

JOURNAL OF PALEONTOLOGY

THE PALEONTOLOGICAL SOCIETY MEMOIR 5

Evolutionary Trends and Their Functional Significance
in the Post-Paleozoic Echinoids

PORTER M. KIER

EDITOR
MEMOIR SERIES

CHARLES L. ROWETT, Department of Geology, Texas Christian University, Fort Worth, Texas 76129

Memoirs of The Paleontological Society are made up of occasional publications consisting of monographs and symposia that are too long for publication in the JOURNAL OF PALEONTOLOGY. Initially, memoirs will be distributed as a supplement to a regular issue of the JOURNAL. Inquiries concerning submittal of manuscripts to be considered for publication in this series should be made to the editor well in advance of proposed submittal date. Inquirers should read the inside-back cover for instructions on preparation of manuscripts and on publication charges.

Communications about the cost and availability of back numbers should be addressed to the Society of Economic Paleontologists and Mineralogists, P.O. Box 979, Tulsa, Oklahoma 74101.

OFFICERS OF THE PALEONTOLOGICAL SOCIETY

For the year ending November 1974

President

JAMES W. VALENTINE, Davis, California

President-Elect

WILLIAM A. OLIVER, Washington, D.C.

Past-President

PORTER M. KIER, Washington, D.C.

Secretary

WARREN O. ADDICOTT, Menlo Park, California

Treasurer

GEORGE J. VERVILLE, Tulsa, Oklahoma

Journal Editors

WAYNE L. FRY, Berkeley, California

JOSEPH H. PECK, Berkeley, California

WILLIAM A. CLEMENS, JR.,

Berkeley, California

Memoir Editor

CHARLES L. ROWETT, Fort Worth, Texas

Councilors

HARLAN P. BANKS, Ithaca, New York

STEPHEN J. GOULD, Cambridge, Massachusetts

Chairman, Pacific Coast Section

WILLIAM N. ORR, Eugene, Oregon

The Paleontological Society

MEMOIR 5

EVOLUTIONARY TRENDS AND THEIR FUNCTIONAL
SIGNIFICANCE IN THE POST-PALEOZOIC
ECHINOIDS

PORTER M. KIER

Department of Paleobiology
Smithsonian Institution
Washington, D.C.

CONTENTS

ABSTRACT	1
INTRODUCTION	1
SUMMARY	2
SIGNIFICANCE OF GREAT DIVERSITY IN LOWER JURASSIC ECHINOIDS	4
ACKNOWLEDGMENTS	5
EVOLUTIONARY TRENDS AND THEIR FUNCTIONAL SIGNIFICANCE	5
AMBULACRA	5
Compound plates	5
Petals	12
Sunken petals	13
Differentiated anterior ambulacrum	15
Anterior groove	16
Width of ambulacra	17
Phyllodes	20
APICAL SYSTEM	31
Breakout of the periproct	31
Reduction in number of genital plates	33
Changes in the apical system within echinoid orders	43
Summary	49
SIZE OF THE TEST	49
SHAPE OF THE TEST	50
LANTERN	51
LANTERN SUPPORTS	56
GILLS	64
REDUCTION IN SIZE OF PRIMARY TUBERCLES AND SPINES	67
PEDICELLARIAE	69
IMBRICATION OF PLATES	69
DIFFERENTIATION IN SIZE AND SHAPE OF VENTRAL INTERAMBULACRAL PLATES IN THE HOLASTEROIDS-SPATANGOIDS	70
NUMBER OF PLATES	70
Rate of introduction of plates within a species	74
Difference in number of plates between species and through time	75
Summary	79
Relation of number of interambulacral plates to number of ambulacra ...	79
NUMBER OF SPECIES	79
Increase in number of species since Paleozoic	82
Nature of record	85
Summary	88
The future	88
