; and Percival Hancock, Solicitor, Honours. Second Edition. £6 6s. net

"This truly remarkable work. . . . It covers, with a completeness never before attempted, every conceivable step in connection with the administration of estates."—*Law Journal*.

The Law of Quasi Contracts

By John H. Munkman, LL.B., Barrister-at-Law. An important new textbook, embodying a detailed study of the relevant case law. 20s. net

The Assignment of Choses in Action

By O. R. Marshall, M.A. (Cantab.), PH.D. (Lond.), Barrister-at-Law. A comprehensive guide to a subject normally dealt with briefly in books on contract, personal property and equity. 30s. net

American Administrative Law

By Bernard Schwartz, LL.M., PH.D. Compares American administrative law with its English counterpart, and includes the full text of the Federal Administrative Procedure Act, 1946. 25s. net

An Introduction to Equity

By George W. Keeton, M.A., LL.D., Barrister-at-Law; Professor of English Law in the University of London; Dean of the Faculty of Law, University College, London. Third Edition. Includes a great deal of new material, in particular, an entirely new section on Equitable Remedies. 376 pages. 45s. net. With Irish Supplement, 50s. net.

The Hearsay Rule

By R. W. Baker, B.C.L., B.LITT. A valuable study of this part of the law of evidence. 30s. net

The Elementary Principles of Jurisprudence

By George W. Keeton, M.A., etc. Second Edition. This is a thoughtful study of a subject with many different approaches, and is of particular value to legal students as a guide to the most important modern theories and as a general introduction to jurisprudence. 484 pages. 30s. net.

The Law of Trusts

By George W. Keeton, M.A., LL.D., Barrister-at-Law; Professor of English Law, University of London. A well-established textbook and reference work setting out the rules of law and equity applicable to trusts of real and personal property. Fifth Edition. 30s. net

Principles of Administrative Law

By J. A. G. Griffiths, LL.M., Barrister-at-law; Lecturer in Administrative Law, University of London; and H. Street, LL.M., PH.D., Senior Lecturer in Law, University of Manchester; Solicitor of the Supreme Court. A comprehensive survey, covering the University syllabuses in this increasingly important field of law. 349 pages. 30s. net.

The Law of Agency

By Raphael Powell, M.A., B.C.L. (Oxon.), Barrister-at-Law; Reader in Law in the University of London. Recent American and Canadian studies have been consulted for this survey, and the American Restatement in particular is taken fully into account. Cases considered number over 1,300. 356 pages. 40s. net.

GLANVILLE L. WILLIAMS

Learning the Law

Fourth Edition

"A student who has not read it is likely to be at a marked disadvantage by comparison with his fellows who have."

—*Law Quarterly Review.*

"Not everyone has a tutor who is the 'guide, philosopher and friend' that Dr. Glanville Williams succeeds in being in this book. No one but the novice and the lawyer who remembers his novitiate can appreciate how great is the need for a clear explanation of the initial technicalities that arise in the early stages of law studies."—*Solicitors' Journal.*

SALMOND ON TORTS

Eleventh Edition by R. F. V. HEUSTON. 1953. £2 3s., post paid.

"It would be difficult to find any book on the subject of Torts in which the principles are more clearly and accurately expressed or the case law more usefully referred to."—*Solicitors' Journal*.

"There is no work on this subject which affords us so much enjoyment and enlightenment as *Salmond on the Law of Torts*. We have followed through the successive editions the transmutation and winding processes of the law, and we owe a great debt of gratitude to the editors for their very valuable assistance when we have been called upon to express an opinion on controversial topics in this subject."—*Law Notes*.

A FIRST BOOK of ENGLISH LAW

By O. HOOD PHILLIPS. *Second Edition*. 1953. 18s. 6d., post paid.

How did our legal system evolve? What are the origins of the various Courts of Law? Who appoints the Judges? How does Common Law differ from Equity? What are Torts? These and a hundred other matters which form the essential background of legal knowledge are made clear by this book. It provides the framework for the detailed study and appreciation of English law, and enables the student to grasp the principles underlying the administration of justice in this country.

CONSTITUTIONAL LAW

The Constitutional Laws of Great Britain and the Commonwealth.

