**The Dispute about the Germans'
Understanding of History**

**FOREVER
IN THE SHADOW OF
HITLER?**

**Original
Documents of the
Historikerstreit,
the Controversy
Concerning the Singularity
of the Holocaust**

This volume contains the primary documents of the *Historikerstreit*, the debate sparked by Ernst Nolte's controversial revisionist interpretation of the Holocaust, which was hotly contested by Jürgen Habermas and other left-wing German intellectuals in the late 1980s. The whole issue is important both for the historical positioning of the concept of German national identity and for an understanding of contemporary German politics.

First published in 1987 in Germany under the title *Historikerstreit*, where it sold over 65,000 copies and attracted enormous attention, this volume is now available in a complete English translation.

This is compelling reading for students of modern German political history and of Holocaust studies and will be well suited for classroom use.

**Winzig, Germany,
1933-1946**

**The History of a Town under
the Third Reich**

By Rita S. Botwinick

This history of Winzig challenges the often-held view that Germany under Hitler was one vast concentration camp. Except for the Jews, the townspeople lived much as they had before 1933—most Winzigers continued their nonpolitical daily lives. Only World War II itself caused serious changes.

Praeger Publishers. 1992. 176 pages.
0-275-94185-X. \$39.95

**United Germany
The Past, Politics, Prospects
By H.G. Peter Wallach and
Ronald A. Francisco**

This landmark study describes the momentous events from 1989 to 1991 that led up to German unification, explaining how and why they happened as they did and analyzing them in relation to issues in comparative and international politics and to current theories in political science.

Greenwood Press. 1992. 192 pages.
0-313-27619-6. \$45.00
A paperback is also available:
0-275-94288-0. \$15.95

**Shepherd of Democracy?
America and Germany in the
Twentieth Century
Edited by Carl C. Hodge and
Cathal J. Nolan**

Established scholars on both sides of the Atlantic offer a broad perspective of the central themes in German-American relations in the 20th century and show how the most current developments have evolved.

Greenwood Press. 1992. 248 pages.
0-313-27945-4. \$47.95

**Unarmed Against Hitler
Civilian Resistance in
Europe, 1939-1943
By Jacques Semelin**

Examines the resistance to Nazi occupation in Europe and provides lessons for civilian resistance to aggression, external or internal.

Praeger Publishers. 1993. 0-275-93960-X.
\$49.00 Est.

A paperback will also be available:

**Salzburg Under Siege
U.S. Occupation, 1945-1955
By Donald R. Whitnah and
Florentine E. Whitnah**

Two historians, participants in the U.S. occupation of the province of Salzburg, trace a ten-year period starting at the end of World War II, when Austria was in a precarious situation and when Americans were helping the young republic survive.

Schumpeter

A Biography Richard Swedberg

"Richard Swedberg's biography of Joseph Schumpeter (1883-1950) thoughtfully uncovers different layers of the eminent economist's personality. There was Schumpeter the haughty Austrian, fond of women and champagne, who went into debt to rent a castle and keep a riding stable. (The year was 1919; Austria was gripped by postwar inflation; Schumpeter was finance minister. The Government caught him in an intrigue and fired him.) There was Schumpeter the Viennese neurotic, who prayed to the ghosts of his dead wife and mother, who may have killed himself with overwork and

who scribbled down savage, funny aphorisms. But the most important Schumpeter was the learned, perceptive, eloquent thinker who shaped our modern understanding of economics. Mr. Swedberg has produced a lucid, readable study . . ."—*The New York Times Book Review*

The Democratic Movement and the Revolution of
1848-1849

Jonathan Sperber

This major new interpretation of the Revolution of 1848-1849 in Germany stresses its character as a mass political phenomenon. Building skillfully on the theme of the interaction of self-conscious radicalism and spontaneous popular movements, Jonathan Sperber analyzes the social and religious antagonisms of pre-1848 German society and shows how they were politicized by the democratic political opposition.

"This is one of the most important books on modern German history to emerge from the United States recently and probably the most important to emerge on the pre-Bismarck era."—*Geoff Eley, University of Michigan*

Redemption and Utopia: Jewish Libertarian Thought in Central Europe

A STUDY IN ELECTIVE AFFINITY

Michael Löwy.

Translated by Hope Heaney

This book examines how German romanticism and Jewish messianism influenced the thought of a generation of Jewish intellectuals—including Martin Buber, Franz Kafka, Georg Lukacs, and Erich Fromm—who had a profound effect on 20th-century science, literature, philosophy, and religion. \$35.00

PROTESTANT POLITICS

Jacob Sturm (1489-1553)

and the German Reformation

Thomas A. Brady, Jr.

A new treatment of religion and politics in the German Reformation. Setting aside the normative assumption of the European nation-state, Brady explores the collision of the Reformation as a religious and social movement with the dispersed multi-layered structure of authority and power in the late medieval Holy Roman Empire. The narrative thread that runs through the Reformation's stages and the Empire's levels is provided by the career of Jacob Sturm of Strasbourg, the Empire's leading Protestant urban politician.
