Kierkegaard's Writings

Princeton University Press announces the publication in English of a definitive scholarly edition of the works of Søren Kierkegaard. *Kierkegaard's Writings* will consist of twenty-five volumes of text and a separate cumulative index. Each volume of translation will include a historical introduction, selections from Kierkegaard's journals and provisional manuscripts, notes, and an index.

TWO AGES The Age of Revolution and the Present Age
A Literary Review by Søren Kierkegaard
Edited and Translated by Howard V. Hong and Edna H. Hong
After deciding to terminate his authorship with the pseudonymous *Concluding Unscientific Postscript*, Kierkegaard composed reviews as a means of writing without being an author. Kierkegaard comments on the anonymously published Danish novel *Two Ages*, commends its author's writings, and offers a cultural critique of compelling interest for our time. *Kierkegaard's Writings, XIV*. \$12.50 Drawing by Frank Mahood

LETTERS AND DOCUMENTS

Søren Kierkegaard

Translated by Henrik Rosenmeier with Introduction and Notes

This volume provides the first English translation of all the known correspondence to and from Søren Kierkegaard. It includes a number of his letters in draft form and papers pertaining to his life and death. *Kierkegaard's Writings, XXV*. \$22.50

DICKENS AND CHARITY • Norris Pope

In his own time, Charles Dickens was more than his nation's foremost novelist: he was a journalist, editor, public man, and active philanthropist as well. In this distinctively written study, Norris Pope provides the first comprehensive analysis of Dickens's fascinating interaction with the evangelicals—the fiery advocates of religious and social reform in Victorian England. 312 pages, \$16.50

DICKENS ON THE ROMANTIC SIDE OF FAMILIAR THINGS

Bleak House and the Novel of Tradition • Robert Newsom

"Starting from the point of view of Dickens's comment in his preface to *Bleak House* that he 'purposely dwelt on the romantic side of familiar things,' Newsom has produced a model of a well-written and perceptive analysis of a major novel. . . .

A persuasive and helpful reading of that complex novel."—*Choice*.

173 pages, \$12.00

DICKENS AND REALITY • John Romano

"Romano eschews both Ian Watt's emphasis on life-likeness and literal reality and Northrop Frye's stress on 'creation for its own sake.' He develops with considerable suppleness . . . a theory of 'realist form.' . . . Well written, eclectic in its sources and rich in illustration. Any summary risks reduction of its complexities and would scant the book's true achievement: a fresh reading of the novels."—*New Leader*.

Studies on Mesmerism and Literature

MARIA M. TATAR

While most histories of Franz Anton Mesmer's studies of a second self relate to science or medicine, Maria Tatar's book takes a fresh approach by tracing the impact of mesmerism on literature. She views the influence of Mesmer's ideas on 19th-century German, French, and American writers and examines modern authors' uses of this legacy. Illus. \$17.50

THE ROMANTIC PRISON

The French Tradition

VICTOR BROMBERT

"Prison haunts our civilization," writes Victor Brombert. "Object of fear, it is also a subject of poetic reverie." Focusing on French literature of the Romantic era, the author probes the manifold significance of imprisonment as symbol and metaphor of the human condition. His thematic exploration draws on a constellation of writers ranging from the Platonic and Christian traditions to the Existentialist generation. \$15.00

OPERA IN THE DEVELOPMENT OF GERMAN CRITICAL THOUGHT

GLORIA FLAHERTY

Although opera figured importantly in the French quarrel of the Ancients versus the Moderns and in the English discussions of heroic tragedy, it was in Germany that its role in the development of criticism and aesthetics was most pronounced. Beginning with this observation, Gloria Flaherty shows how, from its very inception and through most of its history, opera was related not only to the revival of ancient drama and the evolution of modern theater, but also to the development of modern critical thought. \$18.50

PIERROT

A Critical History of a Mask

ROBERT F. STOREY

Robert Storey's lively and gracefully written study of Pierrot is the first scholarly history of this fascinating popular figure. Unlike previous studies of *commedia dell'arte* characters, this book focuses as much on Pierrot as a literary metaphor and mask as on the roles and dimensions of his stage character. Prof. Storey is concerned with the transformations of the clown's identity, the factors responsible for his survival and progress, and the nature of his appeal to audiences throughout the past four centuries. The Genesis of Secrecy

