IAN HURD

International Organizations Politics, Law, Practice Second Edition

Ian Hurd, *Northwestern University*

ISBN 9781107612617 | 303 pp. | \$45

Also available as a Cambridge eBook

Read more and preview select chapters at www.cambridge.org/hurd.

Ian Hurd's *International Organizations* gives readers a perspective of the world's most important international organizations (IOs) unlike other textbooks in the field, taking them behind the scenes to examine *What are the legal obligations that give IOs international power? How do IOs ensure compliance from their members? and How do they enforce their rules?* Hurd explores these questions through in-depth, chapter-length case studies of the world's key international organizations, enabling students to connect essential theory with the law, practice, and philosophy of the leading IOs.

Core features of *International Organizations*

- Explores the world's ten most important IOs in detail, analyzing what they do, how and why they do it, and the problems they face
- Topical and extensive case studies, updated throughout, illustrate how each organization works in practice
- This edition has had international relations theory coverage augmented and new material on NATO and the EU

Contents listing

Chapters end with a list of discussion questions to guide students' learning, suggestions for further reading, and excerpts from key legal documents

1. Introduction to international organizations
2. Theory, methods, and international organizations
3. The World Trade Organization
4. The International Monetary Fund and the World Bank
5. The United Nations I: law and administration
6. The United Nations II: international peace and security
7. The International Labor Organization
8. The International Court of Justice
9. The International Criminal Court
10. The European Union and regional organizations
11. Conclusion

Inspection copies may be requested via the Web at www.cambridge.org/hurd or via Email to collegemarketing@cambridge.org.