By O. HOOD PHILLIPS and G. ELLENBOGEN. 1952. £2 3s. 3d., post paid.

"Professor Hood Phillips is to be congratulated on the successful outcome of the time and care he obviously devoted to the task of revising *Chalmers*. The result is a learned and comprehensive work. The learned author has a clear and attractive style, and the reader will be grateful to him for having made it easy to grasp on the first reading the principles involved."

—*Journal of the Society of Public Teachers of Law*.

Based on *Chalmers & Hood Phillips*

LEADING CASES IN CONSTITUTIONAL LAW

By O. HOOD PHILLIPS. 1952. 36s. 3d., post paid.

"The companion volume on leading cases should be treated as part of the parent work: its great merit is that it gives in the leading cases examples of how the rules of constitutional law work out in practice—and that is considerable service to the outsider or the new student (unused to the intricacies of the daily application of the law to the particular facts); they provide the onlooker with a chance to see how the principles are applied. Both the parent book and the case book can be thoroughly recommended."—*Law Times*.

Based on *Thomas & Hood Phillips*

Why you should take

THE WEEKLY LAW REPORTS

BECAUSE the reports are vouched for by Members of the Bar who are present in court to hear argument and judgment in each case;

BECAUSE the W.L.R. are able to quote all the cases cited by Counsel in argument (as well as those mentioned in the judgment)—invaluable if the decision appears to be against you;

BECAUSE each part is complete in itself. (You are not kept waiting till the following issue for the completion of the report of any case);

BECAUSE the W.L.R. assist the reader with large type and generous spacing;

BECAUSE the mechanical aids of the W.L.R. are as good as the reports;

BECAUSE the W.L.R. cost *less* than any other series of general reports;

BECAUSE the W.L.R. have behind them the skill and experience of the Incorporated Council of Law Reporting.

Judge the merits of the W.L.R. for yourself.

There is no technical difficulty in making the change. The W.L.R. have full references to all other series of reports.

The W.L.R. cost *less* than any other series

**THE
BRITISH COMMONWEALTH**

**THE DEVELOPMENT OF
ITS LAWS AND CONSTITUTIONS**

General Editor: GEORGE W. KEETON

"A new series of volumes on the development of the laws and Constitutions of the members of the British Commonwealth could not come at a more opportune time than the present.

"The two volumes now published are admirable. They are lucidly written; they are never superficial, yet they never descend into unmanageable and insignificant detail. . . . A gratifying feature of both books is the admirable treatment of constitutional law, which is given its fair proportion of space but, wisely, no more. . . . The layman will have cause to welcome these books quite as much as the expert. There are chapters on criminal law, family law, and on what is called in the Australian volume 'legislative intervention in the life of the community' which are full of interest for the student of society, of politics, of economics and of history. For the comparative lawyer himself, it goes without saying that the books are of great value."

—*The Times Literary Supplement.*

VOLUME 2

**THE
BRITISH CABINET
SYSTEM**

Second Edition By N. H. GIBBS

"Mr. Gibbs has compressed into a small space an amazing wealth of information; of particular interest are his observations on the collective responsibility of the cabinet."—*Law Times.*

"Should be read by everyone who takes an interest in the nation's government."

—*Scottish Law Review.*

Net 38s. 6d. post paid

W. Friedmann

**Law and Social Change
in Contemporary Britain**

"Of general interest to the non-lawyer not only as a brilliant and extremely well-written analysis of phenomena which concern everyone, but also as a potential source of inspiration to the younger generation of lawyers whose outlook may be so important to the community. The book helps to bridge the gulf between layman and lawyer."

—*Political Quarterly.*

Net 38s. 6d. post paid

W. Friedmann

LEGAL THEORY

Second Edition

"This is one of the great legal works of the present century, and every intelligent lawyer will want to read it."

—*Solicitors' Journal.*

"When the book was first published we wrote that it represented an 'achievement beyond praise,' a view shared by most reviewers. We have no reason to revise that statement when examining the second edition. The new edition fully preserves the three principal features of the first edition. *viz.*, its scholarly research, originality and correct assessment of moral values."—*Law Times.*