On the Interpretation of Narrative

Frank Kermode

Frank Kermode offers here an inquiry into the art of interpretation. In examining the gospels to demonstrate the ways in which meanings can be revealed and concealed he enriches both literary criticism and religious interpretation. *Charles Eliot Norton Lectures* \$10.00

The Legend of Job in the Middle Ages

Lawrence Besserman

"This book deals with an important medieval tradition. It is a work of sound scholarship, with no flighty speculations, no wasted words, and plenty of useful information. And it will probably remain the standard work on this subject for a long time."—Donald Howard \$12.50

Celebration of Continuity

Themes in Classic East Asian Poetry

Peter H. Lee

This study of images and themes in classic Korean, Chinese, and Japanese poetry is the first comparative treatment of these three traditions, and of East Asian and Western poetry. Awareness of the common features of imagery and thought identified here is essential to our understanding of East Asian poetry. \$17.50

The Politics of Landscape

Rural Scenery and Society in English Poetry, 1630–1660

James G. Turner

In this study of the relationship of literary imagination and sociopolitical reality during the turbulent decades of the English Revolution, Mr. Turner explores the contradictions, unspoken assumptions, and political implications of rural poems and maintains that they served to perpetuate social injustice. \$14.50

MAGIC AND ENGLISH ROMANTICISM

Anya Taylor

The author maintains that the work of the romantics is atavistic, looking backward to find some unprovable power in order to affirm the existence of spirit, imagination, and freedom in the face of exclusively physical hypotheses. \$16.00

THE PROBABLE AND THE MARVELOUS

Blake, Wordsworth, and the Eighteenth-Century Critical Tradition

Wallace Jackson

The mythos of man reborn from the confusion of his passions is the author's topic, and his argument drives toward an organic relation between the middle and later years of the eighteenth century, offering grounds for a radical reassessment of the literary history of the period. \$14.00

THE UNITY OF *THE FAERIE QUEENE*

1976 South Atlantic Modern Language Association Studies Award

Ronald Arthur Horton

The touchstone of this study is Spenser's explanation of his poem in the letter to Raleigh. Arguing that Spenser criticism has too long neglected Spenser's own explanation, the author builds a case for the schematic and organic unity of *The Faerie Queene*. \$15.00

The Brothers Mann

The Lives of Heinrich and Thomas Mann, 1871–1950, 1875–1955

Nigel Hamilton

The first biography of either Heinrich or Thomas Mann to appear in English, *The Brothers Mann* is a long overdue study of one of the seminal literary and fraternal relationships in modern times.

“Their lives provide a valuable picture both of an exceptional historical period and of the way it was mirrored in the literary activity of two exceptionally gifted individuals.”—Eric Roll, *Times Literary Supplement* \$16.95

Acts of Inclusion

Studies Bearing on an Elementary Theory of Romanticism

Michael G. Cooke

Acute in analysis and cogent in argument, this study, taking its rise from the apparent unconformity and diversity of the romantic movement, advances the theory that the essence of romanticism consists in a dynamic principle of inclusiveness. In Michael Cooke's view, romantic literature sets up “acts of inclusion” with diverse episodes, perspectives, voices, concepts, and genres pushed toward a unity that can neither spare nor quite contain them.

Environmental Reform in American Literature from the Puritans through Whitman

Cecelia Tichi

“*New World, New Earth* represents the best of what a new generation of Colonialists is producing, being a study of the Puritans which relates them not only to Emerson but also to our very modern selves. I recommend it enthusiastically to anyone interested in the profound connections between Puritan America and succeeding generations of writers and thinkers who regarded the opportunities provided by American space with a creative eye.”—John Seelye \$18.50

Screenplay:

THE FOUNDATIONS OF SCREENWRITING

Syd Field

From concept to finished script, *Screenplay* offers easy-to-follow guidelines to make film writing thoroughly accessible to novices. Author Syd Field identifies the structural and stylistic elements essential to all good screenplays and presents a clear and comprehensive technique for writing a successful script. Citing examples from well known movies, he provides invaluable advice on basic points such as inventing a plot, structuring the action of a film, writing effective scenes and sequences, and handling technical directions. In addition, *Screenplay* tells how to put a script into proper form according to current industry standards and how to market a finished script. For all aspiring screenwriters, here is a guide that will help transfer those scenarios from mind to screen! A Delta Original \$3.95

