The authors have identified a mistake in [Figure 2](#) of the published manuscript: the order of four estimates were wrongly placed in the first forest plot in [Figure 2](#) (men) which were inconsistent with the numerical estimates presented on the right side (i.e., Kodesh 2012, Crupm 2013, Laursen 2013, and Laursen 2013). We have revised the [Figure 2](#) immediately by correcting the order of the four estimates plotted in forest plot. The amended [Figure 2](#) is attached below.