“When I read a book like *Halloween* I am reassured that writers are still attempting what they have always attempted: to expose us in a language eloquent because it will not relinquish its hold on truth.” —Maria Katzenbach

Ben Greer’s first novel, *Slammer*, received rave notices:

“The best first novel to come out of the South since *Deliverance*.”
—*New Republic*

“Electrifying, tough, powerful.... A sociological tour de force.”
—*Boston Globe*

“*Slammer* brings all the innate terror and social complexities of prison life to a diamond-hard breathtaking focus.” —James Dickey

“Greer is a spiritual descendant of Poe or Melville. He has written a moving and memorable book.”
—William Jay Smith

And now *Halloween*, Ben Greer’s long-awaited second novel, has just been published.

It is an electrifying tale of family betrayal, pursuit, and violent death that swirls in the fragrant, sultry darkness of a Southern port city. In *Halloween*, Ben Greer exults in his Southern heritage and in his ancestors’ Irish origins, linked to the American South by a kinship in blood, earth, and lost causes.

“A tale of evil told with memorable Southern intensity.”
—*Publishers Weekly*

“The jarring rhythms of the dialogue, the sustained counterpoint of love and hate, and the taut melody of description coheres, holds close to music and to the expression of truth.”
—Maria Katzenbach

“Greer writes with wonderful authority. His scenes are memorable, built up by distinctive blocks of excellent prose. *Halloween* is a novel of true atmosphere.”
—*Kirkus Reviews*

MACMILLAN

The Victorian Historical Novel

Andrew Sanders

This book presents a comprehensive assessment of the historical fiction that became immensely popular throughout Europe and the United States during the fifty years following the death of Sir Walter Scott. Focusing on eleven Victorian novelists, the author considers not only the literary merit of Victorian historical fiction, but also the insights which these great and not-so-great novels offer into contemporary moral and social questions.

The Writings of James Stephens Variations on a Theme of Love

Patricia McFate

Novelist, poet, and dramatist, brilliant conversationalist, fascinating storyteller, friend and colleague of Yeats, Synge and Joyce, James Stephens eludes us because he also had the knack for inventing contradictory stories about himself. This, the first thorough study of James Stephens's career and oeuvre, discusses his unique blending of symbolism and naturalism in his early novels, his bold recreation of Gaelic saga material in his later fiction, and his juxtapositions of whimsy and coarseness in his poetry and short fiction.

Meaning and Signs in Fiction

Alan Kennedy

This brilliant and provocative structural history of the British and American novel proceeds on the assumption that all fiction is contemporary—that novels are "poetic" constructions which, when animated by the perceptions of the reader, speak beyond the limits of the time of their writing. Professor Kennedy demonstrates how a character's struggle to make his own sense of the world significantly active in his own society is a transformation of the author's original struggle with the medium of language.

Poetic Artifice A Theory of Twentieth-Century Poetry

Veronica Forrest-Thompson

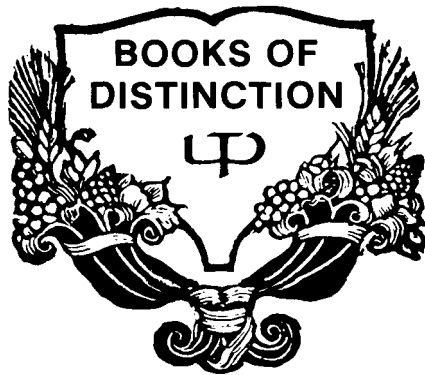

"A highly original and deliberately provocative book...the most interesting book on modern poetry that I have read for many a long year."
Graham Hough, *Cambridge University*

This bold and stimulating exploration of exactly what makes modern poetry "work"—all the rhythmic, phonetic, verbal, and logical devices that make poetry different from prose and give poetry its special power—marshals both theoretical arguments and practical illustrations in demonstrating the interrelationship of "sound" and "sense."

A COMPLETE GUIDE
TO BUSINESS FRENCH IN 3 VOLUMES:

LE FRANÇAIS COMMERCIAL

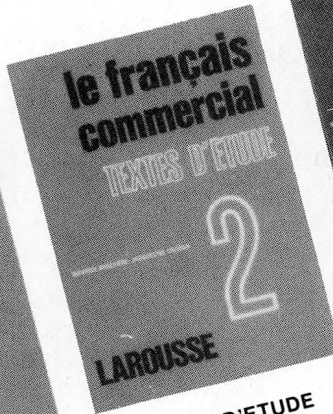

Now, for the first time, Larousse presents in three volumes a manual, a study book and a corrigé—comprehensive guides to the world of business French. Included in each chapter of the manual is the following:

- 1—Facts about business (careers in business, business property, purchase, sale, transportation, banking, etc.).
- 2—"Sujets d'essai" on these topics, accompanied by an outline to be followed.
- 3—Exercises on syntax and composition, designed to reinforce basic grammatical knowledge.
- 4—Studies on different types of business letters.
- 5—Practical advice on the language of correspondence, accompanied by application exercises.
- 6—Subjects for letter writing.
- 7—Review exercises.
- 8—Abundant notes on the precise meaning of terms in current usage.

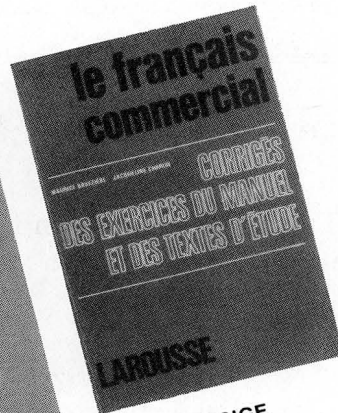

Thus, in **LE FRANÇAIS COMMERCIAL**, the study of technique and language is constantly interwoven.

Newly Revised

The Roots of Modern English

Second Edition

L. M. Myers

Professor Emeritus, Arizona State University

Richard L. Hoffman

Virginia Polytechnic and State University

This is the long-awaited revision of a text widely admired for its intelligence, wit, and lucidity. **THE ROOTS OF MODERN ENGLISH** not only presents facts about the English language but also helps students to read it in its various stages. Both the text and its companion volume contain an unusual amount of Old and Middle English material, accompanied by a wide variety of aids to its understanding. In this new edition, significant changes occur in four chapters: "What is Language?" "The Sounds We Talk With," "Old English," and "English Spreads Out." A new, final chapter on modern linguistic theory was contributed by two noted linguists, Samuel R. Levin and Constantine Kaniklidis of the Graduate School of C.U.N.Y.

American Hunger

Anyone who has read Richard Wright's *Black Boy* knows it to be one of the great American autobiographies. Covering Wright's early life in the South, the book concludes with his departure in 1934 for a new life in the North. Now, more than thirty years after the publication of *Black Boy*, Wright's story is continued with *American Hunger*. A vital, richly anecdotal work, *American Hunger* treats with feeling and often with wry humor Wright's struggle to make his way in the North—in Chicago—as store clerk, dishwasher, and eventually as a writer. He deals movingly with his early days in the Communist Party and with his attempts to keep his integrity in the face of Party demands that he subordinate his artistic goals to their needs. And he recounts with a mixture of pain and irony his break with the Party and the tortured period of ostracism that followed. There is an unsettling and totally frank personal story here, and a lot of raw history as well. "... an enormously moving book..."

An Illustrated Dictionary
of Vital Words / Edward de Bono

'Wordpower is to the mind what horsepower is to the car.' This is a book of 265 special words. Most are in part familiar, some, because of their usefulness, are borrowed from scientific, business and technical fields. All are powerful tools of expression if used precisely. Dr. de Bono defines these concepts in terms of their usage and with the aid of appropriate cartoons and illustrations they become more easily part of the reader's *living* vocabulary.

READING THE THIRTIES: TEXTS AND CONTEXTS

Bernard Bergonzi

\$9.95

"Bergonzi's new study of the literature of the Thirties is the best book on the subject within a decade."
—*Library Journal*

Reading the Thirties discusses the generation of English writers who emerged in the late 1920s and who dominated the thirties: W. H. Auden, Stephen Spender, C. Day Lewis, and Louis MacNiece among poets; Graham Greene, Christopher Isherwood, George Orwell, and Edward Upward among novelists. These writers, brought up in the traditional disciplines of the public school and the ancient university, found themselves encountering, sometimes with fascination, sometimes with distaste, the cultural and technological innovations of mass civilization.

CHILDHOOD AND CULTURAL DESPAIR:

A THEME AND VARIATIONS IN SEVENTEENTH-CENTURY LITERATURE

Leah Sinanoglou Marcus

\$11.95

Dr. Marcus analyzes changing attitudes toward children and childishness from interrelated perspectives: historical, cultural, sociological, and literary. Her main emphasis is on the seventeenth century, which, like our own, was fascinated with childhood. Providing exciting new insights, she centers on the work of six major poets—George Herbert, Robert Herrick, Richard Crashaw, Henry Vaughan, Thomas Traherne, and Andrew Marvell—who, in varying degrees, found childhood to be a symbol for humility, anti-intellectualism, and a lost "golden age" of British history.

TRAGIC REALISM AND MODERN SOCIETY:

STUDIES IN THE SOCIOLOGY OF THE MODERN NOVEL

John Orr

\$14.95

"The great merit of (this book) is that it combines so creatively literary and political approaches . . . Orr has established his claim for tragic realism in the novel as a unique vision of man in the nineteenth and twentieth centuries."—
Harry J. Mooney, Jr.

Drawing on the work of Tolstoy, Dostoevsky, Zola, Conrad, Mann, Hemingway, and others, Orr proposes the literary continuity of tragic realism between 1848 and 1948 as an alternative perspective to that of the "great tradition."

JOHN O'HARA: A DESCRIPTIVE BIBLIOGRAPHY

Matthew J. Bruccoli

\$28.50

This descriptive bibliography of John O'Hara provides the first complete outline of the well-known author's career. In accordance with the Pittsburgh Series in Bibliography style, Dr. Bruccoli illustrates all major volumes with facsimiles of title pages, copyright pages, and dust jackets. Bruccoli is also the author of *The O'Hara Concern: A Biography of John O'Hara*.

MARGARET FULLER: A DESCRIPTIVE BIBLIOGRAPHY

Joel Myerson

\$20.00

Writer, critic, and feminist, Margaret Fuller was one of the most influential personalities of her time. Her *Woman in the Nineteenth Century* was a major American feminist work, going beyond conventional demands and discussing intellectual, economic, political, and sexual aspects of womanhood. Professor Myerson's bibliography of Margaret Fuller is the first book-length descriptive bibliography of a nineteenth-century American woman.

MILTON STUDIES: VOLUME XI THE PRESENCE OF MILTON

B. Rajan, Guest Editor

\$9.95

This volume of *Milton Studies* is a contribution to understanding both the influence of Milton on the writers who followed him and the nature of literary influence itself. The six contributors—Earl Miner, Barbara K. Lewalski, Joseph Wittreich, Jr., Edna Newmeyer, Douglas Bush, and B. Rajan—look at the encounters of individual writers with Milton, and each outlines a different form of relationship, a different response.

MILTON STUDIES: VOLUME XII

James D. Simmonds, Editor

\$14.95

From Christ's horoscope to *Kairos*, to Mr. Secretary Milton, to the biblical lament, to the double structure of both *Paradise Lost* and *Samson Agonistes*, to reinterpretations of Eve's "frailty," the "fortunate fall," and Milton's insistence on free will, liberty under the law—Volume XII of *Milton Studies* reflects the rich diversity of Milton's appeal to contemporary readers.

5 Russian Poems

Exercises in a Theory of Poetry by Daniel Laferriere

"... a very bold *tour de force*."

—Victor Terras

"... the book is very well written and is therefore of interest not only to Slavists and literary theoreticians, but also to wider circles of educated readers. In my opinion the first article is especially brilliant; it is devoted to the famous problem of the relationship between Pushkin's "I recall the marvelous moment" (addressed to Anna Petrovna Kern) and evidence of a much more 'prosaic' attitude of Pushkin the man toward the same woman."

—A. K. Zholkovskiy

NEW FROM

CHICAGO

The University of Chicago Press

Chicago 60637

A major new work by the author of the celebrated classic Virgin Land.

During the 19th century, American literary taste stratified into highbrow and middle-brow—a rift familiar in our own day. This outstanding new volume by renowned critic Henry Nash Smith addresses the adversary relationship between novelists like Melville, Hawthorne, Twain, Howells and Henry James and the newly dominant popular culture. The result is a major reinterpretation of 19th century American literature bound to have the same kind of impact upon readers that *Virgin Land* had a generation ago. \$13.95
